

40 INSPECTORS
OF FERTILIZER
TO ENTER SUIT

Action Will Be Brought
Against Commissioner
Eugene Talmadge in
Oconee Superior Court.

SHORT TERM MEN
DEMAND SALARIES

Suits Follow Recent De-
cision of Judge Uphold-
ing Appeal of Four Long
Timers for Pay.

In line with a recent decision made by the Telfair superior court holding that Eugene Talmadge, commissioner of agriculture, must pay salaries to four long-term fertilizer inspectors discharged by him two years ago when he assumed office, forty suits against the commissioner for salaries will be filed by short-term inspectors and will be heard before the Oconee superior court Thursday, it was announced Monday.

Judge Eschel Graham, of the Telfair superior court, Monday set the cases for hearing. Judge Graham Saturday directed that the commissioner draw warrants for the salaries due the four long-term inspectors.

Commissioner Talmadge stated Monday that he would carry the cases to the supreme court for final settlement.

It was contended by the discharged inspectors that they held commissions under J. J. Brown, who preceded Commissioner Talmadge in office, and that they were entitled to serve until those terms expired.

Commissioner Talmadge did not take this view of the case and summarily discharged the four long-term inspectors and the 40 short-term inspectors. The long-term inspectors brought suit for their salary before Judge Graham and won their case in his court.

SLAIN CHAUFFEUR
REVEALED WEIR
IN SEWER PROBE

New York, February 25.—(AP)—Raymond Clark, a chauffeur, who was shot to death in the Corona section of Queens borough Saturday, was identified today as an important witness who was to have been called in the grand jury's investigation of graft and bribery in the borough.

Brigier, superintendent of the Queens bureau of street cleaning, said Clark had been a chauffeur for a borough official for two years prior to last November, when he was discharged. Brigier did not identify Clark's former employer.

"I do not wish to discuss details of the case, but I believe Clark was murdered," said Brigier.

Police are holding as a material witness in the killing Edward Duffy, of Corona, with whose wife authorities said Clark had been friendly.

While investigation of the killing continued, Brigier and Borough President George U. Harvey, of Queens, studied a report on borough graft which they will present to District Attorney Newcomb. The evidence includes the names of about 30 employees and former employees of the street cleaning department, and of these at least 20 are expected to be indicted, Brigier said.

JOHN D. C. TOWNE,
MILLIONAIRE, KILLS
SELF IN CHICAGO

Chicago, February 25.—(AP)—John D. C. Towne, 47, millionaire inventor, lawyer and financier and a former vice president of the Yellow Cab company, was found dying in the library of his North Shore home today with a bullet wound in the temple and a pistol near his hand. He died on the operating table.

Police and members of his family pronounced his death suicidal, but could not explain his act. They denied that financial troubles had prompted suicide but Mrs. Elsie Vilas Towne, the widow, said he had appeared depressed for some time.

Federal Building HOVERT CALL
\$2,100,000 Fund Farm Session
Passed by House AFTER APRIL 10FRANCHISE NOTICE
TO BE FILED TODAY
BY GAS COMPANY

Formal Application of
New Concern Is To Be
Placed in Hands of City
Clerk Walter Taylor.

Formal application for a franchise to distribute natural gas in Atlanta and to construct main pipe lines and branches in all parts of the city will be filed today with City Clerk Walter C. Taylor by officials of the Southern Natural Gas corporation, it was announced Monday by Judge R. C. Allen, of Tulsa, Okla., general counsel for the company.

This announcement was made after officials of the company had conferred with City Attorney James L. Mayson relative to the formal procedure to be used in seeking a franchise in Atlanta. A conference of the officials was held at the Billmore hotel Monday night which was attended by Reuben Arnold, of the law firm of Arnold and Arnold, which will represent the company in its activities here.

"We expect to have the distributing system completed in Atlanta by October 31 and probably before then if we are successful in obtaining a franchise," Judge Allen said. "We expect to put natural gas in all parts of Atlanta and also in the suburbs and, in fact, to make it available for every citizen and for all industries."

The application for the franchise will be filed today so that five days' notice may be published in newspapers. City council meets next Monday and efforts will be made to have the application considered by that body at that session.

According to the plans of the company, as announced by Judge Allen, the natural gas will be pumped to Atlanta from the gas fields owned by the company at Monroe and Richmond, La. The main pipe line now is completed as far as the Mississippi river and work of laying mains across the river, crossing to Birmingham virtually on an air line. From Birmingham it is planned to build the main line to Atlanta by way of Ragland, Ala., with branches running north to Gadsden, Ala., and Chattanooga, Tennessee.

"Negotiations we have carried on with the Georgia Power company under which we hoped to sell natural gas to that company at wholesale rates for distribution through its system in Atlanta have been suspended," Judge Allen stated. "We now are going to carry out our plans for building a distributing system here which will reach all citizens of Atlanta and all industries. Later we expect to serve Macon, Rome and other Georgia cities with natural gas."

FIGHTS 9 YEARS
TO BEAT 30-DAY
SENTENCE, LOSES

Atlanta, Ga., February 25.—(Special).—After fighting nine years to avoid payment of a \$100 fine in federal court Henry Mattox, of Oglethorpe, is now serving a 30 days' sentence in the Clarke county jail here. He elected to take the jail sentence instead of paying the fine.

Mr. Mattox was indicted before federal prohibition became effective for "removing and concealing whisky" which was a violation of the federal law governing collection of revenue. His case was called in United States district court here in 1921 and he pleaded not guilty. He was fined \$100 or 30 days' imprisonment.

Mr. Mattox fought the sentence all the way to the United States supreme court which upheld United States District Clerk V. C. Hawkins that the sentence was upheld.

It has not been learned here whether negotiations for the purchase of the necessary property for the proposed new building due to the fact that postoffice officials considered exorbitant the price said to have been asked for air rights on a piece of property under consideration. The sale of these rights would have allowed the government to build on a site 350 feet square above the present location of the Central of Georgia freight terminal.

GEORGIA TOWNS
GET MONUMENTS,
BY HOUSE BILL

Washington, February 25.—(AP)—The Tarver bill to provide \$102,500 for the erection of monuments at Dalton, Resaca, Cassville and New Hope church in Georgia which formed battle grounds in the Sherman-Johnston campaign in the civil war was passed today by the house. The measure now goes to the senate.

Amount Needed for Atlanta Structure Is Contained in Second Deficiency Measure.

PROHIBITION FIGHT
MAY CAUSE DELAY

Senator Harris Announces He Will Renew His Demand for \$24,000,000 for Enforcement.

BY GLADSTONE WILLIAMS.
Washington, D. C., February 25.—(Special).—Prospects of a further deadlock on funds contained in the pending deficiency bills, in which the appropriation of \$2,100,000 for the proposed new Atlanta federal building is included, loomed late today when Senator William J. Harris, of Georgia, served formal notice of his intention to again offer his amendment providing an additional \$24,000,000 for federal enforcement activities.

Harris, who has been serving as a committee member on the bill, said he had been rejected by a vote of 239 to 125 an amendment to incorporate the \$24,000,000 in the second deficiency bill, in which the Atlanta fund is incorporated. Passage of the bill in the house today was later effected and it was sent to the senate for final approval, minus the increased prohibition funds. The bill carries appropriations for various government departments and bureaus.

Harris, who has been serving as a committee member on the bill, said he had been rejected by a vote of 239 to 125 an amendment to incorporate the \$24,000,000 in the second deficiency bill, in which the Atlanta fund is incorporated. Passage of the bill in the house today was later effected and it was sent to the senate for final approval, minus the increased prohibition funds. The bill carries appropriations for various government departments and bureaus.

Passage by the house of the bill with the Atlanta appropriation in it had been hailed by leaders in the fight to secure the funds for a new federal building in the Georgia capital as the last step before the bill went to a conference committee from the house and a majority of the republican members of the house would be ready to take stock of the situation and determine as accurately as possible the date on which a tariff revision measure would be ready for the consideration of congress.

The speaker said that although it did not seem as if congress could be convened before April 10, the opening certainly would not be later than April 20.

Further, the speaker said, he and a majority of the republican members of the house would be ready to take stock of the situation and determine as accurately as possible the date on which a tariff revision measure would be ready for the consideration of congress.

"I want the measure to be an amendment to the existing tariff," he said, "and not a new tariff bill." He added that therefore any move for the general increase in industrial schedules would be opposed.

Mr. Donovan arrived in Washington this morning from Santa Fe, where he has been engaged as a member of the Rio Grande commission and had been discussing the Boulder commission. He called immediately on the president-elect and was indicated he would return to New Mexico soon and that he would have further conferences with Mr. Hoover before then.

Mr. Donovan was one of Mr. Hoover's closest campaign counselors and had been discussing the Boulder commission. He called immediately on the president-elect and was indicated he would return to New Mexico soon and that he would have further conferences with Mr. Hoover before then.

With just a week remaining of the present session, indications are that the second deficiency measure will be filed into the same legislative knot that which marked the first. Senator Harris has demonstrated the support he is able to command for his amendment and there is little reason to believe that the chamber will reverse its former expression.

House leaders are still adamant as shown in the latest vote today; which points to the necessity of the whole prohibition enforcement measure being thrown over into the incoming Hoover administration for settlement.

As passed by the house today, the second deficiency carries \$2,727,000 additional for enforcement work, the sum recommended by President Coolidge as a sort of compromise between the demands of the Georgia senator and the opposition to the larger fund as expressed by Secretary of the Treasury Mellon.

\$450,000 IS MADE AVAILABLE AT ONCE.
The item of \$2,100,000 for construction of a new federal building in Atlanta was included in the deficiency appropriation bill which was passed by the house of representatives Monday, according to word received late from Representative L. J. Steele Monday. A total of \$450,000 would be made available at once for the purchase of a site and making a start on construction, if the bill passes congress and is signed by the president.

It had been previously announced in Washington dispatches that there was a delay in selecting the site for the proposed new building due to the fact that postoffice officials considered exorbitant the price said to have been asked for air rights on a piece of property under consideration. The sale of these rights would have allowed the government to build on a site 350 feet square above the present location of the Central of Georgia freight terminal.

Speaker Longworth Tells Next President of Impossibility of Meeting Before That Date.

DISLIKES GENERAL
REVISION IN TARIFF

Only Schedules Directly Affecting Farmers Will Receive Support of House Leader and Hoover.

Washington, February 25.—President-elect Hoover was informed by Speaker Longworth today that in all probability it would not be possible to convene congress in special session before April 10.—The speaker thought, however, that once convened its activities could be restricted to farm relief and to revision of the tariff.

The president-elect also conferred with William J. Donovan, assistant to the attorney general, who returned to Washington from Santa Fe, N. M., especially for the interview. Donovan has been mentioned frequently as a likely selection for secretary of war.

Mr. Longworth said the ways and means committee of the house would hold a meeting Saturday to take stock of the situation and determine as accurately as possible the date on which a tariff revision measure would be ready for the consideration of congress.

The speaker said that although it did not seem as if congress could be convened before April 10, the opening certainly would not be later than April 20.

CHICAGO ELECTION
BRINGS NEW FEAR
OF GANG OUTRAGES

With Recent Massacre Unsolved, City Steels Self for New Reign of Terrorism.

Chicago, February 25.—(United News).—Chicago is going to have an election tomorrow and the usual prospects of terrorism, kidnappings and machine-gun action was promised by word which passed through subterranean channels to police headquarters today.

The "bloody twentieth" ward, in pre-election threats, was bidding for the center of attraction again on the eve of voting for aldermen in the city's 50 wards. This district, with its murder and several beatings and kidnappings, caused the most trouble in the hectic primary last April.

Commissioner of Police William F. Russell announced tonight that officers, armed with shotguns, would patrol every polling place in the city to prevent intimidation of voters or violence to election workers and candidates.

Extra guards will be used in the twentieth, fourth and fifth wards, where threats and complaints have reached headquarters. Alderman A. J. Prignano, who is seeking re-election, was threatened with death unless he withdrew from the race, Albert R. Brunner, head of the Chicago civic commission, told authorities.

His opponent, William V. Pacelli, who is said to have the backing of the Eller organization, appeared at headquarters and denied that he had any connection with the threats. City Collector Morris Eller and his son, Judge Emanuel Eller, leaders of the faction bearing their name, are under indictment in connection with the murder of Octavius C. Granady, candidate for ward committeeman, who was slain in the "bloody twentieth" outbreak last April.

The Eller forces were blamed by Charles Eaton, candidate for alderman in the fifth ward, for threats made by telephone to Eaton workers. Alderman Leonard Grossman, Eaton's opponent, has the support of Mayor Thompson's organization.

Thompson men in the adjoining fourth ward, charged that two workers for B. A. Cronin, nephew of Corporation Counsel Samuel Eitelson, were fired on as they rode in an automobile.

The political strength of Mayor William Hale Thompson, which suffered a severe jolt in the primary to the Denen-Emmerson-Swanson combine, will be put to another test tomorrow. The anti-Thompsones have waged a bitter fight on all the mayor's aldermanic candidates throughout the city and the result will be watched closely by all observers.

The strong police guard that will be needed to prevent a repetition of the bloody scenes in the April primary will be maintained in the city tomorrow. The anti-Thompsones have waged a bitter fight on all the mayor's aldermanic candidates throughout the city and the result will be watched closely by all observers.

Nine men were questioned today following a raid on a suburban roadhouse in which a veritable arsenal of sawed-off shotguns, automatic rifles and revolvers, pistols and shotguns of all descriptions were found.

A detective star and a black leather coat of the type used by motorcycle policemen, were found in the roadhouse. Three of those arrested had been at liberty on bonds on various charges. Another recently had been acquitted of the murder of a policeman.

Police were checking their possible affiliation with gangs suspected in the Moran massacre. The large store of guns and ammunition showed the possibility that the men or their associates had the potential armed strength of the assassins who placed their victims against a brick wall and mowed them down with a hail of lead and steel.

BETSY HAMILTON,
TALENTED WRITER,
IS NEAR DEATH

Mrs. Idora McClellan Moore, better known to thousands of persons as Betsy Hamilton, author of dialect stories and verses, and for many years a writer for The Constitution, is seriously ill at her home in Talladega, Alabama.

Mrs. Moore, who now is in her eighty-sixth year, was taken ill several days ago and doctors Monday night held out little hope for her recovery, according to advice from Talladega.

Betsy Hamilton is remembered by many as the recorder of the doings of the "Hillabee Settlement" as they appeared each Sunday for many years in The Constitution. She wrote contemporaneously with Joel Chandler Harris, Henry W. Grady and Bill Harris. During these years she lived for the greater part of the time in Atlanta and has many friends here who were attracted to her by her personality, as charming as her quaint writings.

Chaplin Is Seriously III
With Attack of Ptomaine

Hollywood, Calif., February 25.—(United News).—Charlie Chaplin, famous screen comedian, was reported seriously ill of ptomaine poisoning at his home here tonight.

As Chaplin prepared to leave for his studio he suffered a dizzy spell and fell to the floor. His personal physician, Dr. Cecil Reynolds, answered an urgent call and ordered the comedian to bed for at least five days.

While Chaplin's illness was believed to have been caused by poisoned food, it was thought possible that he was suffering from appendix trouble.

Officials at the Chaplin studio said that the actor had been bothered by his appendix for a number of years, but had refused advice of several physicians to undergo an operation for its removal.

Dr. Reynolds ordered Chaplin to rest completely during the five days. The physician said that even if the ptomaine trouble did not become more serious he would keep the comedian under observation.

When Chaplin felt the dizziness coming on he asked for a glass of water, then dropped just as he was about to accept.

All work on Chaplin's new picture, "City Nights," has been halted indefinitely and the large company of actors and extras on location was instructed to return to their homes.

100 ARE INJURED
AS SUDDEN GALE
WRECKS HOUSES

Six Chinamen Crushed in Collapse of Store; Three Whites Known To Have Died.

STORM COMES ABOUT
2:30 IN AFTERNOON

Searching Parties Continue Work in Debris; National Guard Ordered Out To Stop Pillaging.

BY THE ASSOCIATED PRESS.
A series of windstorms and tornadoes came out of the southwest yesterday and killed at least 21 persons in Texas, Arkansas and Mississippi. Probably 100 or more were injured.

Apparently unrelated, except that they were characteristic of the disturbances of this season in the southwest, the storms took their heaviest toll at Duncan, Miss., where 15 persons were killed and two score injured. Earlier in the day wind, hail and rainstorms struck northeast Texas, taking two lives at Cooper, Texas, and two more at Grand Prairie.

Next the town of Van, near De Witt in south central Arkansas, felt the blow of a tornado disturbance, and a mother and daughter were killed in their tumbling home.

Still later, about dusk, Duncan felt the heavy hand of the wind, and sustained the worst loss of all, necessitating national guard troops, and outside medical aid.

A tornado that ripped through Duncan this afternoon left at least 15 persons dead, two score injured, some persons fatally and a large section of the town in wreckage. Rescue workers, working by torchlight, searched the debris tonight for more bodies buried in the wreckage. The village was in darkness due to the power lines being blown down.

The known dead: Joe Spencer, Cal Bracey, Annie Mack, 7, Katie Mack, and an unidentified man, all white; Henry Joe, Herman Joe and Joe Fong, Chinese; Boston Scott and Thomas Scott, negroes, and an unidentified negro woman, a Chinese woman and three Chinese children.

The injured included: W. T. Holden, Mrs. Briggs Mack, Mrs. Katie Mack and two Mack children; E. R. Johnson, Mrs. Ed Harris, Mrs. W. H. Nettles, H. C. Cade, J. L. Patton and others.

Duncan has a population of about 450. Six Chinese were killed in the collapse of a store, and of the other victims met death in the collapse of buildings. Two blocks of the business district, about 15 residences and four cotton gins were razed. Only four or five business houses were left standing.

Only three white persons were known to have been among the dead. An accurate check of the victims was continued on Page 2, Column 3.

Beauty is marred when gums break down

Daily care may safeguard beauty and youth from such dread diseases as Pyorrhea, Gingivitis and Trench Mouth—diseases that attack under-nourished, under-exercised gums—diseases that only expert dental care can thwart when once contracted.

So avail yourself of the skill of modern dentistry. Brush teeth and gums every morning and night, with the dentifrice designed to help keep gums firm and sound, so protecting

them from disease. This dentifrice is Forhan's for the Gums.

Nobody's immune from the attack of dread gum diseases. As a preventive measure, see your dentist at least twice a year and start using Forhan's daily. When you use Forhan's, notice how much better gums look and feel; and the way it cleans teeth and helps to protect them from acids which cause decay will delight you. Get a tube from your druggist—today.

Forhan's for the gums

21 DIE IN STORM IN THREE STATES

Continued from First Page.

not possible because some of them were removed to near-by towns. The storm came about 2:30 o'clock this afternoon. L. D. Walker said he saw it coming and just barely was able to get into a house before it struck.

Searching parties continued tonight to search the debris for other victims. At Alligator, Miss., six miles north of Duncan, Mrs. N. P. Oswalt and baby and Mrs. Rollins, Oswalt and two children were injured in the collapse of their home. No other damage was reported from that vicinity.

Cuts All Lines.

The storm disrupted communication lines into Duncan for a time, and calls for help were sent from Alligator. Physicians and ambulances from surrounding towns responded to the summons.

National guardsmen from Clarksdale were ordered by Governor Bilbo tonight to proceed immediately to Duncan, and it was announced that other detachments would be called if there was found need.

Work of searching the wreckage had to be carried on in darkness due to the power lines having been put out of commission. Emergency hospitals were set up in two vacant store buildings for first aid treatment. The seriously injured then were taken to hospitals in Clarksdale and Gretna.

FOUR ARE KILLED IN TEXAS BLOW

Dallas, Texas, February 25.—(United News.)—Two tornadoes unwrapped their fury early today as they skirted across northeastern Texas, leaving behind them four dead, at least nine injured and a property loss of a quarter million dollars.

The storm apparently started in a low pressure area between Dallas and Fort Worth and moved in a northeasterly direction towards Cooper, which is about 75 miles from Grand Prairie, the first town which was struck. At Cooper the storm dissipated its force.

Two negroes, Alfred Gibson and his wife, were killed at Grand Prairie as a tree crashed into their home when they sought refuge from the storm. Gibson died instantly. His wife died en route to a Dallas hospital.

The storm then dropped on the outskirts of Cooper where it took the lives of N. F. Jones and his wife. Five others in Cooper were injured as 25 dwellings were laid low by the terrific wind which ripped a 200-foot path through the town. The damage there amounted to \$50,000, according to estimates tonight.

Four persons were injured at Grand Prairie where the Gibson family was killed. A dozen houses were demolished there.

The injured are: John B. Trigg, 80; Mrs. John Trigg, 54; Miss Leona Trigg, 19, and W. E. Mock, 23. The Premier Oil and Refining company suffered one of the heavy losses. Wind wrecked storage tanks, letting oil escape, and blew down smokestacks.

MOTHER AND CHILD KILLED IN ARKANSAS

Dewitt, Ark., February 25.—(AP)—A mother and daughter were killed and the father seriously injured in a tornado which struck the little community of Van, seven miles east of here about 5 o'clock tonight. Considerable property damage was done and several head of livestock killed.

The dead are: Mrs. C. I. Nicholson and her 15-year-old daughter. Mr. Nicholson was brought to a hospital here in a serious condition.

Seeing the approach of the destructive storm cone, Nicholson, a rice farmer, ran from his work in the fields to warn his family but came

too late. The twister cut off the escape of the women from their two-story frame dwelling and demolished it. The man was struck by the edge of the tornado which traveled in a path 100 feet wide.

None of the other 15 or 20 residents of the community was injured, according to reports, but areas were swept up and houses unroofed. The tornado arose south of this city and followed a northeast path through Van.

EMORY FRESHMEN DEBATORS SUFFER DOUBLE DEFEAT

The Emory university freshman debating team Monday night opened its season by losing both sections of a dual debate to test the Emory junior college of Valdosta.

Debating the negative side of the question, "Resolved, That the United States should have uniform marriage and divorce laws," the visiting team, composed of Trawick Stubbs and Ulmer Crosby, defeated the Emory team made up of Cleburn Gregory and Ed Davidson. The judges, Dr. Philip Davidson, Dr. George P. Hayes, and Miss Emma Mae Laney, all of Agnes Scott college, voted unanimously for the Valdosta team. Dean G. C. White, of Emory, sat as chairman of the debate, which was held at the school auditorium.

Clarence Gregory and David Potter, sent by the Emory freshmen to Valdosta, in this instance the visiting team, defeated the Emory team made up of Peter Brabham and Ward Patton. In this debate the judges were J. F. McCreakin, C. C. Bradley and the Rev. L. R. Scott.

The Emory team debaters next Friday night will debate Birmingham-Southern college at Birmingham, Ala.

MAN KILLS WIFE, THEN SHOTS SELF AT MOBILE, ALA.

Mobile, Ala., February 25.—(AP)—Mrs. Nancy C. Bear, 55, was found dead in bed here today with a bullet wound through her head and her husband, David C. Bear, 60, was found lying unconscious in a courtyard with a bullet wound in the right temple. The county coroner reported that it was a case of murder and suicide.

The couple were said to have formerly resided at Hannibal, Mo.

NEWTON INJURED WHEN STREET CAR STRIKES TAXICAB

Chicago, February 25.—(AP)—Cleveland A. Newton, general counsel for the Mississippi Valley association, was resting easily today following an accident last night in which a street car struck a taxicab as he was riding to a railway station.

Mr. Newton, riding in the cab, suffered several broken ribs and a laceration of his scalp. He was unconscious for several hours.

It was said at the hospital he probably would be confined for a week or ten days.

PHILIPPINE TARIFF COMES UP AGAIN

Continued from First Page.

pine coconut oil, Charles V. Holman, of the National Cooperative Milk Producers federation, declared the United States was the only country in the world permitting free entry from its possessions of manufactured articles and that as a result a virtual monopoly in coconut oil had been set up in the islands.

A five-point proposal involving sweeping changes in the administration of the tariff was presented to the committee at an afternoon session by John K. Edgerton, of Washington, who said it embodied the recommendations of subcommittees of the tariff conference called last November by the National Association of Manufacturers.

The proposal, hearing the indorsement of the association's board of directors, would provide:

That the tariff commission be made by statute non-partisan rather than bi-partisan.

That the number of commissioners be increased and made an odd number, with high salaries to attract those best qualified for the positions.

Given Authority.

That in addition to its investigatory functions, the commission be given broader authority to enable it to interpret the facts which it finds by recommending rate changes to the president, "which he may, however, reject and which will carry such weight to the public and the executive as is measured by the quality of the investigation and the recommendation."

That the power of the executive under the flexible provisions of the tariff act be so enlarged as to enable him to remove articles to or from the free list after preliminary investigation and recommendation by the tariff commission when such action is essential to execute the policy established by congress. The present law limits the change which the president may make to 50 per cent up or down.

That the present formula of adjusting rates on the difference in cost of production in the United States and the competing foreign countries be repealed and a workable standard be substituted.

Edgerton said that changes proposed "express the opinion of the overwhelming majority of American industrial producers whose thought we have canvassed and whose opinion we have interpreted in the ways indicated."

L. R. Mason, appearing for the producers of phosphate rock, asked that the provision barring the importation of convict-made goods be extended to apply to raw as well as manufactured products. He cited a treasury decision holding that raw materials that have not been processed do not come within these restrictions and consequently phosphate rock produced by prison labor in French Morocco could come into American markets and compete with domestic free labor.

ATLANTA AND FULTON SCHOOL MERGER URGED

South Fulton Civic Federation Opposes Fulton-DeKalb Merger at Present.

A resolution indorsing the proposed merger of the city of Atlanta's schools with the Fulton county system was adopted Monday night at the monthly executive meeting of the South Fulton Civic federation at the East Point Woman's club. Another paper passed by the meeting expressed opposition to the DeKalb-Fulton county merger until advantages of the consolidation to the south side of Fulton county are made more apparent.

The city and county school merger resolution was introduced by Ed L. Humphries, of East Point, who said that the Fulton county system is one of the most progressive in the state, and that the East Point and College Park merger with the county system has proved most satisfactory. The resolution recommends the Fulton system as thoroughly progressive and modern.

Prairie County System.

J. A. Northcutt, of College Park, said that the school situation in that town is far more satisfactory under the county system. Mayor Eugene King, of Hapeville, said that he is not in favor of the Atlanta school officials operating the county system, but that he wants the county board to have charge, because there is no politics, fighting nor wrangling in the county system.

With reference to the DeKalb-Ful-

ton merger, J. C. McKenzie, president of the East Point Chamber of Commerce, said that the resolution was not offered in an antagonistic mood, but that the federation merely wanted light on the subject. Mrs. Charles D. Center, of College Park, pointed out that some of the Atlanta school are in DeKalb county.

W. A. Lynn, of Ben Hill, said that his section wants a new school building in place of the "present fire trap." It was announced that the next meeting of the federation on March 25, would be held at the College Park Woman's club.

Following the executive session, an enjoyable entertaining program was presented under the auspices of the East Point Woman's club. Mrs. Fred Couch, the president, being in charge. Mrs. W. F. Upchurch sang and played the piano, and Mrs. W. W. Mitchell gave a reading. Little Miss Gloria Matthews executed some dances.

George C. Longino, College Park banker, who entered the county commission race Monday to succeed Captain George Hope, was introduced by Ed L. Humphries, and made a short talk as the opening gun of his campaign. Mr. Longino pointed out that this is his first try at state or county politics, although he has been in municipal politics, having twice served as mayor of College Park.

Mr. Longino promised to give every section of Fulton county equally fair consideration, and said that he would favor establishment of a budget each year which would confine expenditures to receipts. He spoke in favor of good roads, "proportionately fairly." R. L. Kamsky, Fulton county school supervisor, gave an intimate study of the literature turned out by the great masters, and declared that the most tragic poverty he knows of is that of the person who is not able to read.

though in a civilized country. In the world of education, the pendulum is gradually swinging back to reading as one of the greatest of the fundamentals, Mr. Ramsey said.

TO STUDY PARK

Washington, February 25.—(AP)—The senate bill to authorize the secretary of the interior to investigate the advisability of establishing a national park in the Florida Everglades was passed today by the house. It now goes to the president.

The measure would provide that areas in Dade, Monroe and Collier counties be inspected.

NEGRO PUSHES WOMAN INTO BLAZING FURNACE

Kansas Wife Attacked by Negro; Assailant Arrested; Spirited Away.

Atchison, Kan., February 25.—(P)—A Negro man pushed a woman into a blazing furnace in the basement of her home by a Negro who had assaulted her, Mrs. C. V. Jacobs, 53, wife of a retired baker, was burned probably fatally.

here today before her attacker was frightened away. Louis Glover, 37, the alleged assailant, was arrested an hour and a half later and spirited out of town by officers to forestall possible mob action. Mrs. Jacobs was severely burned about the head and shoulders and nearly suffocated, but was able to make a statement before she collapsed. Little hope was held tonight for her recovery. She told officers that Glover, who had been employed as a handy man about the house, attacked her, dragged her down the cellar steps and forced her head and shoulders through the furnace door. The negro was frightened by the ringing of the doorbell when the woman's husband returned home, and fled.

A clear skin is irresistible

...in fact, popularity depends upon it

That priceless treasure—a clear, flawless, lovely skin—charms, with admiration, the hearts of men.

First impressions cannot be good without a clear skin—first impressions are quickly made and are not soon forgotten. Old friends may excuse pimples and secretly sympathize but new acquaintances may not be so charitable. Skin blemishes are not inviting. Neither can they be covered up. They embarrass. Hold people back. Steal away joy and happiness.

A lovely—clear skin—is within the reach of all. To those who have lost it, hope is offered. You, too, may have a beautiful skin, rose-petal in texture, pretty as a picture and without a single pimple.

SSS is made from fresh vegetable drugs and has a successful record of over 100 years back of it.

Copyright 1929 S.S.S. Co.

The World's Best Blood Medicine

The way to the skin is through the blood. Strong, healthy blood nourishes the body and fights against infection and disease.

All good drug stores sell SSS in two sizes. Ask for the larger size. It is more economical.

"Serving the South for More Than Sixty Years"

HELPING TO BUILD GREATER ATLANTA

In 1865, when the Atlanta and Lowry National bank was chartered, Atlanta citizens began rebuilding the town destroyed by Sherman's army.

Activity in building has never ceased since that year. In 1928 Atlanta's official building permits reached nearly \$28,000,000.

Building, like other enterprises, demands financing on a large scale.

Keeping abreast of civic progress, the Atlanta and Lowry, with the Trust Company of Georgia, has increased its resources as demands have grown. Today their combined invested capital is more than \$12,000,000, the combined resources more than \$70,000,000.

We are equipped to serve the Greater Atlanta of 1929.

DENIAL OF VARE SEAT PROPOSED IN SENATE

Washington, February 25.—(P)—Immediate denial of a seat to Senator-elect Vare, of Pennsylvania, was proposed in the senate today upon the presentation of the investigating committee's report against him. However, it seemed likely tonight that a decision would be deferred until next session, awaiting the recovery from illness of the Pennsylvania.

Senator Norris, republican, Nebraska, offered the resolution to deny Vare his seat on the basis of the investigating committee's report. The Nebraska, however, was detained from the floor by other business during the debate, but he said tonight he had some doubt as to whether he would press the resolution to a vote now on account of Vare's illness. He will announce his decision probably tomorrow at the time the resolution comes before the senate.

Senator Reed, democrat, Missouri, the chairman of the committee, which reported against seating Vare on account of his expenditures in the campaign and because of charges of fraud in his election, told the senate "I never was able to hit a boy when he was down in my youthful combats and I just can't do it now."

Reed, who retired from the senate March 4, said he felt the senate should not act now, but he realized there was the "humane side" to the case, recalling that Vare is stricken and unable to take advantage of the senate's previous offer to him to appear and present his own case.

BUTLER Y. M. C. A. ANNUAL MEETING SET FOR TONIGHT

The Butler Street Y. M. C. A. will have its annual membership meeting at 7 o'clock tonight at the clubhouse. Dr. H. R. Butler, Sr., first president, and Dr. J. R. Porter, first secretary, will make short addresses outlining the foundation and history of the club. The annual financial report will be read by S. S. Abrams, assistant treasurer.

At the conclusion of the business meeting an exhibition of the social department activities will be offered. An exhibition by the junior physical training department also is on the program.

"PHONY" DISEASE TO BE DISCUSSED AT MEETING TODAY

Eugene Talmadge, commissioner of agriculture, said Monday that he had been notified that K. F. Kellerman, representing the United States department of agriculture, would be here today for a conference concerning the program to be followed in efforts toward eradication of the "phony" peach disease.

The national congress a few weeks ago passed a bill appropriating approximately \$100,000 a year for two years to this work. Mr. Talmadge said it will be necessary, in order to secure this federal assistance, for the state to furnish about \$25,000 toward the campaign against the "phony" disease.

AMERICANS HELD IN CUBA CHARGED WITH \$20,000 THEFT

Havana, February 25.—(P)—Three Americans, giving their names as Daniel Farrell, George William and Charles Fowler, are being held by Cuban secret police on charges of being members of a Chicago gang of pickpockets, who is said to have taken more than \$20,000 in banknotes and jewelry from tourists. The men were arrested last night, operatives of the American Express company having aided Cuban detectives.

MRS. ESTHER WILSON GETS PRISON TERM FOR SHOOTING MATE

New York, February 25.—(P)—Mrs. Esther Evans DeForest Wilson, of Washington, D. C., was given an indeterminate penitentiary term of six months to three years today for shooting her husband Dallet H. Wilson, a lawyer, in his office here last March. Mrs. Wilson was convicted of assault in the second degree. Soon after her trial several weeks ago she was committed to Bellevue hospital for observation. Doctors pronounced her sane.

Judge Charles C. Nott, in imposing sentence, said he had taken into account the jury's recommendation for mercy. Mrs. Wilson's husband recovered from the bullet wounds and testified at the trial that he believed the shooting was accidental.

LOCAL POLICE SEEK CAR WHICH STRUCK IRVING BARNETT, 13

Police late Monday night had not determined the identity of the driver whose automobile early Monday morning struck and severely injured Irving Barnett, 13-year-old son of Mr. and Mrs. J. Barnett, of 571 Pryor street, at Martin and Richardson streets. According to police accounts the machine did not stop after striking the boy.

The injured lad was taken to Grady hospital where he was treated for scalp lacerations and bruises about the right arm and hand. The boy is a student at the Hoke Smith Junior High school and was on his way there when he was struck.

OIL COMPANY OPENS CASE AGAINST MACON

Macon, Ga., February 25.—(P)—Expert testimony introduced in United States district court here today in the hearing of a petition brought by the Southern Oil Stores, Inc., of Birmingham, in its effort to nullify an ordinance passed last month by the city council of Macon, indicated that the method of loading and unloading gasoline for the ordinary filling station is more dangerous than the method proposed by the Alabama corporation. The latter proposes to unload from a 20,000 gallon capacity underground tank direct to the consumer.

The expert testimony was offered by G. W. McDougal, engineer, of Erie, Pennsylvania. The hearing is before Judge Bacon S. S. Dean, of the middle district of Georgia. The Southern Oil Stores, Inc., proposes to locate a large distributing plant within two blocks of the main thoroughfare here. Competitive oil companies are making every effort to prohibit the location in Macon principally, it is claimed, because the Birmingham corporation intends to undersell them two cents per gallon. Many witnesses testified today and the hearing has not been completed. It will be continued tomorrow. Included in those testifying today were the fire chiefs from Atlanta, Savannah and Albany. Each said that for safety reasons he would not want a large gasoline tank within the fire limits of his city.

DEFICIENCY BILL GOES TO SENATE SANS PROHIBIT FUND

Washington, February 25.—(P)—The second deficiency bill weathered the prohibition storm in the house today and was sent to the senate with the president's recommendation safely embodied in the \$194,500,000 supply measure.

Immediately after the house by a vote of 229 to 125 placed its mark of approval on the bill, the signal was given that it would face a period of rough weather in the senate similar to that encountered in the house. Senator Harris, democrat, Georgia, served notice that when the measure was taken up in the senate he would offer again the \$24,000,000 prohibition amendment that led to the death in conference of the first deficiency bill. The second measure carried most of the items that were incorporated in that bill.

The \$24,000,000 proposal twice was rejected by the house, once when the amendment was offered on the floor Saturday and again today when that body refused by a roll call vote to send the bill back to the appropriations committee to incorporate the huge amount in the measure.

AMERICANS HELD IN CUBA CHARGED WITH \$20,000 THEFT

Havana, February 25.—(P)—Three Americans, giving their names as Daniel Farrell, George William and Charles Fowler, are being held by Cuban secret police on charges of being members of a Chicago gang of pickpockets, who is said to have taken more than \$20,000 in banknotes and jewelry from tourists. EPISCOPAL BISHOPS CONVENE HERE TODAY

Mission Work of Church in South Will Be Discussed Here.

Approximately 30 bishops from southern dioceses of the Protestant Episcopal church of the United States of America will arrive in Atlanta today to attend a two-day conference on mission work of the church in the south, which will be held at All Saints Parish House, beginning at 9:30 o'clock this morning.

They will be entertained tonight at a banquet at the Elberton hotel, which will be attended by the clergy of Atlanta and members of the vestries of the several parishes. Bishop H. J. Mickel, of the Atlanta diocese, will act as toastmaster. Addresses will be delivered by Dr. John W. Wood, of New York, chairman, department of missions of the national council, Bishop Conductor Maxon, diocese of Tennessee and Bishops Woodcock, diocese of Kentucky, and Capers, diocese of western Texas.

VIADUCT DAMAGE TO BE CONSIDERED BY BRIDGE BODY

Members of the claims committee of city council Monday referred to the bridge committee all those holding claims against the city for alleged damages incident to construction of the Pryor street and Central avenue viaducts. The bridge committee will hold a session at 3:30 o'clock Wednesday afternoon and another meeting at 10 o'clock Thursday morning. Claims of those said to have suffered damages will be heard at the latter session. Other routine matters were considered by the claims committee of which Councilman Robert Cobb, of the ninth ward, is chairman.

C. L. WILLIAMSON TO MADE ADDRESS ON FOREIGN CREDIT

An address by C. L. Williamson, secretary of the Atlanta branch of the National Association of Credit Men, on existing facilities for obtaining foreign credit reports, will feature the meeting of the Atlanta Foreign Trade club at the Chamber of Commerce building at 12:30 o'clock Wednesday afternoon.

It is stated that this session will inaugurate a series of talks on all phases of foreign trade and the planning of an export campaign with the discussion of a series of problems faced by the exporter such as packing for export, shipping, marine insurance and documentation of foreign shipments. Reservations for this meeting and luncheon may be made by calling Walnut 2357 or Walnut 5049.

PAN-AM EMPLOYEES HEAR ADDRESSES BY TRAFFIC HEADS

The Atlanta personnel of the Pan-American Petroleum company, numbering about 80, met Monday afternoon at the central offices in the Hurt building, where their members were addressed by Lieutenant M. A. Hornsby, upon the bettering of traffic conditions. The officers gave brief talks outlining ways in which citizens may aid policemen in improving traf-

fic conditions and cutting down accidents and fatalities.

In addition to the employees, members of the City Salesmen's association and, similar organizations were present as guests of the company.

Unity Center.

Robert Bryan Harrison will address the regular Tuesday meeting of the Unity Center at 3 o'clock this afternoon on "Divine Healing." The meeting will be in "The Open Door," 413 Chamber of Commerce building. The public has been invited.

SERVICE BOARD LOSES MOTOR BUS CONTROL

Supreme Court Ruling Opens Way for Passage of Law by Legislature.

Ruling by the supreme court Monday to the effect that the state public service commission has no jurisdiction over motor bus lines in Georgia will clear the way for the passage of a comprehensive law by the state legislature at its approaching session which will place all motor bus lines under the commission as common carriers and will be extended to include airplanes carrying passengers and freight in intrastate traffic, according to a statement made by James A. Perry, chairman of the commission.

The supreme court reversed a decision of the Fulton superior court in its opinion. The higher court held that only those common carriers named in the act creating the public service commission were under its jurisdiction. Among these carriers are railroads and street car lines, but motor buses are not specifically named. In the lower court M. J. McPerry, Jr., sought an injunction restraining the commission from assuming jurisdiction over the bus lines. The trial court denied the injunction and the case was appealed to the supreme court. That body Monday reversed the lower court and decided the case against the commission.

Had Assumed Jurisdiction. Mr. Perry said the commission heretofore had assumed jurisdiction over the bus lines and that the litigation followed this move. He said the old conditions were not satisfactory and that a new bill covering all phases of common carriers will be presented to the legislature.

Discussing the decision, Chairman Perry said: "I think it is certain that the coming session of the legislature will pass a modern motor bus bill, effectively regulating motor bus transportation on the highways between points within the state of Georgia. As was generally understood at the time the commission sought to perfect rules, regulating both passenger and truck vehicles when operating on the highways, the commission at best had only limited jurisdiction, and was acting under the general law of 1907 regulating common carriers."

Justified in Effort. "The commission felt justified in making this effort due to the well known intolerable condition prevailing in this service over the highways in Georgia. Frankly, it is perhaps just as well, looking to the interest of the general public, that the commission, according to the decision, has been held not to have jurisdiction, which I think beyond question will result in a modern bill requiring a certificate before such service can be rendered in Georgia."

It is also my view that while this legislation is under consideration that the legislature will likely give consideration to regulating transportation of passengers and freight through the air. This subject has already had the attention of the federal congress, some states as well, and since we have a service of this sort on regular schedule now in effect between points in Georgia, it is my opinion that the legislature can well afford to give serious consideration to legislation looking to this new form of common carrier service, which, as everyone recognizes, will increase by leaps and bounds from year to year."

Several hundred prominent residents of Wisconsin, making a good will tour of the south on a special train, will spend several hours in Atlanta Thursday afternoon and night. It is announced Monday by the Atlanta Chamber of Commerce, which is handling the local arrangements for making the stay in Atlanta a success.

The train will carry an elaborate exhibit of Wisconsin dairy products, which the Atlanta public is invited to visit at any time between 4 o'clock and 11 o'clock Thursday afternoon and night. The train will be parked on a convenient track at the Terminal station. A special invitation is extended the children of the Atlanta schools.

Channing Cope has accepted an invitation to act as general chairman of arrangements for the visitors' stay in Atlanta. The Wisconsin party will give a dinner at 6:30 o'clock Thursday night in the ground floor restaurant of the chamber of commerce, to which a number of prominent Atlanta citizens have been invited. A special committee from the chamber of commerce will meet the train and assist the visitors in seeing points of interest in Atlanta.

The second annual Wisconsin good will tour has been arranged under direction of Lee I. Yorkson, secretary of the chamber of commerce of Wisconsin. Twelve days will be spent on the journey through the south. The train left Madison, Wis., Monday and the southern cities visited will be Louisville, Chattanooga, Atlanta, Jacksonville, Savannah, Columbia, Raleigh and Richmond.

Arrangements have been made for a delegation from the party to pay an official visit to Governor L. G. Hardman at the state capital and present him with a number of Wisconsin dairy products. A large supply of Wisconsin peas, pea soup, and cherries, for cherry pie, have been forwarded to the Atlanta Chamber of Commerce to be used in preparing the dinner in Atlanta.

Seniors at Wesleyan Prefer DOCTORS FIRST CHOICE; HOMES ARE DESIRED Husbands and Not Careers

BY MARIE JONES.

Macon, Ga., February 25.—(Special.)—Turning their thoughts from schoolbooks, Wesleyan college seniors during the past week spent a few hours in serious thinking of the future—matrimony.

A general questionnaire was sent to all seniors and it asked what kind of husband they desired, what his profession must be, what his character must be, and in general, give a description of the type desired.

Unlike other girls' colleges, the Wesleyan girls all wanted a husband, did not care to be spinsters. They want a home of their own and they all dream of the "ideal" husband for a "life pal, partner and sweetheart." Not one of the seniors expressed an opinion for a career for themselves, which has been the case of a number of other colleges.

Wesleyan seniors are going to get married and have a home, according to the questionnaires. As to the profession they desire their "hubbies" to have, doctors were most preferred. Business men "of the higher type" were next choice. Several wanted civil engineers, some architects, one a politician, another an ambassador, still others soldiers, and one hoped for a minister.

A great number of seniors were not particular what their future husbands did for a living, as long as he had a home and sufficient money to care for them—and had ambition.

One senior said, "Oh, he can do anything, run a hot dog stand or what not—anything as long as he loves me."

"It matters not, anybody will do for me—but heavens, a traveling salesman—never!" another said.

Above all, these Wesleyan seniors have expressed the consensus of opinion that their husbands must have a keen sense of humor. He must know how to take a joke—but must not be a perpetual tease.

Although nearly all of the girls would rather have a man with a college education, a few were not particular. The latter say their husbands must have a broad outlook on life and be considerate and thoughtful.

Some of the seniors preferred athletes; wanted one who could play ten-

nis, swim, dance, golf and enjoy outdoor life. One girl, however, banned golf.

"If my husband plays golf, I'll divorce him," she declared. "I already have a boy friend who plays and that is enough to last me a lifetime!"

The ideal husband must smoke, preferably a pipe, Wesleyan girls say. But they are divided on whether he should approve women smoking. Others insist he should be broadminded.

Most of them want to go somewhere nearly every night. There are a few, however, who are home-loving. All the seniors agree that their husbands must appreciate music. They want to be companions as well as wives. And as for love, a majority prefer that their husbands have had a previous love affair. They think he will appreciate them more; that he will be more certain that he is in love with them. One senior declares that her husband should never have had a love affair before meeting her. Love affairs with others, however, must cease following their marriages, all insist.

They believe their husbands should

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agents for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

CARSON IS PROMOTED BY A. & C. RAILWAY

Birmingham, Ala., February 25.—(AP)—S. R. Carson, chief clerk to the

general agent of the Atlanta, Birmingham and Coast railroad, at Atlanta, has been appointed general agent for the road in Birmingham. Carson succeeds L. G. Scarborough, resigned.

Reductions Withdrawn After Thursday

With the ending of February comes the ending also of our Semi-annual Clearance Sale, on Suits, Overcoats and Furnishings.

Today (26th), tomorrow (27th), and Thursday (28th), will be the last opportunity you will have to take advantage of the 25% discount now being offered on clothing and furnishings.

The saving thus obtained is especially important and timely for the fact that in both clothing and furnishings you will find much that can be worn during the spring season.

It will pay you well to come in and look these things over before reductions are withdrawn.

"I am strong for
Luckies."

John Gilbert
Celebrated Screen Star

"Motion picture actors are under a great strain—they need the comforting qualities of a good cigarette. That is why most of us smoke Lucky Strike. The marvelous toasted flavor of Luckies brings complete enjoyment and relaxation but does not hurt the throat or wind. I am strong for Luckies—they are the 'stars' of the cigarette picture. I would rather have a Lucky after a meal than rich pastries or desserts."

JOHN GILBERT

The modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skillfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets.

Toasting frees Lucky Strike from impurities. 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

"It's toasted"
No Throat Irritation—No Cough.

Reach for a Lucky instead of a sweet.

Developments Are Expected In School Financial Tangle From Committee Meet Today

Consideration of the financial problem presented by the Atlanta public school system will occupy the attention of a special subcommittee of three members from a composite committee at 3 o'clock this afternoon, and important developments are expected, it was announced Monday.

(Advertisement)

To The White Voters of Fulton County

A vacancy on the Board of County Commissioners having been officially declared because of the death of the lamented Captain George W. Hope, and complying with the request of a large number of friends and citizens from every section of our county, I herewith announce my candidacy to succeed to the unexpired term.

I have been informed that a special election will be held in the near future. I will deeply appreciate the support, influence and vote of the white men and women of Fulton County.

Many important matters are to be solved by the county board. The matter of paramount importance is that of economy, with relation to equalization of taxes and business principles in administration. The county must and should live within its income; not only that, the tax-fixing body should look to a reduction in the tax rate at the proper time, and a conservation of resources with a view to educational cooperation to meet the rapid growth of our county. Good schools supplied with reasonably paid teachers of ability are a necessity.

I am and always have been an advocate of permanently paved streets and roads. However, those streets and roads should be where they meet a public need. A street or road should be a public utility, beginning somewhere and going somewhere, and not constructed for selfish purposes or private gain.

I believe in considerate treatment and fair salaries for those employed in the public's service. I do not believe in the creation of unnecessary jobs, nor will I be a party to such a practice. I have no political ambition other than to render a genuine public service which will permanently identify my name in an honorable way with the constructive development of our county.

Although I live in College Park which is located in the southern end of our county, I shall, if elected, be a county-wide commissioner. My every effort will be directed towards a fair and impartial distribution of the county's facilities and income. My distribution of the county's help in the various municipalities will be governed by the county's ability to help, and the recommendations made by the accredited representatives of those municipalities. Atlanta, Buckhead and Bolton will receive from me the same consideration as College Park, East Point and Hapeville. I will strive at all times to be of assistance to those worthy of assistance who are least able to assist themselves.

I have no political entanglements and no political commitments. I earnestly solicit the vote and influence of the people of Fulton County on the sole ground of my experience, inclination and desire to render faithfully and satisfactorily a human service of constructive development. I have and will devote the necessary time to the duties of County Commissioner from the County at Large.

Respectfully submitted,

GEORGE F. LONGINO.

(Advertisement)

Mayor J. N. Ragsdale, to meet at the mayor's office to study the matter. The problem is one of the most difficult which has faced any committee in the Atlanta city government for a number of years and on its proper solution hangs many future public improvements, especially the contemplated new \$8,000,000 bond issue—it was said.

Findings of the subcommittee are expected to be offered to the composite group consisting of four members from the finance committee of city council, four from the board of education and Mr. Van Houten, at a meeting of the composite group at 3 o'clock on the afternoon of March 5.

Administration officials claim that the schools are getting more than 35 per cent of the revenue of the city and that other departments can not be properly operated and maintained on the remaining funds without providing for necessary civic improvements.

Several proposed solutions of the matter will be up for study at the meeting this afternoon, among them a plan to consolidate the schools of Fulton County and the city of Atlanta; establishment of a school district and empowering the board of education to levy a special school tax; establishment of a metropolitan school district of all educational systems in Fulton and DeKalb counties, to be administered by a special commission.

Jupiter Pluvius Will Hold Sway In City Today

Atlanta's rain resistance, worn to a frazzle by a two-day struggle with threatening clouds, is scheduled to be reduced to practically nothing today, giving Jupiter Pluvius a chance to do his stuff in the most approved manner, according to the school forecast.

"We are getting back to summer conditions now," the forecaster said, "and I think it safe to predict that winter has left us at last. Never in the history of Atlanta have we had any record minimums in the month of March, and all indications at present point to moderate temperature for the remainder of the week."

In substantiation of his belief, he pointed out that the temperature Monday was from 48, the highest minimum of the current month, up to 68, the highest maximum, thereby producing a mean temperature of 58, likewise a record since January 31. This latter mark, incidentally, is a full 11 degrees above the normal mean temperature for February 25. February 8 was the previous record warm day for the month, with a range from 47 to 62. Only one station in the United States and Canada reported a minimum Monday below the zero mark.

The outlook for the week calls for generally fair weather, accompanied by moderate temperatures. Today's temperature range is expected to be from 50 up to approximately 70. Once again, it seems that "spring has come."

GUNMAN, ROBBER, CAUGHT IN CHASE BY FLORIDA POLICE

Fort Lauderdale, Fla., February 25. (AP)—Charles Williams, alleged Tennessee gunman, who confessed, authorities said, that he had stolen 25 automobiles and robbed a number of stores in Jacksonville and other east coast cities, was captured here today after being chased by police through the city.

Williams and two companions fled in an automobile after officers detected them attempting to break into a filling station. Their machine became stuck in the sand at the northern part of the city and police succeeded in capturing Williams. His companions escaped.

The car, bearing a Tennessee license plate and containing a considerable amount of ammunition and clothing, was said by authorities to have been stolen from Memphis.

'LA BELLE' SALE LOST ON DUVEEN STATEMENT

Art Institute Director Tells Jury He Lost Interest in Purchase.

New York, February 25. (AP)—J. C. Nichols, former president and now director of the Kansas City Art Institute, said in a deposition read in supreme court today that the statement of Sir Joseph Duveen that "La Belle Ferroniere," owned by Mrs. Andree Lardoux Hahn, of Kansas City, was not a da Vinci caused him to lose interest in a project to raise money for purchase of the canvas for the institute.

Earlier in the deposition Nichols denied that the Kansas City Art Institute ever had offered Mrs. Hahn \$250,000 for the picture. He declared that in 1920, when the offer was supposed to have been made, the institute did not have assets amounting to more than \$20,000.

The deposition revealed, however, that he had offered to contribute to a fund to buy the Hahn painting if it were proved to be a da Vinci, and that he had been asked other prominent residents of Kansas City to raise the fund for the purchase.

Broke Sale Plan. An important point in Mrs. Hahn's \$500,000 slander of title case against Sir Joseph Duveen has been her contention that, had Sir Joseph not condemned the picture, it would have been purchased by the Kansas City institute for \$250,000.

After Nichols' denial that the institute ever had offered to purchase the painting was read in court, Sir Joseph's attorneys moved that the case be dismissed, but Justice William Harman Black directed them to proceed.

Nichols' deposition was taken Saturday in Kansas City in the presence of attorneys for both sides. While under cross examination by counsel for Mrs. Hahn, he admitted the project to buy the picture and said Sir Joseph's statement caused him to lose interest in the picture.

Jurors nodded sleepily as counsel for Sir Joseph read long depositions from foreign art experts.

As court adjourned, Sir Joseph's attorneys announced they would produce one more "live witness" before they again argued for dismissal.

ROUGH SEAS HALT SAFETY TESTING OF SALVAGED SUB

Aboard U. S. S. Tender Mallard, Off Key West, Fla., February 25. (AP)—Rough seas prevented tests with the diving bell on the salvaged submarine S-4 today. Several attempts were made to carry out the program of safety tests, but a heavy ground swell tossed the bell around like an eggshell and the trials were postponed until tomorrow.

Captain Alberto Lais, Italian naval attaché, at Washington, who was aboard to witness the tests, was shown the principles upon which men have escaped from the submarine by means of a safety lung and escape locks. He expressed himself as enthusiastic over the invention but refused to say whether he would recommend its adoption by the Italian navy. He did not wish to be quoted on anything," the captain said. "I am on my way to Cuba for a short rest and through the courtesy of the naval department was allowed to witness these tests. I am in an official capacity at all times, but I do not think my witnessing the tests should be such an important matter."

The closing session of the council today saw approval by the body of plans for the organization of labor units within the mid-continental oil fields, and the changing of the date of their next meeting from May 28 to May 21. The meeting is to be held in Washington, D. C.

CHICAGOAN HURT IN GERMAN RAIL WRECK IS MOVED

Berlin, February 25. (AP)—Albert Zollner, Chicago business man who was injured in a train collision near Landsberg on February 12, has been transferred to a Berlin sanatorium and is now making steady progress toward recovery.

Both of Mr. Zollner's legs were broken in the collision.

Vanderburg Trial For Multiple Deaths Set for April 15

Charlotte, N. C., February 25. (AP)—Jacob Vanderburg, charged with a multiple murder in which the state alleges his parents, sisters and brother were the victims, will go on trial in a special term of Gaston county superior court to be called April 29. Solicitor John G. Carpenter announced here today.

Mr. Carpenter, here for the current session of Mecklenburg county court, said the docket for the regular term, which convenes in Gastonia April 15, was overloaded. He predicted that the case would require a full week.

The home of J. W. Vanderburg, Gaston county farmer, was burned late in December and in the ruins were found the bodies of five members of the family. Jacob, the lone survivor, was charged with killing them and setting fire to the house.

COURTS RECESSED

March Term of Fulton Superior Opens Monday.

Fulton county civil and criminal courts have recessed this week and will open again on Monday for the March term with Judge Edgar E. Pomeroy and Judge John D. Humphries in the criminal division, Judge Virlyn B. Moore on the motion bench, and Judge G. H. Howard and Judge E. D. Thomas in the civil division.

debt, but will plead self-defense. Correll was shot January 22 when he entered Correll's room to arrest him on a burglary charge.

Both were arraigned today.

GREEN URGES WINTER VACATIONS FOR LABOR

Distribution of Wealth Enables Workers To Take Extra Period of Vacation.

Miami, Fla., February 25. (AP)—A two-week vacation in winter time in addition to the regularly accepted period of vacation in the summer was seen by President William F. Green, of the American Federation of Labor, as being as important as the five-day week for labor.

President Green expressed his opinion at the conclusion of the federal executive council meeting here today.

"The distribution of wealth in the nation is such that workers should be able to take periods of rest and recreation in the winter as well as in the summer," he asserted.

The closing session of the council today saw approval by the body of plans for the organization of labor units within the mid-continental oil fields, and the changing of the date of their next meeting from May 28 to May 21. The meeting is to be held in Washington, D. C.

President Green, as chairman of the council, was instructed to devote considerable study to the proposed injunction relief bill that is to come before congress at an early meeting. The study was advocated by the council as necessary in the view of preparing any necessary amendments which should be incorporated in the bill before it is given the federation's support.

The council pointed out that there is a possibility that the bill may be taken up in the special session of congress after the inauguration of President-elect Hoover, but the consensus of opinion was that the bill would not be considered in the special meeting of the solons.

MINORITY REPORT ON SHOALS BILL FILED BY MORIN

Washington, February 25. (United News.)—A minority report, which charges that the proposed lease of Muscle Shoals to the American Cyanamid company is unwise and fails to protect the interests of the government and the public was filed in the house today by Chairman Morin, of the military affairs committee.

The bill, which would authorize a 50-year lease to the company, was reported favorably by the committee at a recent meeting of which the chairman and other members said they received no advance notice. At the time Morin declared the meeting at which the bill was introduced was illegal.

The bill, according to the minority report, proposes a larger expenditure by the government than the requirements of national defense justify, and creates a government subsidy for a private company which competes with other companies. The proposed lease, the report continues, provides inadequate payment for power and valuable properties.

WIDOW ASKS \$25,000

Knocked Down by Auto, Mrs. Harris Alleges.

Mrs. M. O. Harris, 72, a widow, Monday filed suit in the city court of Atlanta against the Ford Motor company, J. N. Thomas and F. C. Enslow for \$25,000 damages. Mrs. Harris alleges that she was knocked down on the Statham-Athens highway in Bogart, by a car belonging to the company and driven by Thomas. Ensnow accompanied Thomas in the automobile, the petition sets out. Mrs. Harris alleges that as a result of the accident, she received fractures of the right collar bone and of the right leg. Statham and Hopkins filed the petition for Mrs. Harris.

SUPREME COURT CASE WON BY FLORIDA BANK

Banking Department Can Distribute Georgia State Bank Assets, Is Ruling.

The state banking department has authority to take charge of the assets of the Georgia State bank, which failed more than a year ago, and distribute these assets equally among the depositors of the bank and its branches on a pro rata basis, according to a decision handed down Monday by the supreme court in the case of Chancery against the Citizens Bank of Euclid, Fla.

When the bank failed some of the assets of the branch banks were distributed under authority of local boards of trustees among local depositors. This brought about a situation where depositors in one bank would receive dividends of perhaps 60 per cent while others would receive dividends of less or greater sums. Suit was filed in behalf of the Florida bank to require the distribution of the assets through the banking department, the other method of distribution being declared illegal. The sale of the assets constituted a "no sale," according to the contention of the attorneys and the supreme court upheld this contention. About \$250,000 cash is on hand in the parent bank and assets totaling between \$5,000,000 and \$4,000,000 are involved in the distribution.

The Citizens' Bank of Euclid was represented by Heyman, Howell and Holding, Hugh Howell, Dorsey, Shelton & Dorsey and Robert H. Jones, Jr., while the other side was represented by H. E. Coates and Lawson & Ware, of Jacksonville, the test case being made in connection with the failure of the Jacksonville branch of the parent bank.

The Citizens' Bank of Euclid was represented by Heyman, Howell and Holding, Hugh Howell, Dorsey, Shelton & Dorsey and Robert H. Jones, Jr., while the other side was represented by H. E. Coates and Lawson & Ware, of Jacksonville, the test case being made in connection with the failure of the Jacksonville branch of the parent bank.

Atlanta wants double value and gets it in National Ledger Sheets of Hammermill Paper

If there is one thing we have discovered from some years' experience as counsellors on office equipment to leading Atlanta firms it is that Atlanta business men look both at and through everything they buy. That is why we chose National ledger sheets for the requirements of Atlanta businesses. Look at them and you

see ledger sheets scientifically designed and faultlessly printed for the particular accountant. Look through them and you see the watermark of Hammermill, known everywhere as the manufacturer of the ledger paper with the absolutely uniform, firm, white surface that has a regular appetite for figures.

In four sizes and six rulings, ask for No. 7048A, Size 9 1/2 x 11 1/2 per 100 sheets \$1.35, per 1000—\$12.00.

DAVISON-PAXON CO.

Famous old Trinity Church, New York, designed in its present form by Richard Upjohn, grandfather of Hobart Upjohn, present head of the famous architectural firm that bears his name. At right: Hobart Upjohn.

"There is no question that where permanency is the paramount consideration, Copper, Brass and Bronze materials become essential."

Hobart Upjohn

THERE is one way to assure permanent freedom from the trouble and expense that is inevitable when rustable materials are used in home construction. Specify Copper, Brass and Bronze wherever possible! When you build, buy or remodel, follow the advice of the country's greatest architects and insist on these rust-proof materials.

Hobart Upjohn, outstanding American architect says:

"The owner should be vitally interested as a matter of pride in this feature of construction. It is decidedly to his advantage, for Copper, Brass and Bronze are without question an economy in the end."

If you are going to buy, build or remodel, be sure that your home is equipped with Copper leaders, gutters and downspouts, Brass pipe and solid Brass or Bronze hardware and lighting fixtures.

Write our Building Service Department for additional information.

Considering their lifelong service and their absolute protection against rust, Copper, Brass and Bronze are not expensive even in the construction of small homes.

HERBERT FELLHEIMER, SALESMAN, ENDS LIFE

Despondency Over Unemployment Believed To Have Been Cause of Suicide.

Herbert D. Fellheimer, traveling salesman, early Monday morning ended his life in the bathroom of his apartment, at 780 Ponce de Leon avenue, by firing a bullet into his brain, according to police reports. The body was removed to the Sam R. Greenberg company undertaking establishment, where a coroner's jury Monday afternoon returned a verdict of suicide. Despondency over unemployment was thought to have led to the act.

According to Mrs. Fellheimer her husband retired early Sunday night seemingly in fairly good spirits. He arose, she said, about 5:30 o'clock, went immediately into the bathroom and almost instantly she heard the report of the pistol. Rushing into the room she found him lying on the floor with a wound in his temple and a .32-caliber pistol at his side. A doctor was summoned and he ordered the dying man sent to the hospital but he died before reaching Grady hospital in an ambulance.

Mrs. Fellheimer said that her husband had been employed for many years as a traveling representative for a New York rug and drapery firm. About six months ago he left that company and had since been unemployed, she said. She stated, however, that she knew of no pressing financial difficulties. They had lived in Atlanta about 20 years. He is survived only by his widow.

Funeral services will be conducted by Dr. David Marx at 3 o'clock this afternoon at the chapel of the Sam R. Greenberg company. The body will be sent to Richmond, Va., for burial, following the services here.

**SLATE OF OFFICERS
TO BE PRESENTED
TO CIVIC COUNCIL**

The nominating committee will submit selections for office for the coming year at the regular meeting of the Atlanta Civic Council of Women, to be held at 10 o'clock Wednesday morning in the council chamber at the city hall.

Candidates named by the committee will be voted upon at a later meeting. The officers chosen at that time will be the first selected since the recent union of the civic council and the Atlanta Federation of Women's clubs. Reports of the present officers and committees also will be heard at the Wednesday meeting.

Mrs. J. E. Andrews, present president, has announced that following her acceptance of the chairmanship of the law observance committee of the fifth Georgia district of the Federation of Women's clubs she will not stand for reelection. She explained that her new duties would not permit her to again hold the presidency.

**CREDIT EXPANSION
TO BE DISCUSSED
BEFORE LOCAL BODY**

The gradual development of the nation's credit structure and possibilities of the future will be discussed before the Atlanta Association of Credit Men at their meeting tonight by Frank D. Rock, of Denver, president of the national association. The meeting, which will begin at 6:30 o'clock, will be held at the Atlanta Athletic club.

Mr. Rock, credit manager for Armour and company at Denver, is one of the country's best known men in his field. He has been with Armour more than 30 years in various capacities, starting as an accountant in 1895.

Though the meeting tonight primarily is for members of the Atlanta unit of the association, all business men interested in hearing Mr. Rock's address will be privileged to attend. C. J. Williamson, secretary-treasurer of the association, said Monday.

**KILLING OF SHAW
'CLOSED INCIDENT,'
POLICE ANNOUNCE**

Fully accepting the report of Superintendent P. L. Lee, V. L. Lee, who shot and killed Clyde Shaw, alleged bootlegger, Saturday night as the latter was firing wildly into a Houston street garage, the police announced Monday that the Shaw case was a closed incident.

The report of Lee has been approved by Captain Grover Fain and no further investigation would be made, it was said.

The funeral of Shaw will be held at 11 o'clock this morning in the chapel of J. Austin Dillon company. The Rev. W. M. Abbott will officiate. Burial will be in Greenwood cemetery.

**JOHN DAVIS GIVEN
YEAR IN REFORM
SCHOOL IN OHIO**

John Davis was sentenced to a year and a day at the United States industrial reform school at Chillicothe, Ohio, after he had entered a plea of guilty in United States court here Monday to a charge of transporting a stolen car from a point near Anniston, Ala., to Newnan, Ga.

Harve Hooper and Homer Howell drew fines of \$80 each on a charge of possessing property designed to make whisky while G. P. Messer also drew a fine on a prohibition violation charge.

**FRENCH ADDRESSES
TRAFFIC MANAGERS
OF SOUTHERN BELL**

The meeting of the traffic managers of the Southern Bell Telephone company, held at the Biltmore, was featured Monday by an address by M. R. French, traffic results engineer for the American Telephone and Telegraph company, of New York.

The conference is related to traffic matters in the nine southeastern states governed by the Southern Bell Telephone company, operating out of Atlanta. J. C. Thompson, of the local officers is presiding. Traffic superintendents from the nine states are in attendance.

The conference will close with Wednesday's session, which will be devoted to a round table discussion of telephone traffic problems.

**OAKLAND DEALERS
HOLD CONFERENCE
IN ATLANTA TODAY**

The Oakland Motor company will hold a sales conference at the Biltmore hotel today, attended by Oakland dealers and salesmen from all southeastern agencies.

SPRING MILLINERY WEEK AT HIGH'S

High's Expansion Sale

Chic New
**SPRING
COATS**
\$28.00

These coats are fashioned around the human figure—cut and molded to fit... on the shoulders, under the arms, at the collar. No material has been spared where fullness is needed. No extra material is used where added style can be secured through a slenderness of line.

They are alert with the new fashion features of Spring. Some have fur collars, some venture the new cape effect, others fling a graceful scarf over a carefree shoulder. In the new gold-tans, bright and dark blues, green and black. All sizes 14 to 20, 36 to 52.

HIGH'S SECOND FLOOR

Correctly Styled
**SPRING
DRESSES**
\$16.75

Distinctive—yet not too expensive. Sparkling prints, in all colors—some big designs, some little designs, and some that are just in-between—all of them smart, and all of them new.

Solid colors, too, in georgette and flat crepe—in the new putty shade, the excellent bright blues, flame colored and maroons, leaf green, or chartreuse, cocoa and brown.

All the new styles are here—jacket and ensemble effects, lace, scarf, bow trimming, pleats, and flares... A complete choice. All sizes 14 to 20, 36 to 52. And all of them only \$16.75 each. HIGH'S SECOND FLOOR

CUP-FORM

FISHER BODY STYLE AND VALUE STANDARD OF THE WORLD

Additional Value

no other car can give

Fisher Body gives General Motors cars additional value no other cars *can* give. No other cars can put this several hundred dollars worth of additional value into their bodies because no one else has Fisher advantages or Fisher resources.

Everyone can measure this greater dollars and cents value in a minute because they can see it with their own eyes. The advantages Fisher has over others are shown in finer finish

than the others can afford—finer hardware and interior fitments than they can afford—finer upholstery than they can afford—finer and stancher structural work than they can afford. Because they have not Fisher advantages and resources, others have to skimp on the inside and the outside of their bodies in order to hold down the price.

Fisher holds down the price and pushes the quality up beyond anything others can afford because General Motors gives

it the volume and the never-ending economies which enable Fisher to continuously increase value while holding down price.

Whether you are chiefly interested in only two or three body features, or in body quality as a whole, you should by all means compare the Fisher Body car in the price field in which you are interested, with any or every other car in that field. Only then can you base your decision upon intimate knowledge of the facts.

Borah, Dry Idol Offered Office by Hoover To Avoid Mellon Appointment Fight

President-Elect Figured Naming of Senator Would Offset Objection to Treasury Head.

BY BASIL MANLY.
Washington, February 25.—Back of the offer of the attorney generalship to Senator William E. Borah and the conflicting reports regarding the appointment of Colonel William E. Donovan to a cabinet position is an interesting story of the attempt of President-elect Hoover to meet the demands of the organized dry forces and avoid an attack on the reappointment of Secretary Mellon to the treasury department, it was learned today. When it first became clear that Mr.

NORTH SIDE MAN SAYS NEW HEALTH IS DUE TO SARGON

All Other Medicines and Treatments Failed to Help Lloyd During His Ten Years Suffering.

"Sargon and Sargon Soft Mass Pills gave me relief after I had suffered for ten years, and after all other medicines I tried failed."
"My work requires a lot of activity."

J. H. LLOYD.

during work hours, and there were many days when I would be so weak, nervous and generally run-down, and when I had such a little energy that it was a hard fight to keep going. And it looked like the days would never come to an end.

"I had very little appetite, and nearly everything I ate disagreed with me. My food would ferment instead of digesting, and after meals I suffered so with gas and pains in my stomach that I was actually afraid to eat, and I guess I have taken a barrel of soda in the past ten years, trying to relieve this fermentation."

"I was nearly always constipated, and was continually taking some kind of purgative, but got no lasting relief, as these things only seemed to make my condition worse, in the long run."

"Then, I kept reading in the Atlanta papers, what other people were saying about the Sargon treatment, and I decided to try it. And I could tell it was helping me after the first few doses. My appetite returned almost immediately. I commenced to eat and enjoy my food, and the best part of it was, nothing I ate disagreed with me. Now, I don't know what it is to have pains and gas in my stomach. My strength came right back with my appetite, and I am about my work with a vim and energy I have not known in years. Sargon is just wonderful in building up bodily vigor—giving you new strength, and making you feel stronger in every way."

"Sargon Soft Mass Pills overcame my constipation, and they didn't gripe or nauseate in the least. They stimulated my liver, and regulated me perfectly. I didn't believe any medicine could do as much for me in such a short time, as the Sargon treatment has done."

The above statement was recently made to the special Sargon representative at Jacob's main store, 6 and S Marietta street, by J. H. Lloyd, of 212 Sylvan drive, Brookhaven, thriving Atlanta suburb. Mr. Lloyd has been car inspector for the Georgia railroad for 17 years, and is held in high esteem by a large circle of friends.

The Sargon representative is at Jacob's main store, 6 and S Marietta street, where he is meeting the public and explaining the merits of the medicine. Sargon and Sargon Soft Mass Pills may also be obtained at the other Jacob's stores all over Atlanta.—(adv.)

MRS. IRA BYRD'S TRIAL OPENS AT BLACKSHEAR

Widow of Slain Farmer Fights for Life; Jury Selected for Murder Case.

Blackshear, Ga., February 25.—(AP) Mrs. Agnes Byrd was called to trial here this afternoon for the murder of her husband, Ira Byrd, Pierce county farmer, who was hanged and beaten to death last August, and selection of the jury was completed before court recessed for the night.

To include the testimony of Odell Wiley, negro farm hand and the state's principal reliance, and a letter alleged to have been written by Mrs. Byrd to a voodoo doctor of Lakeland, Fla., naming the five defendants as Byrd's slayers, will begin tomorrow morning.

F. P. Brandon, one of the other four defendants in the case, last week was sentenced to serve a life term for the slaying.

The remaining three defendants, Dan Tyre, uncle of Mrs. Byrd, Levy Smith and Lawton Dixon, will have to be tried in change of venue, since the whole jury list of this county has been exhausted in selection of juries to try Brandon and Mrs. Byrd. About 60 per cent of the talesmen examined were discharged on account of relationship to one or another of the defendants.

Brandon in last week's trial sought to establish an alibi. Mrs. Byrd has admitted she was at the farm the night of August 25 when Byrd was slain, but testified he left the place with a considerable sum of money in his possession, to pay a bill, advancing the theory of murder by highwaymen. She is expected to base her defense on the same story.

The negro, Wiley, testified in Brandon's trial that he was given \$10 to hitch up a mule and help load Byrd's body into a wagon to be hauled away into the swamp, where it was found four days later. He said he saw Brandon take an ax around the corner of the house to where Byrd lay asleep, and heard the farmer groan after the sound of blows. A former boarder in the Byrd home, Beason Hodge, testified Mrs. Byrd had offered Brandon \$400 to "get rid" of her husband.

The "voodoo letter," introduced in the Brandon trial, said Byrd was killed over "whisky and money," and "mean to me" (the writer).

The jury which will pass on Mrs. Byrd's fate is made up of eight farmers, a barber, a preacher, a sawmill operator and a clerk. They are in the order named: C. B. Brewton, W. C. Davis, A. O. Minchew, G. E. Youmans, C. Q. Williamson, W. M. Cason, Richard Crews, D. V. Cason, Silas Knowlton, J. A. Kimons, C. C. Woodall and Lonnie Smith.

HALDEMAN STOPS OVER IN FLORIDA ON RETURN NORTH

Lakeland, Fla., February 25.—(AP) Captain George Haldean, the air pilot who cut a clean path Saturday from Canada to Cuba, landed here at 4:05 o'clock today from Havana, and half an hour later while the home folk were trying to get up an informal celebration, he was on his way to the golf links.

With his wife, who has flown with him many times before, he will set out tomorrow at 11 o'clock for St. Petersburg. He had been expected there today but the home urge shifted his course to Lakeland.

Haldean smiled when somebody asked him about his holdup at Havana Sunday by customs officers, who demanded a bill of health he should have gotten from the Cuban consul at Windsor, Ontario, before he started for Cuba. But this little matter was soon adjusted and Haldean lighted out.

It was from this city that the flying captain set out more than a year ago with Ruth Elder on the transatlantic hop from New York. The home folk have seen him here since then, but they were entirely unprepared when word came that he had blazed in one day a trail from the frozen lands of Ontario to the tropical beaches of Cuba. Then when he turned around and came right back here to see the folks he took most of them unaware.

ILL. WOLF HUNT ENDS IN DEATH OF TWO ANIMALS

Byron, Ill., February 25.—(AP)—The first hunt for wolves that have preyed on deer in game preserves of Congresswoman-elect Ruth Hanna McCormick resulted in the killing of two wolves and the wounding of two men. Lawrence Landers, Lovespark, Ill., who participated in the hunt, will lose the sight of one eye as the result of a stray shot. Another man was shot in the neck but not seriously wounded. Other attempts will be made, it was announced, to exterminate the wolves.

Hen Sets Record.

Thomasville, Ga., February 25.—(Special).—Comes the news from Monticello, Fla., 20 miles distant neighbor town of Thomasville, of the prize laying hen of the section. James A. McCollins, of that place, reports a Barred Rock hen that has laid 59 eggs in exactly 59 consecutive days. She holds the record in his flock, and far as heard from, in this territory.

Home Is Destroyed.

Culloden, Ga., February 25.—(Special).—The home of J. J. Hargood, Sr., two miles from Culloden was destroyed by fire this morning at 10 o'clock. It was caused by a stove fire. Practically all the household furniture was also destroyed. The loss was partially covered by insurance. The home and contents were valued at about \$6,000.

9 SEATS TO BE FILLED IN CARDINAL COLLEGE

28 Italians and 33 Foreigners Now Constitute Body.

Rome, February 25.—(AP)—Death of Cardinal Vico, aged prefect of the sacred congregation of rites, early this morning leaves the college of cardinals with 28 Italians and 33 foreigners—the greatest discrepancy since the 14th century.

Nine seats are to be filled, and in view of this latest loss to the college there was new talk this morning of a possible secret consistory March 18 to be followed by a public consistory March 21, at which some selections for the vacancies might be made.

It was thought that if new cardinals were named they would not exceed five in number, as custom is to leave about four vacancies for possible creations by a succeeding pope.

There is considerable speculation as to whether Pope Pius will name five Italians to the vacancies or include some non-Italians.

Cardinal Vico's death followed a long illness of influenza. The prelate was born in Aquilana in 1847 and served as papal nuncio to Madrid for several years beginning in 1907. He was created cardinal in 1911.

COLONEL STIMSON IS AT HONGKONG EN ROUTE HOME

Hongkong, February 25.—(AP)—Colonel Henry L. Stimson, governor-general of the Philippines, and Mrs. Stimson arrived here today from Manila en route to the United States where Colonel Stimson is expected to accept a post in the cabinet of Herbert Hoover.

They were guests at government house today. A reception and dinner were on their program for the evening.

ONE NEW INDUSTRY EVERY THREE DAYS, HOPS FOR MONGALLA, PIEMONT RECORD

Charlotte, N. C., February 25.—(AP) An average of one new industry approximately every three days located in cities and towns in the Piedmont section of the Carolinas an industrial survey of the section made public today by the Duke Power company shows.

A total of 117 new industrial plants were listed. An analysis of the survey shows that of the 117 a total of 93 were new industries established by new concerns and 24 were new plants or plant additions built by existing industrial establishments.

There were 27 new hosiery mills reported, many of them using silk. These were centered largely in Burlington, Charlotte and High Point.

Charlotte led with 16 new industries and Burlington was second with 15. Greensboro and Spartanburg had 11 each; High Point and Winston-Salem 9; Greenville 8; Hickory, Salisbury and Mount Airy 6, and Belmont 5.

DR. PAUL F. BROWN REFUSED REVIEW IN FLOODING CASE

Washington, February 25.—(AP)—Dr. Paul F. Brown, of Atlanta, Ga., was refused reviews by the supreme court today in two cases involving the distribution of the assets of W. E. Flooding and company which had a place of business on Peachtree street. The lower federal courts held that the assets amounting to about \$8,000 should be shared by him with the Lane Cotton company, of New Orleans.

O. C. Hancock, attorney for Dr. Brown, explained that the action of the supreme court closes proceedings instituted sometime ago by his client in attacking the sale of W. E. Flooding and company to the Lane Cotton company. Dr. Brown was a stockholder in the former concern and charged that certain fraudulent representations were made at the time of the sale.

VAN LEAR BLACK FRENCH AVIATORS LAND AT RANGOON ON HANOI FLIGHT

Khartoum, Eastern Sudan, February 25.—(AP)—Van Lear Black, Baltimore publisher, took off here today for Mongalla, Sudan, on his flight from Croydon, England, to Capetown, South Africa.

Rangoon, Burma, February 25.—(AP)—Joseph Lebriz and Antoine Paulard, French aviators, who are en route to Hanoi, in French Indo-China, arrived here late today. They planned to leave at dawn tomorrow for Bangkok, Siam.

Airy Schemes—And Heirs

So many wonderful things have been done in this country that it is hard for the enthusiastic or inexperienced not to listen with sympathetic interest to even the most visionary schemes.

The impractical are always with us . . . and so often they need "just a few thousand dollars to make a big thing of it." And later on, they need a few more.

You do not want your property or your loved ones to fall victim to this very human trait. Our Trust Department will be glad to work out with you a definite plan for preventing any such losses. Write or 'phone for an appointment—or call at your convenience.

Coca-Cola Common Stock Dividend Is Placed at \$4; Kelley New Vice-President

Recent Issue of 1,000,000 Shares of Class "A" Stock Will Make Yearly Returns Total \$7.

Setting the dividend rate on the common stock at \$4 annually and election of Eugene Kelley as a vice president featured the meeting Monday of directors and stockholders of the Coca-Cola company. Coca-Cola common stock formerly paid \$6 a share annually. With the recent issue of 1,000,000 shares of class "A" stock, which pays \$3 a year dividends, yearly returns to holders of both stocks have been increased by \$1 a share a year.

The common stock dividend will be paid quarterly, the first payment to be made April 1 to all stockholders of record as of March 12, and thereafter July 1, October 1 and January 1. It is said that dividends on the class "A" stock will be paid semi-annually. The issue of the class "A" stock was decided upon some weeks ago and January 15 set as the date of issue and January 31 as the date of distribution. It is a non-voting stock, is callable at \$52.50 a share and has been quoted on the New York Stock Exchange at approximately \$50 a share since it was listed recently.

At the meeting of the directors for 1928, which preceded the meeting of the stockholders, the annual report was read and approved. At the stockholders' meeting little except routine business was transacted, it was reported. The election of Eugene Kelley as vice president was the only change in personnel. Mr. Kelley, who lives in Atlanta, has been connected with the company since 1924.

The officers of the company are:

W. C. Bradley, chairman of the board of directors; R. W. Woodruff, president; Harrison Jones, executive vice president; W. M. Brownlee, W. P. Heath, Harold Hirsch, H. R. Horsey and Eugene Kelley, vice presidents; S. F. Boykin, secretary and treasurer; W. G. Lamb, assistant secretary and assistant treasurer; J. C. Weekley and A. A. Acklin, assistant secretaries.

MAN WHO SOUGHT REFUND IS JAILED FOR USING PISTOL

His alleged use of a pistol in trying to induce a merchant to refund the purchase price of a dress late Monday afternoon landed Walton Neal, of 44 Bell street, in jail on charges of carrying concealed weapons and pointing a pistol at another.

It developed that Mrs. Neal Monday afternoon purchased a dress from I. F. Gordon, proprietor of a store at 204 Edgewood avenue. Bearing her purchase home she exhibited it to her husband. He didn't approve of it and immediately decided it should be returned.

Arming himself with a large automatic, according to police, he tucked the dress under his arm. Arriving at the store he thrust the dress across the counter, at the same time pushing the pistol in Gordon's face and demanding that the purchase price be refunded, officers were told.

At about this stage of the transaction Call Officers Harper and Carroll, returning to the station from a call, passed the door and took Neal into custody.

Van Buren Hamrick Dies at Arizona Home After Long Illness

Van Buren Hamrick, grandson of the late Professor George C. Looney, of Atlanta, died recently at his home in Whipple, Ariz., after a lingering illness. The body was taken to Starke, Fla., the home of his mother, Mrs. Sara Looney Hamrick, where burial took place.

Mr. Hamrick was a veteran of the World War and a member of the American Legion. He had many friends and relatives in Atlanta as well as in and near Starke. In addition to his mother the following immediate relatives survive him: Four sisters, Mrs. C. W. Deary, of Savannah; Mrs. T. W. Oliver, of Savannah; Mrs. J. C. Ramsey, of Sebring, Fla.; and Mrs. W. F. Swinney, of San Francisco, Calif., and a half brother, A. C. Hamrick, of Jacksonville, Fla.

\$17,776,083 IN TAXES COLLECTED IN STATE

Slate Says Legislation Is Needed To Make Some Laws More Enforceable.

Georgia collected \$17,776,083 in taxes in 1928, according to a report of an audit of the books of the office of Comptroller General William A. Wright filed in the governor's office Monday by Sam J. Slate, state auditor.

From ad valorem taxes the state collected \$5,598,219; from general taxes, including the tax on the Georgia corporation, occupation tax, inheritance tax, the state collected approximately \$2,500,000, and from fuel oil tax, \$1,000,000. The total of \$17,776,083 is the largest amount of taxes collected from all sources was \$3,869,037.

In the report, which fills a large volume of typewritten pages, Mr. Slate gives a complete detailed account of all phases of the state fiscal system.

In his letter of submission he makes important recommendations as follows:

"Legislation is needed to make some of our tax laws more enforceable, both in application and collection. There is needed in the comptroller general's office a bureau of county accounts to have charge of the collection of taxes by county tax collectors, check disbursements to state treasury, insolvent allowances and to follow insolvent filers, until collected, or shown to be null and void. The present practice of allowing delinquent taxpayers to be placed on hands of county officials who are not under bond or accountable to state costs the state at least \$150,000 per year. This result is not chargeable to the comptroller. The law is such that he reports the statements of county commissioners or ordinaries as to the insolvent list allowed.

"It would be of great benefit if the tax collectors were required to submit their null and void list so they could be checked against the digest and would expedite the collections of taxes if tax collectors were made ex-officio deputy sheriffs for the purpose of collecting delinquent taxes. The law is such that he reports the statements of county commissioners or ordinaries as to the insolvent list allowed.

"Both myself and my examiners were extended every courtesy by the comptroller general and his staff. I am sure that the cooperation of the comptroller general and this department and this cooperation tends to the efficient staff of employees in the comptroller general's office."

American Male Will Don Alluring Color Schemes For Spring and Summer

Tailors Gather To Plot Styles To Make Miman Almost Irresistible to Color-Loving Girls.

BY SAM LOVE.

United News Staff Correspondent.

New York, February 25.—(United News.)—The American male will prove almost irresistibly alluring this spring and summer—a double-breasted, high-waisted debonair figure on the boulevards and a riot of pastel shades at the country club. And on the bench—oh, no!

What he will wear was revealed to the world today at the tenth annual styles salon of the New York Custom Cutters' club, whose membership numbers the Poirets and Patous of the gents' furnishing business. Five hundred tailors from all over the country assembled for the event.

Although he is already style-conscious, and the wave of protest that swept the nation, when the National Association of Merchants Tailors decreed that the absolute minimum for the well-dressed gentlemen was 20 suits of clothes, has died to a feeble mutter, the American beau is being led into deeper and deeper waters.

The riot that broke out next to his skin a year ago, in the matter of wearing striped pants instead of white singlets, is spreading. Even Jack Sharkey would not blush now to remove his outer breeches in his dressing room and reveal to his cauliflowered trainers that he had become enamored of a set of cerise-striped underthings. But this affair of color-consciousness, as the experts phrase it, has gone further. The new tailors' lounge robes on exhibit are of a kind of multi-colored silk heretofore thought reserved especially for women's apparel.

The entire showing of one of the largest New York and Paris houses consists of these things in futuristic patterns, generally faced with a solid color silk of edgewise tone and a belt of the same tint.

Pastel Shades.

The tweeds and flannels for the sport wear of mimen (mimen in the sense of milady) have also cast off all restraint in the matter of pastel shades, and animated symphonies in mauves, cantaloupe greens and moonbeam yellows will be observed plugging along toward the nineteenth hole at the better golf clubs this summer. Some of the more dashing will accent the melodious foursomeness with a blazer of extraordinarily wide stripes and large pearl or brass buttons.

But it is at the beaches that the real innovation of the season is due to be unveiled. The tailored bathing ensemble for men, the latest addition to the wardrobe of the gentleman

of leisure, is one of the features of the show.

The bathing ensembles consist of trunks either in vivid stripes or come higher solid colors. And the flannel robes and slippers must match. The jerseys, modest enough in cut, boast the same lure that nature has found so effective in the handsome robin red-breast and pheasant. Their futuristic patterns do not match, but harmonize with the trunks, robes and slippers. The most fashionable shade is known as "sunburned orange." It is a shade that can be described without exaggeration as arresting.

Plumage Quieter.

On the street, alas, the male of the species will be of quieter plumage. As though suffering from a guilty conscience, the authorities have decreed that the prevailing color will be mouse gray, and he must depend upon the good old shoulders and virile carriage to give him distinction. Although the leading cutters assert that there has been "little change" in lines, it is admitted that the snappy waist, fulfilling

its main promise in spreading shoulders, will receive more attention. They deny that this is due to the Jimmy Walker influence, but the mayor's dress spring overcoat—of black vicuña with satin-faced lapels, collar and cuffs—was a prize exhibit at the show. His honor was not inside of it, being in Florida at the moment.

Patrolman Stribling, Cousin of Contender, Thinks Georgian Will Win

Belief that W. L. "Young" Stribling is going to pound the anatomy of Mister Jack Sharkey with much more vigor than a first-year bluecoat pounds his initial "beat," was expressed Monday night by Patrolman J. D. Stribling, of the Atlanta police department, who is a cousin of the Georgia scrapper.

"I can't get off duty long enough to see the southern fistfight classic in Miami," Patrolman Stribling told a Constitution representative, "but I am convinced fully that this Sharkey guy hasn't a chance. The fight really will be too one-sided to be interesting," the officer confided.

During the world war Patrolman Stribling lived in Macon and was engaged in the taxi business with "Pa" Stribling. They operated a fleet of automobiles between Camp Wheeler and Macon.

SCORE OF PERSONS TRAPPED IN BUS THAT CATCHES FIRE

Westerly, R. I., February 25.—(United News.)—More than a score of persons in a New York bound bus were trapped this afternoon when flames suddenly started under one of the seats and quickly spread through the vehicle.

Tonight it was believed one man—a blind man who was among the passengers—had been killed while three others are in such serious condition they may not live.

The blind man has not been seen since the fire started. The confusion attendant to the crowd seeking to escape from the oven-like bus prevented an immediate check-up. It was some minutes before rescuers learned that the blind man had not been seen.

The bus was proceeding at a good rate towards New York, with its seats partly filled, when fire suddenly started under one of the seats. It was believed that perhaps one of the heaters started the flames.

RUSSELL AND ADAMS ARE REFUSED REVIEW

Following receipt of notices here Monday that the United States supreme court had refused a review in the cases of John D. Russell and Lorne R. Adams, former officials of the defunct Bankers Trust company, convicted of using the mails to defraud, attorneys for the defendants stated Monday night that they had taken no steps as yet in regard to a request for a rehearing, a procedure which is allowed under the rules of the supreme court.

It was stated that unless such a new appeal is made, commitment will follow for both men as soon as certain procedure, necessary for the completion of records, had been complied with. The clerk of the circuit court of appeals at New Orleans will have to be notified, following which he will send a mandate to the clerk of the United States district court here. The United States marshal then would be ordered to commit the men to the federal prison here, it was explained.

Both men were convicted on two of the 20 counts contained in the federal indictment, many being recommended in the case of Russell. He was given a two-year sentence and a fine of \$1,000 while Adams drew a five-year sentence and a fine of \$1,000.

They were jointly indicted on February 7, 1927, with W. D. Manley, P. J. Baker and the late J. A. Sasser, charged with writing fraudulent letters in attempting to develop business with Georgia and Florida banks, and all were tried together, with the exception of Manley, who was given a continuance on showing that the state of his health would not permit him to stand trial.

Each was convicted on two of the counts. Bonds were assessed pending hearing of motion for a new trial which was overruled the latter part of April, 1927. The court of appeals upheld this decision, following which Russell and Adams took steps to get their case before the supreme court.

Baker began serving his term on June 9, 1927, and it has been reported here that his application for parole recently was approved and forwarded to Washington for consideration.

Shelverton Funeral Will Be Conducted At Residence Today

Funeral services for Mrs. Mary H. Shelverton, beloved Decatur woman who died Sunday, will be conducted at 10:30 o'clock today at the residence, 645 Sycamore street, by Dr. J. Wiley Quillian. Burial will be in the Decatur cemetery.

Mrs. Shelverton had been a resident of Decatur for 25 years and was active during nearly all the time in the work of the First Methodist church.

She died at the home of her son, J. Howell Green, at the Decatur Bank and Trust company, with whom she had lived for several years.

T. K. MOORE IS DEAD

Funeral services will be held today.

Funeral services for T. K. Moore, veteran employee of the N. C. & St. L. railroad, who died Sunday, will be conducted at 11 o'clock this morning at the West End Baptist church by Dr. M. A. Cooper. Burial will be in West View cemetery.

Mr. Moore, who had been with the N. C. & St. L. road for more than 20 years, died at a local hospital Sunday afternoon after an illness of two days. He was widely known among local railroad men and had many friends. He was a charter member of the Berean class at the West End Baptist church and took an active part in all the church work.

He leaves his widow, the former Miss Ethel Perkin; a son, T. K. Moore, Jr.; three sisters, Mrs. M. H. Buckalew, Mrs. Emma Jennings and Mrs. C. C. Callaway, and a brother, E. L. Moore, of Denver, Col.

Doctor Found Women and Children Sick More Often than Men

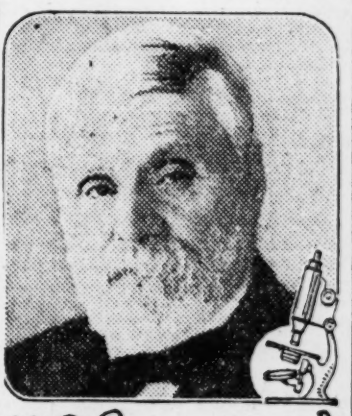

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation.

They were constipated.

In the course of Dr. Caldwell's 47 years' practice, he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of Dr. Caldwell's Syrup Pepsin, and placed it on the market.

The preparation immediately had as greatly a public success as it previously had in Dr. Caldwell's private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it.

There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have many hundreds of letters from grateful people telling us it helped when everything else failed. While women, children and elderly people are especially benefited by Dr.

J. B. Caldwell M.D. AT AGE 83

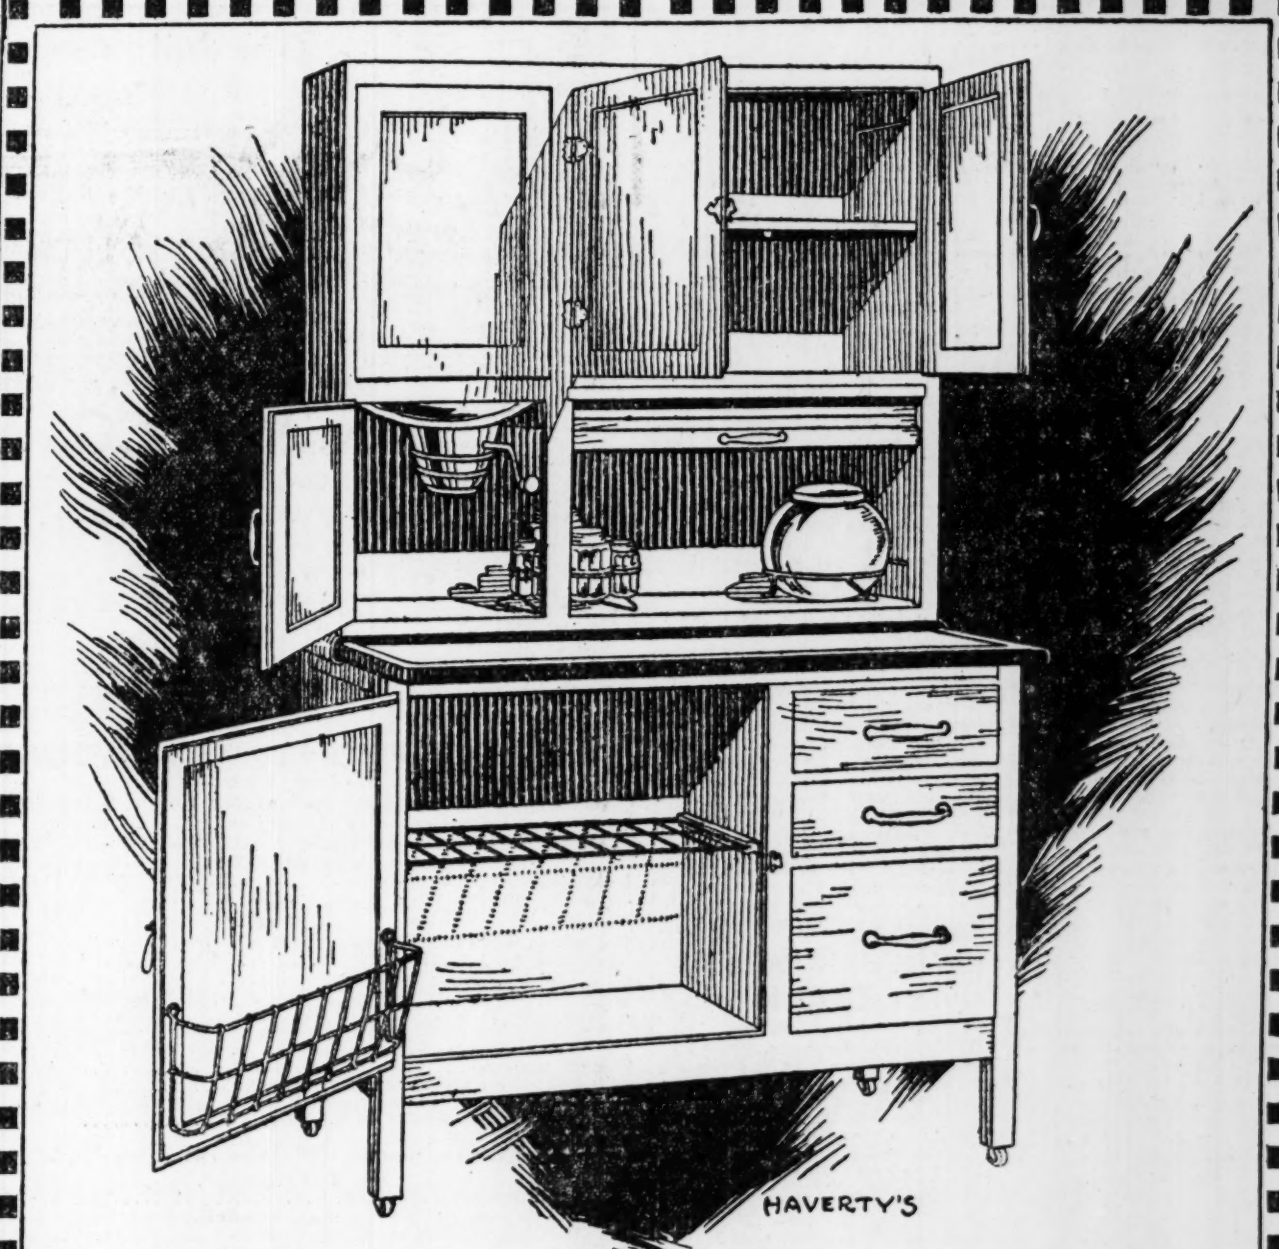

Caldwell's Syrup Pepsin, its mild, gentle action is promptly effective on the most robust constitution and in the most obstinate cases. Containing neither opiates nor narcotics, it is safe for the tiniest baby. Children like it and take it willingly. Every drug store sells Dr. Caldwell's Syrup Pepsin.—(adv.)

30-Car Solid Trainload of Majestic Radios, Described as World's Largest Shipment, Is Received in Atlanta for Distribution in Southern Territory of Grigsby-Grunow

**SINGLE SHIPMENT
VALUE IS \$650,000,
OFFICIALS STATE**

**Civic Leaders of Atlanta
and Majestic Officials
Greet Mighty Consignment Here Monday.**

The size to which America's infant industry, radio, has grown, and Atlanta's commanding position as the distributing center of the south were convincingly demonstrated Monday when a solid 30-car train of Majestic radio receiving sets, comprising what was termed the world's largest single shipment of radio, arrived here from the Grigsby-Grunow company, Chicago manufacturers.

P. W. Peck, southern district manager for Grigsby-Grunow, estimated that the solid train shipment was valued at \$700,000. With officials of the Atlanta Chamber of Commerce and the Junior Chamber of Commerce, Mr. Peck and his Grigsby-Grunow supervisors for the southern states met the train in Inman Yards and inspected its tremendous cargo of Majestic radios. Approximately 4,000 receiving sets at an average of \$175 each were loaded in the 30 cars.

"No such shipment of radio ever was known before," Mr. Peck said. "Certainly no such shipment has ever been known in the south, and it emphasizes the prestige of this part of the country as a field for sales as well for any other phase of commerce. It should bring to the attention of the entire nation the realization that the south is a land of well-distributed wealth and of keen appreciation of art and beauty. The train load represents a three weeks' supply of Majestic radios for the south, and will be distributed from Atlanta to four of our wholesale representatives. These are located at Atlanta, Birmingham, Charlotte and Jacksonville.

Civic Leaders Pleased.

Among the civic officials who greeted the train Monday morning were J. H. Woody, president of the Junior Chamber of Commerce; J. H. Lambert, membership secretary of the Atlanta senior chamber; B. C. Getsinger, in charge of the Atlanta office of the Associated Chicago Chambers of Commerce; Paul Barcroft, a director of the junior chamber; George B. Yancey, secretary of the junior chamber, and others. All expressed gratification at Atlanta's accomplishment in becoming the first city to receive train loads of radio products.

At top is the solid train load shipment of Majestic radios reaching Atlanta Monday. Above, J. J. Davis, sales promotion manager for Majestic.

More prominent Grigsby-Grunow officials. Above, P. W. Peck, southern division manager. Right, Herbert E. Young, general salesmanager.

William H. Brimberry, officials of the Capitol Electric company, local Majestic distributor; H. Nichols, representing the same company, and C. W. Jordan, of the Duffee-Freeman Furniture company, Majestic dealer here.

Above, Duane Wanamaker, advertising and publicity director for Grigsby-Grunow.

Frank Gaskins, southern promotion supervisor, in whose mind originated the big train shipment idea.

Herbert E. Young, general sales manager of Majestic, made it known prior to the shipment that this is not a stunt procedure, but merely the first trainload of a steady stream to go out from now on to all parts of the country.

"The south is a great and a growing field for radio sales, and so great has been the demand for radio sets that to Atlanta falls the honor of being the destination of this first trainload of Majestic receivers," he added.

Story Behind Shipment.

Interwoven with the story of this big trainload of radio receivers is a story of southern pep and push.

When Grigsby-Grunow, which claims the title of the world's largest manufacturer of radio receivers, started out to introduce its receivers to the public approximately a year ago, it needed men of vision and ability who knew what opportunity meant and how to capitalize upon it. Believing in southern grit and energy, the Grigsby-Grunow company put on its executive and sales staff a number of southerners, and not one of these men has severed his connection with the Majestic manufacturing organization. So valuable has been their work that many more southerners have been added to the personnel of the company.

WINTER TIGHTENS HOLD ON EUROPE

London, February 25.—(AP)—Winter tightened its hold on those countries of Europe bordering the Baltic sea over the week-end.

Southeastern Sweden suffered another violent snowstorm and deep drifts were reported from both city and countryside.

The Trelleborg-Sassnitz ferry service was at a complete standstill with the ferries stuck fast in the ice between the Island of Bornholm and the sound. The entire Baltic presented just such an aspect as this small stretch, frozen over with a great number of ships in its icy grasp.

Great Britain's temperature has fallen again under the influence of a wind from the east. Weather bureau warnings of every cold winds with frost have been issued.

There has been some mitigation of the low temperatures in southeastern Europe. A distinct improvement was reported in Greece and from Constantinople, where communications have been restored partially.

ALLEGED GAS COMBINE HEARING POSTPONED

Because city hall ranks will be depleted the latter part of the week due to the attendance of several committeemen at the Stirling-Sharkey engagement at Miami Wednesday, Alderman Robert F. Pennington, chairman of the committee on municipal research and statistics, announced Monday that he would postpone the slated hearing of a resolution referred to the committee and calling for an investigation of an alleged combine in Atlanta to "fix the price of gasoline."

The resolution was offered in city council at its last meeting by Councilman Robert Cobb Jr., of the ninth ward, and among other things called on Attorney General George Napier, of the state of Georgia, to institute a probe and empowered City Attorney James L. Mayson to assist in filing suits if they are found necessary to affect a thorough probe.

Councilman Harry York, of the sixth ward, a member of the committee, and others are to be out of town at 2 o'clock Friday, the time set last Saturday for the meeting, and Mr. Pennington announced the postponement.

Others who will attend the fight from the local government include Councilmen Howard C. McCutcheon, Raleigh Drennon, H. Turner, Loeb and Alderman W. Guy Dobbs.

BISHOP CAPERS TO SPEAK TODAY AT UNION MEETING

The Right Rev. William T. Capers, bishop of the diocese of West Texas, will address the union noon meeting at 12:15 today at the Baptist tabernacle as the second speaker on the second week's program of this evangelistic movement.

Dean de Ories of St. Philip's Cathedral addressed a large and appreciative audience Monday. His theme was "Happiness" and the manner of its attainment.

"It is possible to walk the streets of heaven here and now," he said, and continued to the effect that the things that we have are the things that are good for us and make for real happiness—which is the aim of everyone.

Music was under direction of R. L. Moll, with Mrs. Charles J. Williamson at the piano.

Bishop Mikell, of the diocese of Atlanta, presided and introduced the speaker of the day.

"Mighty Monarch of the AIR" the *New* and *Mightier* *Majestic* ELECTRIC-RADIO

Here in a few words is the story of the latest Majestic achievement: To build a product better, finer and for less money than has ever been asked for the highest quality merchandise before, is no easy task. All this, and more, was accomplished by MAJESTIC Electric Radio in 1928—an achievement that set the world to talking, thinking and buying MAJESTIC. Since last June, when the first MAJESTIC receiver left the factory, over 600,000 MAJESTICS have been produced, and are giving such consistently good performance that this, too, has amazed the world.

To make a product better than those that have gone before was a real achievement—but how to make the best product that could be made for the money **still better**, was a task that might well appear impossible.

Yet MAJESTIC has done it. Under the guiding hand of William C. Grunow, a genius of production, whose foresight, imagination, and ability to weave the finest technical achievements into mass production of radio receivers, has brought him international fame—A new and finer MAJESTIC has been created.

Its performance is astonishing, its beauty outstanding, its price amazing.

When you see and hear these new MAJESTIC receivers, you forget all but quality—quality of performance, quality of appearance that you can really feel. You only know you want to own one of these new models—to have it for your very own—to add breathless beauty to your home and give you matchless performance which puts a new song of happiness in your heart.

Forget all but quality, yet receive your greatest thrill when you learn the price. For MAJESTIC'S newest achievement, the radio with quality you can feel, is within reach of every purse.

WGY WINS DECISION TO KEEP FULL TIME

Popular Station Gets Court
Ruling Against Radio
Commission.

BY MARTIN CODEL.

(Copyright, 1935, by the North American Newspaper Alliance.)
Washington, February 25.—Station WGY, Schenectady, won its decision in the court of appeals of the District of Columbia on its merits as a public service to the radio audience of northern New York and eastern New England. The ruling of the court ordering the federal radio commission to relinquish the General Electric company station for full time operation on its present channel did not, however, answer many moot questions of radio law, as many anticipated it would.

Property, priority and vested rights, great unanswered legal propositions, were not ruled upon directly in this first major litigation since the popular development of broadcasting. The court's order only serves to complicate still further the legal and technical status of radio stations, particularly with respect to the authority of the federal radio commission.

According to L. G. Caldwell, former chief counsel for the commission, who is acting counsel in this case as a special deputy of the attorney general, the court emerges from this case in the light of a "super-commission." It passed judgment on the commission's discretion, he declared, but left out of consideration certain basic elements and limitations in radio.

Decision Surprised.
The unanimous decision of the three appellate judges came as a complete surprise today. It precipitated many critical comments from those determined to uphold the federal control board's authority and an expression of gratification from the office of Frank Hogan, of Washington, of counsel for the appellant station.

Mr. Caldwell, assured of the backing of the three present members of the commission, announced that a rehearing will be sought immediately, and that the case will probably be carried to the United States supreme court for review. Mr. Caldwell also showed considerable concern because the court did not await his final brief

in answer to the WGY brief on the merits of the case. This brief, he said, is now in the hands of the printer and was not due until February 28 under the court's own rules.
In the senate where the bill to extend the life of the commission is caught in the game of the closing days of the session, the court was taken to task by Senator Dill. He criticized the court for its alleged "discourteous treatment" of the commission's counsel, and asserted that "the court was apparently overawed" by the presence of Charles Evans Hughes, as one of counsel for WGY. He was particularly severe on the court for rendering the decision without waiting for the commission's final brief.

Cited in Senate.
The WGY case was cited on the floor of the senate as one of the strongest reasons for continuing the commission and fortifying it with competent and well paid counsel.

The effect of the decision is to retain to WGY full time with 50,000 watts power on the frequency of 730 kilocycles, one of the eight cleared channels assigned under the reallocation of last November to the fifth zone of far western states. Since obtaining an injunction from the same court, WGY has been using this channel simultaneously with KGO, Oakland, Calif., a 10,000-watt station owned by the same company.

The result is that the channel is no longer clear and interference-free for a heterodyne whistle spoils reception on it generally, except for the area around each station. The result also appears to be that another channel must be found for KGO in order to give California its full quota of cleared channels. In other words, the first zone now has nine high-power channels, eight of them cleared, and the fifth zone has eight, only seven of them cleared.

Decision Regarded as Blow.
Because every assignment in radio is relative to what other stations have or may have, the decision is regarded as a blow to the theory of cleared channels and the plan of equalizing facilities among zones and states. It is also seen by the commission's counsel as a precedent and an opening wedge for similar suits by broadcasters dissatisfied with the time divisions that are necessitated when two or more stations of substantial power seek to occupy the same channel.

Many legal technicalities are involved in the case, but the decision is concerned primarily with the public inconvenience that would result if WGY and to sign off after sunset at Oakland, as the allocation demanded. The court did not attempt to go into the broader relative aspects of the radio problem as a whole.

Majestic Supervisors in Sales Session Here

These field supervisors of the Grigsby-Grunow company, manufacturer of Majestic radios, met the solid trainload shipment of this popular product here Monday morning and later were guests of P. W. Peck, southern district manager, at a sales meeting at the Henry Grady hotel. Above, left to right: C. A. Blake, Georgia and east Tennessee supervisor; Ben W. Hawks, Alabama supervisor; H. W. Burwell, Carolina supervisor; Below: E. A. Segrave, Louisiana-Mississippi supervisor; D. Carlton Stephenson, eastern Carolina and Virginia supervisor, and F. A. Scroggs, Florida supervisor.

FOUR TURNED DOWN

Commission Denies Short
Wave Applications.

Washington, February 25.—(AP)—The radio commission today denied the Ford Motor company application for construction permits and commercial licenses for six stations through which it desired to establish communication between its plant at Dearborn and its South American rubber plantations.

The commission also denied commercial licenses to Francis X. Eberle, of Los Angeles, and the Southern Radio corporation, owned by the Standard Oil Company of New Jersey. Eberle had asked for permission to broadcast market reports on a short wavelength. The Southern Radio corporation asked for four construction permits for stations it proposed to erect at Baton Rouge, La.; Houston, Texas; Tulsa, Okla., and Linden, New Jersey.

In addition to the commercial licenses denied the commission denied 59 applications for modification of licenses and construction permits because the applicants failed to indicate a desire to be heard at hearings which the commission notified them would be held.

36 PLANES FLYING IN FLORIDA MEET FORM BIG PARADE

St. Petersburg, Fla., February 25. (AP)—With three dozen airplanes participating, St. Petersburg home folk and winter residents, 25,000 strong, stormed Piper Fuller field today for the annual spring air meet.

The morning was featured by a great aerial parade over the city and the dedication of the new water front landing field, which is used for mail and passengers exclusively.

George Haldeman, who had planned to take part in the meet, was unavoidably detained. He will arrive here early tomorrow with Haldeman for a visit.

One of the features today was a race between two big tri-motored Ford planes, in which one operated by Edward Hamilton, of Air Cruises, Inc., won. Hamilton later stunted the big ship, looping the loop, and doing wing over and other difficult stunts usually tried only with small ships.

Bomb dropping contests, dead stick landings, races and stunting by a group of army planes made up the program.

J. M. HIGH CO.

46 Years of Faithful Service and Value-giving

To the People of Atlanta:

DO YOU WANT CHEAP GAS?

With your co-operation there will be made available to you promptly an ample and dependable supply of natural gas.

Having a heating value of approximately twice that of the artificial gas with which Atlanta is now served.

At a lower cost per 1,000 cubic feet than now paid.

Natural gas can be profitably distributed in Atlanta at prices that will:

Materially reduce your present gas bills.

Provide a fuel cheaper than coal, electricity or any other fuel now available for industrial purposes.

Eliminate the smoke nuisance that is endangering Atlanta's status as "The City Beautiful of the South."

Natural gas will make it possible for Atlanta to keep pace with the remarkable industrial development which has marked the progress of your neighbor State of Alabama and which has been due largely to an abundance of cheap fuel.

Southern Natural Gas Corporation has caused extensive engineering studies to be made by three of the leading firms of engineers of the country, all of which report that there is a tremendous market in the States of Mississippi, Alabama, Tennessee and Georgia for this cheap, dependable and clean fuel.

Southern Natural Gas Corporation has under contracts of purchase a supply of natural gas adequate to serve the domestic and industrial requirements of the communities to be reached by its lines. Long-term contracts have been signed with producers controlling approximately 95 per cent of the natural gas reserves of the Monroe and Richland fields of Northern Louisiana, regarded as the greatest known gas fields in America.

Southern Natural Gas Corporation is neither a dream nor a promotion scheme. It is an established fact. It has secured the services of R. C. Sharp as president, who resigned July 1, 1928, as president of Oklahoma Natural Gas Corporation to undertake the leadership of this corporation. His life's training and experience has been in the field of natural gas. Under his management Oklahoma Natural Gas Corporation, which has been in successful operation for more than twenty years, has become one of the outstanding public utilities of the country and has built for itself an enviable record for efficiency and dependability of service.

Southern Natural Gas Corporation, upon the completion of its initial construction program, involving an expenditure of upwards of \$35,000,000, will comprise one of the largest natural gas systems in the country.

Southern Natural Gas Corporation has signed a contract with New York bankers intimately identified with other important natural gas utilities, for the provision of this money, and no solicitation of bonuses or other contributions will be made of the communities the company proposes to serve. The construction of these facilities will give employment to many hundreds of men in the South and many millions of dollars will be paid to Southern workers in the manufacture of the materials and the construction of its lines.

Approximately three-fourths of all the gas sold in the United States is natural gas, and the quantity sold each year is steadily increasing.

Many progressive, rapidly growing Southern and Southwestern cities depend upon natural gas for industrial fuel and for residential heating, as well as for cooking and the heating of water. Among these are Dallas, Fort Worth, Houston, New Orleans, Shreveport, Kansas City, Oklahoma City and Tulsa.

Awake to the advantages of natural gas, the cities of Denver, Colorado, and Memphis, Tennessee, have recently granted natural gas franchises and are now being served.

Desirous of making available to the citizens and industrial interests of Georgia, including Atlanta, Macon, Rome and Marietta and intermediate points, the benefits of this cheap, smokeless and dependable fuel, we have endeavored for many months without success to enter into a contract with the Georgia Power Company for the wholesaling of natural gas to that company so that it might be distributed through the facilities now owned and employed by the Georgia Power Company in the distribution of artificial gas. We can not and will not wait longer, as the construction of the project is under way.

We have reached the definite decision to apply for a franchise, and if this is granted we expect to begin immediately the building of our distributing system, so that the citizens of Atlanta may have this cheap fuel for use in their homes during the coming winter.

Southern Natural Gas Corporation

Informal Gaieties Provide Entertainment for Social Life

The Lenten days are not conducive to gaiety, but a series of smaller informal parties make up the social calendar, these affairs centering around attractive visitors in the city and recent brides, with several women's organizations combining business with pleasure and planning social meetings for the day. The marriage of Miss Josephine Eichberg to Ludo Van Staveren, Jr., will be an event of importance taking place at high noon at the Standard club on Washington street. Among the prominent visitors who will be honor guests during the day are Colonel and Mrs. L. L. Rice, of Mayland, Tenn., who are spending several days at the Atlanta Biltmore and for whom Miss Ellen Newell entertains this evening at her home on Clifton road. A charming newcomer who is receiving a cordial welcome from social Atlanta is Mrs. Russell Whitman, who has recently arrived from New York to join Mr. Whitman, the newly appointed publisher of The Atlanta Georgian, and for whom Mrs. Hollins Randolph entertains at luncheon today at her home on Peachtree road. Mr. and Mrs. John S. May, whose marriage was a recent event of unusual importance, will be central figures at the buffet supper at which their brother and sister, Mr. and Mrs. Spotswood Grant, entertain this evening at their home on Eighth street.

The Drama League's presentation of Mrs. Roger Wilton in a reading of "The Royal Family" is a highlight among cultural affairs of the day. The party to be given by the colony of New England women, honoring their husbands and the new members, and the Buckeye Woman's club banquet planned for the husbands and families of the members are other events of the day assembling organized women. The members of the Kentucky club, one of the most important organizations in the city, composed of women of prominence, plans its February meeting this afternoon at the home of Mrs. Guy Woodford at 3 o'clock at the hostess, residing at 812 Springdale road, in Druid Hills.

E. Rivers P-T. A. Sponsors Minstrels.

The ways and means committee of the E. Rivers school P-T. A., under the direction of Mrs. Morton Rolfe, will present a minstrel show Friday, March 1, at 8 o'clock in the school auditorium. Sixteen pupils from the Nellie Sullivan School of Dancing will appear in specialty dances. The Griffin School of Music will provide an orchestra of 25 pieces in modern interpretations. An historical act by male members of the association will recall to the parents school days as they were in the little red school house. The difference between the educational activities of today and yesterday. The following well-known men will take part: W. E. Gathright, J. R. Fairman, George Seiple, Milner L. Hattie, Morton Rolfe, Walter Beaumont, Dr. Jno. Smeltzer, Dr. Leonard Baggett, Norman Wright, Geo. Marshmont, will make the fun for the evening.

Mrs. Klein Entertains West End Study Class.

West End study class meets with Mrs. E. M. Klein at the Atlanta Woman's club Wednesday morning, February 27.

Mrs. R. E. Harvey To Honor Circle.

Mrs. Robert E. Harvey will entertain Circle 9 of the Second Baptist church at a St. Patrick's spend-the-day part Monday, March 17, at her home on Argonne drive. This group of women, of which Mrs. Harvey is chairman, will assemble at 10 o'clock in the morning and spend the entire day in the study of a foreign mission book, the title of which will be announced later.

Mrs. Lomax Issues Card To Rebecca Felton U. D. C.

Members of Rebecca Felton chapter U. D. C. are requested by the president, Mrs. Walter E. Lomax, to meet at the chapel of Avery & Lowndes to 2 o'clock to attend the funeral of Mrs. Mary C. Dickenson, chapter member.

Jolly Club Sponsors Dance.

The Jolly club will sponsor a dance Wednesday evening, February 27, at the Atlanta Woman's club, 1150 Peachtree street, from 9 until 12 o'clock.

Geo. W. Adair Pre-School Circle.

The pre-school circle of the Geo. W. Adair P-T. A. meets Wednesday at 3 o'clock at the school. Dr. W. W. Anderson, child specialist, will speak. Mrs. J. C. DeFreese, chairman, urges a good attendance.

Distinguished Georgians Honored in Miami, Fla.

Governor and Mrs. L. G. Hardman were among distinguished guests at the annual masquerade ball of the Bath Club of Miami Beach, Fla., in celebration of George Washington's birthday Thursday evening. The elite of Miami Beach assembled at this brilliant affair. These distinguished Georgians were guests of Mrs. Ralph Worthington, the latter having been before her marriage, Miss Ethel Burdette, of Valdosta, and has been a lifelong friend of Mrs. Hardman, who was formerly Miss Emma Griffin, of Valdosta. Mrs. Worthington entertained at luncheon for Mrs. Hardman at the Bath club last Thursday, at which Mr. and Mrs. Lindsey Hopkins, of Atlanta, were among the guests.

Miss Eichberg Weds Mr. Van Staveren At Noon Today

The marriage of Miss Josephine Eichberg and Ludo Van Staveren, Jr., will be quietly solemnized today at a high noon ceremony at the Standard club on Washington street before a group of relatives and close friends. The bride-elect will be attended by her mother, Mrs. Henry R. Eichberg, and the groom-elect's father, Ludo Van Staveren, will act as best man. Immediately after the ceremony Mr. Van Staveren and his bride will leave for a motor trip. Upon their return they will take possession of an apartment at 2840 Peachtree road. The bride-to-be is the daughter of Mr. and Mrs. Henry R. Eichberg.

The groom-elect is the son of Mr. and Mrs. Ludo Van Staveren, Sr., Mrs. Van Staveren having been formerly Miss Addie Kappan, a descendant of a prominent South Carolina family.

Home for Friendless Board To Meet.

The executive board of the Home for the Friendless meets Thursday morning, February 28, at 10:30 o'clock at the home.

Writers' Club To Honor Authors At Dinner at Athletic Club

Honoring prominent authors attending the Southern Book exposition to be held March 16-23 at the book shop of M. Rich & Brothers company, the Atlanta Writers' club, of which Daniel Whitehead Hickey is president, entertains at an elaborate banquet at 7 o'clock Thursday evening, March 21, at the Atlanta Athletic club. Miss Agnes Kendrick Gray is director of the exposition, which will assemble prominent southern writers. The work of outstanding southern authors and poets will be exploited at this time. Distinguished visitors who will address the club on this occasion are Julia Peterkin, of Fort Motte, S. C., author of "Black April" and "Scarlet Sister Mary;" Roark Bradford, of New Orleans, eminent author; Gertrude Capen Whitney, of Augusta, the author of "John, John, and His Son John;" and Roselle Metcalf Montgomery, of New York, widely known poetess.

Other outstanding writers attending the dinner will be Howard W. Odum, of Chapel Hill, N. C.; Cora Harris, of Ryal; Dr. E. M. Coulter, of the University of Georgia; William Robinson, Jr., of Augusta; John Bennett, of Charleston, S. C.; Josephine Pinkney, of Charleston, S. C., and Beatrice Ravenel, of Charleston.

A special program has been arranged for the dinner by Miss Helen Knox Spain. Cello selections by Enrico Leide, prominent Atlanta musician and director; special costume dances and a vaudeville act will be presented. Other social affairs coincident with the Southern Book exposition are being arranged in honor of the distinguished visitors at this time.

Mrs. Earl Yancey To Honor Class.

Mrs. Earl Yancey will entertain the members of the Young Matrons' class of the Druid Hills Baptist church at a tea from 3 to 5 o'clock this afternoon at her home, No. 1741 Ponce de Leon avenue.

The following officers of the class will assist Mrs. Yancey in entertaining: Mrs. Frank Williams, Mrs. Carey Bone, Mrs. R. E. Adams, Mrs. Pat Hall, Mrs. Jess Wilhoit, Mrs. C. M. Fortson, Mrs. J. F. Settle, Mrs. John Hagan, Mrs. Joe Ray and Mrs. Mae Lain.

Miss Townsend Weds Mr. Hoffman.

Mr. and Mrs. Elias Phillip Townsend announce the marriage of their daughter, Alma, to Roy Edward Hoffman Sunday evening, February 17, in Tampa, Fla.

Women Voters' Membership Drive Ends Friday

"Say it with members" week started Monday in the Atlanta League of Women Voters' membership campaign, which is being conducted during this month, and which will end Thursday at 5 o'clock. At an enthusiastic meeting of campaign workers in the Chandler annex last Friday over 100 memberships were reported as having been secured during the week of February 15-22. Mrs. R. W. Starke, of the twelfth ward, received the prize for the best work of the week, turning in a large number of memberships.

The campaign, under the leadership of Mrs. C. W. Harris, chairman of membership, has been featured by buffet luncheons, served each Friday at league headquarters, and well attended by league members. During the last week of February the drive workers will endeavor to bring the total of memberships for the month to that of 1928, which exceeded 600 enrollments.

G. S. C. W. Alumnae Club Is Entertained.

Mrs. H. O. Burgess entertained the Georgia State College for Women Alumnae club at her home, 398 Sinclair avenue. Mrs. Burgess was assisted in entertaining by Miss Nellie Sheffield, Miss Maude Hilly, Miss Myrleen Merch, Miss Lexie Jenkins, Miss Mary Bethel, and Miss May Taylor. There were several alumnae present.

The president appointed a committee to nominate club officers as follows: Miss Maude Hilly, chairman; Miss Myrleen Merch, Miss Helen Enloe, Miss Nolie Roberts, Mrs. Arthur McGuigan, and Mrs. L. V. Ware. When the business was completed a delightful dinner was served by the hostess.

Mrs. McCutcheon Gives Tea for Recent Bride.

Mrs. Howard Clayton McCutcheon has issued invitations to a reception from 4 to 6 o'clock Wednesday afternoon in honor of Mrs. J. Philip Booth, a recent bride, formerly Miss Martha Elizabeth Anderson. The executive board of Fulton chapter U. D. C. will assist in entertaining and all members of the chapter, of which Mrs. Booth is treasurer, are specially invited guests. About 200 guests have been invited.

The Misses Couch Are Honor Guests.

Mrs. H. J. Couch entertained at a bridge party yesterday afternoon for her daughters, Misses Marie and Adele Couch at her home on Belmont drive. George Washington's birthday was celebrated in the decorations, favors, talismans and prizes. The young girls invited were: Misses Edith Hedgecock, Barbara Langworthy, Sarah Hewlett, Evelyn Summers, Josephine Lippold, Wilhelmina Coolidge, Charlotte Kanner, Catherine Gray, Marion Tillis, Marie Becket, Jean Eisenhart and Amelia LaHatte.

Meet Your Match

on

TUESDAY FASHION DAY AT RICH'S

"Miss Gloves, may I present Miss Bag?"
 "Mrs. Slippers, meet Mrs. Necklace."
 round and round winds the Accessory procession, clapping hands, bowing as graciously as ladies at a tea—yet gravitating inevitably toward their true affinities. Congeniality of color is the unwritten law of the Accessory world—with colors melting together as gently as earth and sky—or by bold contrast striking fire from the flint of their proximity.

Here are some "matches" we have arranged for you!

That Baby You've Longed For

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of terrible suffering and melancholia. Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I will gladly reveal it to any married woman who writes me. Mrs. Burton offers her advice entirely without charge. She has nothing to sell. Letters should be addressed to Mrs. Margaret Burton, 110 Massachusetts, Kansas City, Mo. Correspondence will be strictly confidential."

Child's Coat And Hat Set

Pictorial Pattern 4110

The coat of this attractive little outfit is a double-breasted model. The fronts are turned under to form under-lapels, and may be either closed to the neck or rolled with the notched collar to form revers. The trim of the cunning little hat may be rolled in any becoming manner. This pattern comes in sizes 2, 4 and 6.

Materials that would make up well in this outfit are flannel, kasha, tweed, and novelty woolsens. Rose, soft green, blue, and tan are appropriate shades. Size 6 in this pattern requires 2 yards of 44-inch material for the coat and hat, 1 1/2 yards of 36-inch material for the coat lining, 1/2 yard of lining and 1/2 yard of buckram for the little hat.

This Pictorial Review Pattern with complete instructions for making is 35c. You may order by phone or mail. Address Home Dressmaking Bureau, Davidson-Paxon Co., Atlanta, Ga. For phone orders, call IV 5700.

Elmo Massengale, at 1050 Ponce de Leon avenue.

Mrs. Edgar P. Dunlap has returned to Atlanta from a six-week cruise to the West Indies. Mrs. John Kaine also accompanied Mrs. Dunlap on the trip and stopped in Washington, D. C., to visit relatives, en route to Atlanta.

Mr. and Mrs. Samuel Edward Giudici, of Forest Hills, Long Island, announce the birth of a daughter Monday, February 25, who has been named Ann Cooper, for her mother, formerly Miss Ann Cooper, of Atlanta. The baby is a granddaughter on her maternal side of Mr. and Mrs. James Maxwell Cooper, of Atlanta, while Mr. and Mrs. Samuel Edward Giudici, of Forest Hills, are her paternal grandparents, and she is great-niece of Mrs. Frank Farley, Jr., of Atlanta, on her maternal side of the family.

Mrs. Wilmer Moore and her daughter, Miss Jacqueline Moore, returned Monday from Athens, where they spent the week-end.

Mrs. J. W. Fielder and her daughter, Mrs. Lehman Phelan, are visiting Dr. and Mrs. George L. Cook at their home in Tampa, Fla.

B. R. Tillman, son of the late Senator Benjamin Ryan Tillman, of South Carolina, arrived Sunday to visit his cousin, Miss Ruby L. Hill, at 536 Peachtree street.

Sydney A. Rushin is convalescing at the Wesley Memorial hospital from a recent operation.

Mrs. E. C. Oliver has returned to her home in Statesboro, Ga., after a visit to Misses Hattie and Edith Taylor at 536 Peachtree street.

Mrs. J. E. McKee is spending this week in Florida.

Mrs. Ben Wiley, Miss Virginia Hardin and Mrs. Richard Brooks, of Forsyth, Ga., are enjoying a motor trip through Florida.

Mrs. Norwood Mitchell and son, Otis Mitchell, have returned from a visit to Richmond, Va., and Atlantic City, N. J.

Mr. and Mrs. Richard Trippie and family are spending two weeks in Coral Gables, Fla., as the guest of Colonel and Mrs. T. E. Trippie.

Edmond Brady left yesterday for Augusta, where he will spend several weeks at the Forrest Hills-Ricker hotel.

Mrs. Fred B. Chapman and her little daughter, Elaine, Mrs. William Watkins, with her daughter, Fay, and Frederick Watkins, motored to Augusta and spent the week-end as guests of Mr. and Mrs. Henry D. Gibson.

Miss Gray Poole left Monday evening for Miami, Fla., where she will be an attendant at the wedding of Miss Katharine Stiles to Charles Bowie Nunnally, of Atlanta, which will be an important social event of Thursday morning.

Black, of Macon, Ga., are at the Biltmore hotel.

Mr. and Mrs. A. M. Mayer have recently moved from Rome to Atlanta, and are located at 809 Briarcliff road, in the Druidview apartment. Mrs. Mayer was formerly Miss Maybelle Moses, of Rome.

MIAMIANS GREET SPECIAL TRAIN OF FRIARS' CLUB

Miami, Fla., February 25.—(AP)—Famous entertainers were themselves entertained here today as 102 members of the Friars' club, accompanied by their wives and friends, were welcomed to Miami upon their arrival here on a special train today.

Headed by James J. Corbett, "Bugs" Baer and Jack Dempsey, the delegation of Friars was welcomed to Miami by Mayor E. E. Sewell, who gave Corbett a giant key to the city. The group came here for the Stripling-Sharkey fight, but will present tomorrow night a benefit performance from which the proceeds will go to underprivileged children.

"Before My Baby Came"

"Lydia E. Pinkham's Vegetable Compound puts new life into me and makes my work in the store and in the house easier. I took several bottles before my baby came and am always singing its praises to my friends. I recommend it for girls and women of all ages. It makes me feel like life is worth living, my nerves are better, and I have gained pep and feel well and strong."—Mrs. A. R. Smith, 803 S. Lansing Street, St. Johns, Michigan.

Lydia E. Pinkham's Vegetable Compound

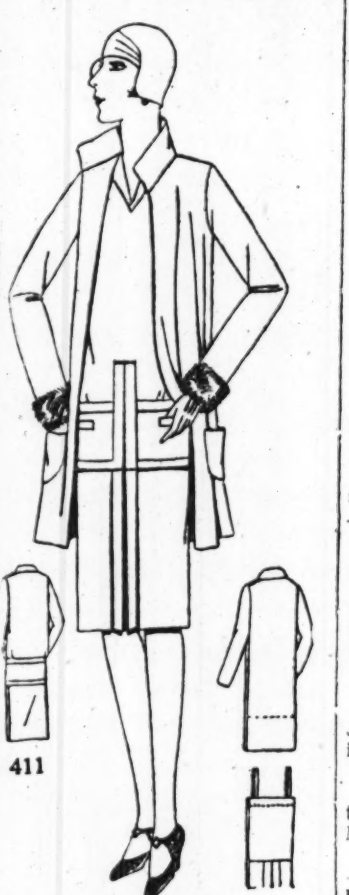

Miss Lamb Weds T. R. Miller In Richmond Feb. 28

Interest centers in the announcement of the forthcoming marriage of Miss Martha Wade Lamb, to Thomas Royall Miller, both of Richmond, Va. Miss Lamb, the daughter of the late John A. Lamb and Mrs. Lamb, the former Miss Nannie Blair and a sister of Mrs. Turner Jones, of Atlanta, has been a frequent visitor here.

The marriage will be solemnized at 11 o'clock Thursday morning, February 28, at the Church of the Good Shepherd in Richmond, in the presence of relatives and intimate friends. Miss Lamb is a member of one of the first families of Virginia. During her visits to her sister and to others in Atlanta the lovely bride-to-be has endeared herself to a charming coterie of friends here as in Richmond, where she is among the most delightfully known of younger belles.

Like his bride-to-be, Mr. Miller is a son of one of Virginia's representative families and popular in exclusive younger social circles of his home city. He is also among the prominent younger lawyers of Richmond.

Stiles by ANETTE Paris—New York.

THE IMPORTANT ENSEMBLE.

The ensemble undoubtedly leads the mode in chic this season, and is equally smart whether made of silk crepe or sheer woolen. You simply must include at least one ensemble in your spring wardrobe. Style No. 411 is sketched in slate blue woolen, one of the most flattering and smartest ideas for all-around wear. In silk crepe, navy blue is an excellent choice with the blouse made of printed silk crepe in beige, blue and orange. Still another idea that you'll like immensely, are the companion prints in silk crepe and georgette which are a little more formal. Make the coat in the longer length seen in small back view of the silk crepe, and the two-piece dress of the georgette crepe that matches perfectly as to pattern and coloring, and you'll have an outfit of French inspiration, whose cost will be a mere trifle. Pattern is designed in sizes 14, 16, 18, 20 years; 26, 28, 30, 32 and 34 inches bust. Price 15c in stamps or coin (coin is preferred).

We suggest that when you send for this pattern you enclose 10 cents additional for a copy of our Spring Fashion Magazine. It's just filled with delightful styles, including smart ensembles, and cute designs for the kiddies.

Address orders for this pattern to Annette Fashion Department, care The Constitution, Atlanta, Ga.

119 YEARS OF AGE, FLORIDA COUNTY'S OLDEST WOMAN DIES

Sanford, Fla., February 25.—(AP)—The age of 119 years appeared on the death certificate of Mrs. Viney Oglesby, of Seminole county's oldest resident, who died today.

Members of the family said, however, they were not sure that Mrs. Oglesby was more than 112 years old, that the record of her birth, kept in a family Bible, was burned long ago. She was born in Charleston, S. C., and had enjoyed excellent health until 10 days ago when she contracted influenza.

At the bedside were the eldest daughter, Mrs. J. C. Hilliard, 85, and the youngest of 11 other children, J. M. Oglesby, 54.

The aged woman's mind remained clear until the last illness. She recalled that she had moved to Florida with her mother and father before the civil war and that they lived in the vicinity of Sanford in 1862, after having lived in Baker and Clay counties.

MORELAND-FAIR CORNER IS RAZED FOR BUSINESS USE

Reasoning of the southeastern corner of Moreland avenue and Fair street so that it may be used for business was approved Monday afternoon by the Atlanta planning commission.

Plans for development of another subdivision adjacent to Morningside, known as the F. P. Smith estate, also were approved.

The commission deferred action on proposed rezoning of the four corners at Highland avenue and Rock Springs road for business purposes when Councilman Raleigh Drennon, of the ninth ward, asked more time to study the proposal.

A petition to erect an apartment house at Polo drive and Nineteenth street was denied.

Center Hill Revival.

A week's revival will begin tonight at the Center Hill Baptist church, it was announced Monday by the pastor, the Rev. W. F. Hinesley. The meetings will be conducted by the pastor. A special choir has been organized for the week. It will be under the direction of Professor Ross Mullins.

Mrs. J. W. Dobbins entertains at luncheon at her home on Clairmont avenue in Decatur, in compliment to Mrs. Charles Stevens, of Boston, Mass., the guest of Mrs. Louis Estes, Sr.

Miss Dorothy Ewing Issues Invitations To Elaborate Tea

Miss Dorothy Ewing has issued invitations to 150 members of the school girl set to a tea at which she will entertain Wednesday, February 27, at the home of her parents, Mr. and Mrs. Morris Ewing, on the North Decatur road, corner of Briarcliff road. Little Miss Ewing will be assisted in receiving her guests by her mother, Mrs. Ewing, and her grandmother, Mrs. J. H. Ewing.

Misses Rena Candler, Maude Thompson, Joan Walker, Rosemary Townley, Margaret Morgan and Helen Ford will form an attractive group pouring tea from an exquisitely appointed table.

Miss Ewing is one of the most popular members of the school girl contingent and will be numbered among the most delightful hostesses of the week.

BEAUTY FASHIONS

A PRACTICAL POPULAR APRON DRESS.

6409. The fronts of this model are reversible, so that the garment may be fastened from left to right or from right to left. A small vestee squares the line of the V neck opening. The pockets are serviceable as well as ornamental. Belt sections holds the fullness of fronts and back at the waistline. Dotted dimity in blue and red is here pictured.

The pattern is cut in 4 sizes: Small, 34-36; Medium, 38-40; Large, 42-44; Extra Large, 46-48 inches bust measure. To make this model for a medium size will require 3 7/8 yards of 36-inch material. To make belt, pockets and vestee of contrasting material will require 1-2 yard. The width of the frock at the lower edge is 2 yards.

INDIAN HEIRESS DECREE REVERSED BY SUPREME COURT

Phoenix, Ariz., February 25.—(AP)—The Arizona supreme court late today handed down a decision reversing a decree which three years ago annulled the marriage of Mandi Lee Mudd, Oklahoma Indian heiress, to Earl E. Gordon.

The decision stated the superior court which granted the annulment in February 1926, had been without jurisdiction because the Indian girl was not a resident of the state for the legal period of one year prior to the filing of her annulment application.

SALE OF LICENSE TAGS IN GEORGIA BRINGS \$3,600,000

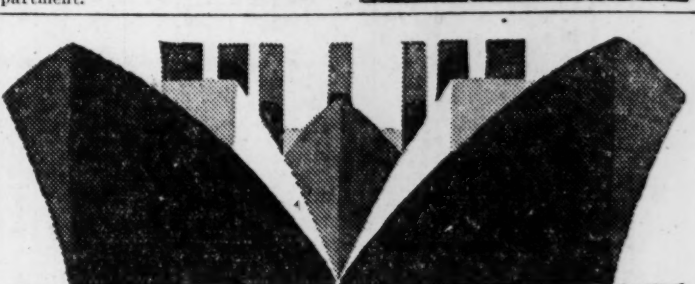

Receipts of the state motor vehicle department from the sale of license tags for the first two months of 1929 will reach \$3,600,000, according to estimates announced Monday morning at the office of George H. Carswell, secretary of state.

In 1927 the total receipts from the sale of license tags was \$3,750,000 and in the first two months of 1929 the sales almost have reached that figure. In 1928 the total amounted to \$4,700,000 and all indications now indicate that this figure will be passed in the next few months by the motor vehicle bureau. The figures announced by Mr. Carswell were compiled by T. S. Mason, clerk in the mail order department.

ROTARY TO MEET TODAY

Weekly Luncheon Will Be Held at Capital City.

The Rotary club will have its weekly luncheon meeting at 12:30 o'clock today at the Capital City club. The club's bulletin discloses the following concerning the gathering today: "Reaction has set in. Nobody knows and nobody cares what program is for Tuesday. We should worry."

MATERIALS AND MEN!

When you see the "France," the "Paris" or the "De France" sailing grandly up the harbor past the Statue of Liberty or being warped into dock at Le Havre... you think in terms of tonnage and of knots per hour... If you're an expert, you can add such things as radio direction-finders, gyro-compasses and gyro-pilots to your estimate... the latest, surest safeguards found at sea... But... in the last analysis... the thing that counts is men! Here are no novices... and none past age... Here are the flower of Brittany and of Provence... They were mere boys when they took service with the French Line on cargo boats, because the calling sea was in their blood since history began... Now they have climbed... those steady, grave-eyed men... from ship to ship till they have reached the top... the three giants that together form the Weekly Express Service between New York, London and Paris... the "De Grasse" and "Rochambeau" for a leisurely cabin crossing... they have the pride of all who have attained... Their honor is the ship's; your safety is their trust.

Now You Can Reduce 2 to 4 Lbs. In a Night

Eat what you please Wear what you please Do what you please Take no risky medicine

Thousands of smart women have found this easy way to take off 2 to 4 pounds once or twice a week. These women take Fayro, the concentrate of the same natural mineral salts that make effective the waters of twenty-two hot springs of America, England and Continental Europe. For years the spas and hot springs bathing resorts have been the retreat of fair women and well-groomed men. Excess weight has been removed, skins have been made more lovely, bodies more shapely and minds brighter.

The Hot Springs Are Now Brought to You

A study of the analyses of the active ingredients of the water from twenty-two of the most famous springs have taught us the secret of their effectiveness. You can now have all these benefits in your own bath. Merely put Fayro into your hot bath. It dissolves rapidly. You will notice and enjoy the pungent fragrance of its balsam oils and clean salts!

Then, Fayro, by opening your pores and stimulating perspiration forces lazy body cells to sweat out surplus fat and bodily poisons. Add Fayro to your bath at night and immediately you will lose from 2 to 4 pounds in an easy, refreshing and absolutely harmless manner.

Your physician will tell you that Fayro is certain to do the work and that it is absolutely harmless.

Fayro will refresh you and help your body throw off worn-out fat and bodily poisons. Your skin will be clearer and smoother. You will sleep better after your Fayro bath and awaken feeling as though you had enjoyed a week's vacation.

Lose Weight Where You Most Want To

Fayro reduces weight generally, but you can also concentrate its effect on abdomen, hips, waist, ankles, chin or any part of the body you may wish.

Results Are Immediate

Weigh yourself before and after your Fayro bath. You will find you have lost from 2 to 4 pounds. And a few nights later when you again add Fayro to your bath, you will once more reduce your weight. Soon you will be the correct weight for your height. No need to deny yourself food you really want. No need for violent exercise. No need for drugs or medicines. Merely a refreshing Fayro bath in the privacy of your own home.

Try Fayro at Our Risk

The price of Fayro is \$1.00 a package. Inside each package you get an interesting booklet, "Health and Open Pores."

If each healthful bath of Fayro does not reduce your weight from 2 to 4 pounds, we will refund your money without a question. You risk nothing.

For Sale at Jacobs' Drug Stores and at all drug and toilet counters.

If your dealer is unable to supply you, Fayro will be mailed direct in a plain cardboard package upon receipt of price. Fayro, Inc., 411 Locust St., Pittsburgh, Pa.

change in the uterus, and is most often seen during pregnancy, but may occur during diseases of this organ. It most often appears on the forehead, and usually disappears after confinement.

Treatment: The treatment has to be directed towards the cause. Stollwag states that the discoloration sometimes can be removed by local applications, and when it is impossible to discover any disturbance then reliance is to be placed on the local treatments. These consist of the application of remedies that will peel the skin. Lemon juice and peroxide of hydrogen can be home tried, but anything stronger should be used only under the direction of a skin specialist.

Editor's Note: Dr. Peters cannot diagnose, nor give personal advice. Your questions, if of general interest, will be answered in the column, in turn. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and 2 cents in coin for each article, to cover cost of printing and handling. For the pamphlet on reducing and gaining, 10 cents in coin, with fully self-addressed, stamped envelope, must be enclosed. Address Dr. Peters, in care of this paper.

Tomorrow: Too Old to Reduce?

College Girl Tells How She Cleared Skin, Gained 12 Lbs.

"Skinny" Girls Never Get Friends

New YEAST and IRON builds weight quickly. Your own druggist guarantees results—or pay nothing

"I am a student at Columbia University and am writing to inform you of the benefits from IRONIZED YEAST. It helped me to gain weight and clear my skin. Before taking IRONIZED YEAST my weight was 103 lbs. Now I weigh 115 lbs. My face and neck are glowing out, my digestion is better, I eat and sleep well and my health is excellent!"

Mrs. A. Anderson

The Secret of a Rounded Form
Letter after letter tells this same wonderful story. Five to 15 pounds gained in a few weeks. Bony limbs rounded. Blemished skin cleared. Only when Yeast is Ironized is it more effective—for Iron is needed to bring out the weight-building and strengthening values of Yeast. Pleasant tablets. Never causes gas or bloating. Safe for everybody.

Try It on "Money-Back" Offer

Go to any drug store today and get a full size treatment of IRONIZED YEAST. If after this generous trial you are not delighted with effects, your money back instantly.

CAUTION! While the amazing health-building value of IRONIZED YEAST tablets has been positively demonstrated in cases of lack of energy, indigestion, constipation, skin eruptions, poor complexion and a generally weakened condition, IRONIZED YEAST should not be used by anyone who OBJECTS to gaining weight.—L.V. Co.

Amazing Numbers of Georgians Write Letters Like These!
What IRONIZED YEAST has done for all these folks it should certainly do for you. Take advantage of our generous trial offer. If not delighted, get your money back.

Pale and Tired, Gains 10 Lbs.
"Your IRONIZED YEAST has done me so much good. I was run-down, felt tired all the time, color was gone. Now my color is back and have gained 10 lbs."—Blanche L. Jackson, Juliette, Ga.

Ailing, Underweight, Gains 10 Lbs.
"I had been weak, ailing and underweight, with poor appetite. Took IRONIZED YEAST and in 6 weeks gained 10 lbs. Now eat and sleep fine."—Mrs. T. A. Johnson, Dalton, Ga.

BURGESS CHILDREN'S STORIES

DANNY HUNTS FOR MINER.

By Thornton W. Burgess.

The curious are ever held. Respecting neither young nor old. —Old Mother Nature.

Danny Meadow Mouse felt that he and Nanny were very well established in the Old Orchard. They had made tunnels this way and that under the snow and now Danny had discovered that there were some nice little tunnels under the ground. These were the tunnels of Miner the Mole. So Danny felt quite safe. If any one should dig down through the snow after them they could go down into the tunnels of Miner the Mole and there they would be entirely safe, unless they should happen to encounter Miner himself.

Danny thought about this quite a lot. Although he had been in Miner's tunnel before he did not know as much about this underground neighbor as he felt he ought to know. He wasn't quite sure what became of Miner in the winter. He couldn't remember ever having seen Miner in the winter.

"I wonder if Miner sleeps the way Johnny Chuck does, or Nimbaleek, our jumping cousin, and Buster Bear and the Snake Gekko and the Frog people and a lot of others," said Danny to Nanny.

"I don't know," replied Nanny, "but I can tell you one thing, and that is that you had better not have too much curiosity. Don't go looking for Miner. Don't go looking for trouble. He may be asleep and he may not. Either way, it is no business of ours."

Danny didn't say anything. Nanny

eyed him suspiciously, but there wasn't anything she could say further. She had a very strong suspicion, however, that Danny would slip away the first chance he got to explore those tunnels. And this is exactly what Danny did do.

"Hello! Here's a branch. Now, which way shall I go?"

to himself, as he started along a tunnel he had not yet explored. "Of course, Miner is asleep. If he were not I would have found him before now. I should like to see how he sleeps and where he sleeps. Nanny is silly. I can't get into any trouble down there. If Miner is asleep he will be perfectly harmless, and, of

course, he is asleep. My goodness, this tunnel is beginning to go down deep! I didn't know that Miner went so deep. Hello, here's a branch! Now which way shall I go? I don't suppose it makes any real difference, so I will keep on the way I am headed."

So Danny wandered along. He didn't run as freely as he did through those little tunnels up near the surface. He was beginning to have just a wee bit of doubt. You see, there was a fairly fresh smell of Mole-tickling his nose and he didn't know just what to make of it. So he would run a few steps and then stop to listen. Of course, down there in the dark he couldn't see a thing. Then he would run a few steps more and again stop to listen. And all the time he kept his ears open for any strange sound and he used that little nose of his as Mother Nature intended. It should be used. Somehow, way down there he didn't feel quite so bold as when he was talking with Nanny up on the surface. A strange place and it was just so with Danny. Several times he was tempted to turn back, but each time curiosity urged him on. He wanted to find Miner.

MRS. CUNNINGHAM DESCRIBES TRIP AROUND WORLD

Mrs. Robert F. Cunningham provided the entertainment at the regular monthly luncheon meeting of the women's division of the Atlanta Chamber of Commerce, held Monday noon at the chamber of commerce building.

Mrs. Cunningham, who is unusually versatile as an entertainer, styled her offering "A Trip Around the World in an Airplane." She told the story of this journey in an interesting manner in song and by readings.

Lindy-Anne Let World Go By In Gardens of Cuernavaca

WEDDING PLANS ARE LAID

BY G. F. FINE.

United News Staff Correspondent.

Cuernavaca, Mexico, February 25.—(United News.)—Colonel Charles A. Lindbergh was visiting his fiancée tonight for the first time since the announcement of his engagement to Miss Anne Spencer Morrow, and he plainly indicated that he was quite willing to let the world—and even aviation—drift along outside the romantic hills of Cuernavaca for a few days, at least.

Plainly enjoying his visit at the beautiful home of his fiancée's father, Ambassador Dwight W. Morrow, Lindbergh waived all personal questions away with a word about "ask that one a little later." By "a little later" he apparently meant a few days later, indicating that he was not going to worry about anything but having a good time during his visit.

Meanwhile, speculation as to the date of the marriage continued unabated. Lindbergh declining to discuss "until later" the persistent rumor that the couple might be married here or at Mexico City during the flier's present visit. This rumor was spurred by the fact that Lindbergh arrived at Cuernavaca field at dusk last night in a four-engine plane, which would be suitable for an aerial honeymoon.

It was said authoritatively tonight, however, that the Lindbergh-Morrow nuptials will be announced in a proper manner and "in due time." This statement was made at the request of newspapermen to dissipate reports that the wedding might occur unexpectedly.

Anne received a cablegram from Lindbergh Sunday, informing her that he would arrive last night. She spent most of the remaining hours of the afternoon at the Borda Gardens inn at Cuernavaca, telephoning the American embassy at the capital for news of the flier. There is no telephone at the Morrow home.

The ambassador's home is an ideal place for a honeymoon or wedding. The patio is filled with almost every variety of Mexican flower, including many orchids and roses which flourish in the subtropical sunlight. A fountain in the center of the court is the only sound breaking the quiet, except when the distant cathedral bells are heard.

Lindbergh arrived here late last night, after a trip from the capital by automobile.

Two carloads of newspapermen, en route from the capital to Cuernavaca this morning, met Ambassador Morrow and Alan Dawson, embassy secretary, motoring to the capital. Morrow plainly indicated that no "surprise wedding" would take place during the present visit.

The ambassador's automobile halted and he was asked if any plans had been made.

"Plans for what?" asked the ambassador.

"Why, plans for the wedding."

Nothing to Say.

"Neither Lindbergh nor the Morrows have anything to say," was the reply. "You fellows are wasting your time. I'll be pleased to see you this afternoon, but won't have any information."

Lindbergh and Miss Morrow went for a long motor ride through the hills outside the city this morning.

Later the flier expressed his idea of Mexico by saying:

"It is a wonderful country, which one enjoys more with each visit."

The expression, unusual for the reticent Lindbergh, was not of a personal nature, he explained smilingly.

Lindbergh was in a happy mood, smiling more broadly each time a question as to his future plans was repeated. If he knows the date of his wedding, he kept to a close secret with repeated replies of "ask me that a little later."

The slim, blond aviator talked to newspapermen in the handsome gardens of the Morrow home. When the correspondents entered Mrs. Morrow and her daughters, Anne and Elizabeth, retired to the observatory above the house. Elizabeth returned here last Friday from the United States. Ambassador Morrow returned to the capital this morning.

Although Lindbergh indicated he might have an announcement to make within a few days, he declined to interpret his own statement as meaning his plans were not yet settled.

"You can interpret this exactly as I say it," he declared.

Cuernavaca, Mexico, February 25.—(P)—Surpassing beauty and pictures.

QUEEN PAYS VISIT TO "5 AND 10"; BUYS SEVERAL ARTICLES

Bognor, England, February 25.—(P)—Queen Mary created quite a sensation today on a shopping tour by paying a visit to a "five and ten-cent" store and making several shilling (twelve cents) purchases.

When her majesty arrived the surprised customers present immediately departed so as to give her an opportunity to inspect the premises undisturbed. She was shown around by the manager and chatted with the girls behind the counters. When her escort commented that most of the stock was of British origin, the queen remarked that she was very keen on British goods.

Her majesty showed especial interest in some threepenny and sixpenny "pearl" necklaces and smiled when the manager pointed out their "gold" clasps.

The sales girls remained in the shop for an hour after closing time discussing what the queen bought and what she was wearing.

Its Infinite Variety . . .

—It adopts checks in green, blue, red and yellow with white, and in yellow and black! In Mosaic tile effects it combines softly mingling shades of rose, blue, green and ivory! For the nursery it borrows the vivid floral and bird designs of cretonnes—or plaids, gay polka dots or dignified linettes—emulating the loveliness of damask! Priced 45c to \$1.29 yard.

A Tech Pillow . . .

—Weren't you jealous when you saw other fans carrying them last fall? Make one—and another for your date—of yellow and white check and . . . with a huge gold "T" of the solid golden color! Check oilcloth, 45c yard.

Telephone Book Cover . . .

—Even if you get "wrong number" three times and the busy signal a dozen—you won't mind looking up the number again in this attractively bound book! Cover it in modernistic or gay floral oilcloth and finish with a tassell Modernistic oilcloth, 50c yard.

HOUSE FURNISHINGS DEPT. —RICH'S, FOURTH FLOOR

M. RICH & BROS. CO.

Mrs. Barnard Boykin and little daughter, Sue, return from Columbus, Ga., today to join Mr. Boykin at the Carlton on Peachtree street, where they will reside during the rebuilding of their home, which was destroyed recently by fire.

MAN WAS HUNGRY, BUT AFRAID TO EAT

Indigestion Trouble Went Away After He Had Taken Black-Draught, and Now Food Does Not Bring Distress.

Ira, S. C.—"I have used Black-Draught, at intervals, for about five years," says Mr. J. F. Gilliland, of this place. "I take it for indigestion. After eating, I would have a tight, bloated feeling, and pains in my chest and stomach. I would spit up my food, and some things I ate would not agree with me at all."

"I would be hungry, but afraid to eat on account of the indigestion. I would be constipated, too."

"Some one told me that I should try Black-Draught, which I did, with good results. I take just a small dose after meals, and I feel like a different person."

"I do not have any more trouble of that kind. I can now eat almost anything I want to, at any time, and it does not hurt me."

"Black-Draught is a splendid medicine. I can recommend it to others. Thousands of people have found relief, in cases of common indigestion, by taking a pinch of Black-Draught after meals, and continuing this treatment for several days."

When you take Black-Draught, the digestive organs are helped in a healthful, natural way, without the sickening effects that characterize the use of powerful mineral drugs. Try it.

Black-Draught

for Constipation, Indigestion, Biliousness

REFRIGERATION PLAN WILL KEEP PRODUCT FRESH

Toronto, February 25.—(A)—A new process for the refrigeration of fish by which it is reduced to very low temperature rapidly and retains the characteristics of the fresh product has been developed by the biological board of Canada.

Professor A. G. Huntsman, in charge of the experiments, said the process has been placed on a commercial basis and five tons of "ice fillets" of haddock were to be prepared daily for the Toronto market.

Further experiments are being made to extend use of the refrigeration method to beef and poultry. By employment of the new method, the experimenters said, it would be possible to preserve beef for a year.

Mrs. Hoover a Martha Washington Type

BY SUE McNAMARA, Associated Press Feature Writer.
Washington, February 25.—(A)—Mrs. Herbert Hoover, as wife of the president of the United States, will be more like Martha Washington than any other woman who has presided in the white house.

With the advent of this well-poised college woman into the executive mansion the adventurous but orderly and practical spirit of Martha Washington has a counterpart. Just as Mrs. Hoover has stood shoulder to shoulder with her husband in various crises, so did Martha Washington, back in the dark days of Valley Forge make determined excursions to visit her husband though each journey was fraught with difficulty and danger.

Had the wife of the first president

MRS. HERBERT HOOVER.

Fat Comes at 40 to most people—for this reason

At about the age of 40 most men and women take on fat. Medical men know the reason. At that age the thyroid gland often loses power. That gland largely controls nutrition. One of its functions is to turn food into fuel and energy. The food goes to fat when it weakens.

The modern method of treating obesity aims to correct that deficiency. Physicians the world over employ it.

That is the method embodied in Marmola prescription tablets. People have used them for over 20 years. That is one reason why excess fat is far less common than it used to be.

The Marmola prescription has been perfected by one of the greatest medical laboratories in the world. It is used by countless people to bring weight

down to normal in a scientific way. You see the results in every circle, in youthful figures, new beauty, new vitality. Every box contains the formula—complete. Also the reasons for the good results. When you see the fat depart, you will know exactly why.

Try this method. No abnormal exercise or diet is required. The object is to feed the system what a gland fails to supply. Watch the fat depart, day by day, the new vitality return. You will be amazed and delighted.

Don't delay. A normal figure means much to you. Go get Marmola now. See what the first box does.

Marmola prescription tablets are sold by all druggists at \$1 per box. If your druggist is out, he will get them at once from his jobber.

MARMOLA Prescription Tablets

The Pleasant Way to Reduce

"Awkward to discuss—but I must tell my sales girls"

—Says the buyer in a Fifth Avenue Shop

However hard it is to tell them, women should know of this new process which ends odor in sanitary pads. It means great mental relief.

ACROSS the counter, in offices, in drawing rooms, in country clubs—wherever women meet the world, they are in danger of offending others at times. The unhappy self-consciousness which used to follow this realization is now ended. Kotex scientists have found (and patented) a way to neutralize all odor in sanitary pads. This cause for worry is entirely dismissed. Women can meet any social emergency with a new light-heartedness.

Fear of consciousness gone, too. A certain bulkiness associated with old-fashioned methods has been overcome, too. Each pad is rounded and tapered

in such a way as to leave no evidence of sanitary protection.

You may add or remove layers of filler as needed—a thing all women appreciate. There is a new softness, because both filler and gauze have been specially treated. Finally, Kotex is so easy to dispose of, eliminating all need of laundering.

Buy a box today, at any drug, dry goods or department store... 45¢ for a box of twelve. Supplied, also, in rest-room vending cabinets.

*Kotex is the only sanitary pad that deodorizes by patented process. (Patent No. 1,670,187 granted May 22, 1928.)

KOTEX

The New Sanitary Pad which deodorizes

Deodorizes... and 4 other important features:

- 1—Safer gauze ends changeable filler absorbs as no other substance can;
- 2—Corners are rounded and tapered; no evidence of sanitary protection under any gown;
- 3—Deodorizes—safely, thoroughly, by a new and exclusive patented process;
- 4—Adjust it to your needs; filler may be made thicker, thinner, narrower as required, and
- 5—It is easily disposed of; no unpleasant laundry.

Famous Recipe For Stopping a Severe Cough

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief.

Get 2½ ounces of Pinex from any druggist. Pour this into a pint bottle; then fill it with plain granulated sugar syrup or strained honey. The full pint thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It is pure, keeps perfectly and children love its pleasant taste.

This simple remedy has a remarkable three-fold action. It goes right to the seat of trouble, soothes away the inflammation, and loosens the germy laden phlegm. At the same time, it is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps inwardly to throw off the whole trouble with surprising ease.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

—(adv.)

Your Boy and Your Girl

BY ARTHUR DEAN, B. C. D.

YOUTH'S CONTACT WITH LIFE.

Dear Dr. Dean:

Go to it, old top, and get the boys and girls to writing you about the wild happenings which are going on in our high schools. More power to your pen. Did you read about the 35 boys and girls of high school age, many of them children of prominent families, who were caught in a raid on a juvenile night club? Comment—old top? Well, now, that's friendly even if a bit presumptuous, and I accept the appellation, for the lively youthful spirit in which it is bestowed. Yes, I am asking my young readers to write me with or without their signatures about the social and moral conditions which prevail in their communities; about their temptations with reference to liquor, the experience in dance parties, and their contacts with life all around them. I am also asking them to tell me all the good things they do and know about.

But to you who claim to admire my work and slap me on my back so heartily, I most respectfully ask you to read me a little more carefully. I have never questioned high schools, or their pupils and I have reason to believe I never will. You should distinguish between the conduct in a high school and the affairs of boys and girls when outside of school in the jurisdiction of their parents. The boys and girls of a city do not belong to a school. The school is not a parent. Surely it can hardly be expected to supervise a night club or the pupils who attend one.

A great bunch of letters are coming in. I want still more. Tell me the good things about boys. How can I persuade him to stay at home? Answer—What have you done in the past to make your home the most interesting place in town? Just what would your boy find there now if you locked him in? Tell me what attractions your home offers. Give me a list of the tools he has, the things he makes, his chores, the way he earns his spending money, the games, the company he may have, the palship of his father, etc. I'll publish every word of your letter because other parents are seeking help.

Personal.

M. G. Not until the day of doom will your little boy be like the older one. He will get into college and succeed; the other will go into business and be popular. The enclosed monograph on extrinsic and introvert explains it in detail.

A Big Noise.

My youngest clatters his cup and saucer on the table. We

speak to him sharply and he stops, only to start again. What's the answer?

WORRIED MOTHER.

Answer—He is advertising himself. He wants attention. He has something to sell. And that something is himself. He can't stand being ignored. He does not believe in the doctrine "Children should be seen and not heard." Locomotives puff, autos screech, loud speakers whistle. His motto is, "Not only am I to be seen

but I am to shout myself from the housetops."

BILL FOR SURVEY OF BATTLEFIELD PASSED BY HOUSE

Washington, February 25.—(A)—A bill to create a commission to survey

the Star Fort battlefield in South Carolina with a view to erecting markers was passed by the house today and sent to the senate.

The battlefield was the scene of a 28-day siege by British forces of American troops under command of Major General Nathaniel Greene. A total of 212 were killed in the engagement.

Heavily-Laden Counters Are Soon Emptied of COLONIAL BREAD

Colonial Bread is a record smasher. Rocket-like the sales have mounted. Housewives, grocers and even the men of the families are enthusiastic over the new loaf. Consumers like it because Atlanta has never before had such marvelous bread—splendid in every way. For flavor, texture, freshness and for its toasting qualities it is unparalleled, and everyone knows that it is absolutely pure for it is made in Atlanta's newest and finest bakery, where the quality standard is, "None but the Best."

Grocers are glad to sell Colonial Bread for they know that it creates that great asset to their business—the good-will of pleased customers.

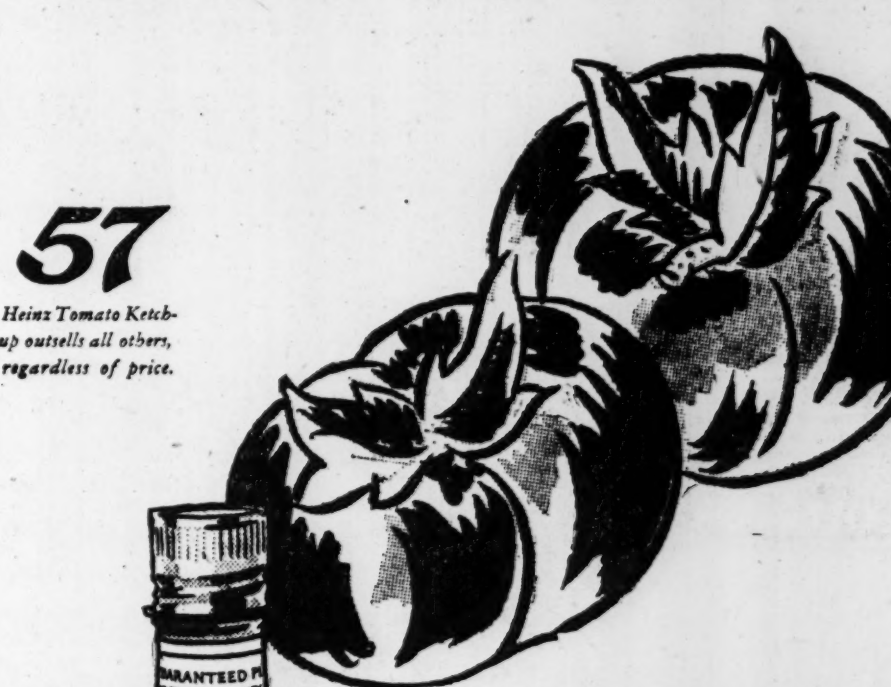

LEE BAKING COMPANY

Segrave Hurttles Racer 180 Miles Per Hour in First Trial

Official Test For New Mark Set in March

Englishman Hopes To Make 240 Miles in Quest of World Speed Record.

Daytona Beach, Fla., February 25. (AP)—With thousands of spectators lining the sand dunes for ten miles, Major H. O. D. Segrave stepped his Golden Arrow racing machine to 180 miles per hour in the first easy trial this afternoon.

So delighted was the Britisher with the performance of his car that he declared he will prepare to run against the world's land speed record of 207.55 miles per hour about March 7. Little work remains to be done, he said.

To the spectators from the dunes the racing machine flashed down the beach like an elongated golden brown cigar. Segrave hopes to attain its theoretical speed in the final trial, estimated at about 240 miles per hour.

As the major sped along the beach, the seaplane of Car Wood, motor boat racer, dipped and curved overhead.

Segrave gaily waved a gloved hand to his friend against whom he expects to race his "Miss England" in an attempt to take from the Wood craft the water speed record of the world.

The "Miss England," however, lies under guard in the yacht basin here.

SEMI-ANNUAL STATEMENT for the six months ending December 31, 1928, of the condition of

The Prudential Insurance Co. of America, OF NEWARK

Organized under the laws of the State of New Jersey, made to the Governor of the State of Georgia in pursuance to the laws of said State.

The elimination of J. M. Jamison, of Greensburg, Pa., by C. E. Sher-

man, of Essex county, N. J., 3 and 1, the medalist, advanced to the semi-

finals by beating E. P. Merwin, Stockbridge, Mass., by 4 and 3.

One of the feature battles in the title division was between W. H. Watt, of Essex county, N. J., and R. C. Steese, Youngstown, Ohio, Watt winning one up.

Watt and Homans meet in the semi-final tomorrow with C. L. Schoonover, of Warren, Pa., playing Sherman. Schoonover defeated C. E. Banta, Albany, N. Y., 2 and 1.

The New White Six Light Delivery Truck

Built for the Modern Demands of Speed and Economy in Business —

INCREASED business follows the policy of today's sales delivered today. The new White was built to make such service possible and has set up a new standard of values in the light delivery field. Conceived, engineered and built by White, the new light delivery Six has a background of experience, resources and proved performance that cannot be attached to any other truck of the same capacity rating.

Complete Traffic Mastery

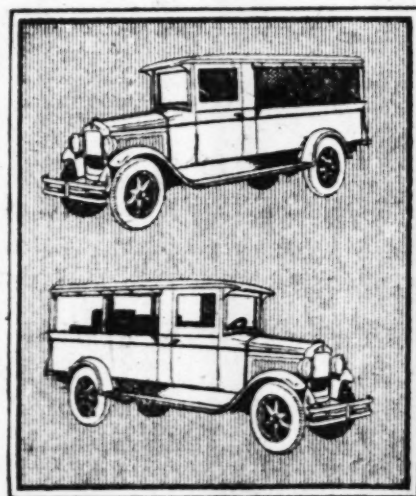

In flexibility, ease of handling and acceleration the new White sets a new record in truck performance—capable of higher average speed under all operating conditions. Top traffic speed is reached with surprising ease and diminished to a dead stop with the application of the positive 4-wheel hydraulic brakes.

Every refinement for customer satisfaction and driver comfort has been built into the job.

Exhaustive Tests

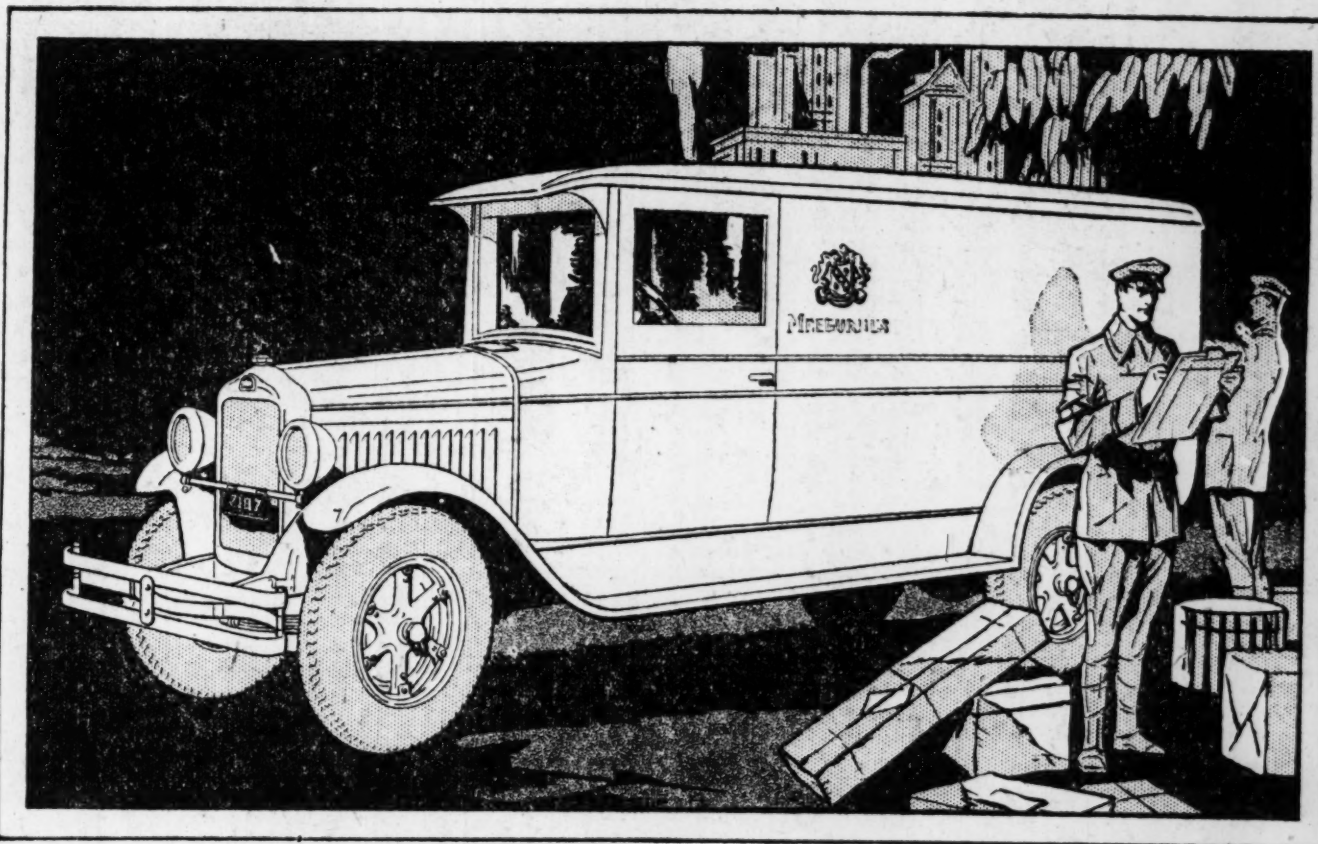

For the past six months these new Whites have been put through relentless demonstrations. Day and night, month after month, they have traveled every kind of road, in every kind of weather, at grueling speeds, and all under capacity loads. Several have passed the 100,000-mile mark with an amazing freedom from interruption on the road—proving again the rugged stamina for which all Whites are famous.

All this remarkable performance is attained with unusually low fuel consumption.

The Screened Express Body protects load from theft and provides rolled side curtains for bad weather. Same body available without screen sides. Chassis equipment same as shown for Panel Body Chassis.

Stake and Platform Body designed to accommodate a wide range of haulage requirements. The closed cab for driver adds to the efficiency of fast express operation. Chassis equipment same as shown for Panel Body.

The newly created Panel Body by Bender shown mounted on the new White Six Light Delivery Chassis. Combines advanced style with complete driver comfort and practical utility. Available in a new range of color combinations.

Chassis alone, including newest lighting and starting equipment, bumper, vacuum feed system, air cleaner, hot-spot manifold, rebound front spring plates, and complete equipment ready for body—\$1850, f. o. b. Cleveland.

THE NEW WHITE SIX LIGHT DELIVERY TRUCK

On a test run of 329 miles, a new White with a capacity load covered the ground in nine hours—an average speed of 36½ miles per hour. This route includes 110 miles of mountain roads, proving the capacity of the new White to maintain a high average speed over steep-grade country.

In 12,947 miles of operation, over every kind of road, with temperatures ranging from zero to summer heat, a new White averaged 30 miles per hour under full load for the whole distance.

In these exhaustive tests no other truck was found capable of matching the sustained performance and economy of the new White.

In hundreds of businesses the new White will demonstrate an amazing reduction in operating costs and time—a new efficiency in transportation that means greater profits and service for the truck user.

White Built Throughout

The new White is built throughout in the vast White factory at Cleveland. In the long years of White leadership there have been built up an experience and equipment in precision manufacturing that make possible White quality. Such an investment enables White to manufacture in keep-

ing with the most advanced engineering design. The new White is a notable example of how this policy enables White to pass on to users of transportation the benefits of the best engineering thought.

No matter what use you make of a truck, the new White offers advantages never before available in this field. On the basis of cost per package, per load, per eight hours of transportation service, there is no truck built that can do the job of the new White. The new White will prove economies and efficiency in your own operation that will amaze you. Call the nearest White branch or dealer.

SPECIAL FEATURES

Engine: Six-cylinder, special White design, 3½" bore, 4½" stroke, L-head. Removable cylinder head with fully machined combustion chambers. Dynamically balanced, seven-bearing, large-diameter crankshaft. Aluminum pistons, double Invar struts.

Lubrication: Pressure feed to all crankshaft, connecting rod, camshaft, piston pins, chain idler and accessory drive bearings. Pistons, cylinders and cam followers lubricated by throw-off from crank cheeks. Clean oil assured by exclusive White reversed-flow screening. Oil circulation by gear-type pump in crankcase.

Induction System: Air cleaner and hot-spot down-draft manifold. Carburetor with accelerating pump. Breather con-

nected with carburetor air intake, preventing escape of crankcase fumes.

Gasoline Feed: Vacuum system with tank under driver's seat.

Clutch: White single plate operating in oil. Smooth in action, simple in adjustment. All rotating parts carefully balanced with flywheel assembly. Automatic lubrication of clutch throw-out and throw-out shaft bearings.

Ignition: Battery ignition with automatic and hand-controlled advance.

Transmission: Selective type, three speeds forward, one reverse. Wide-face gears of case-hardened alloy steel. Large-diameter shafts with heavy ball and roller bearings.

Brakes: Four-wheel Lockheed hydraulic, internal expanding type with gun iron drums. Powerful emergency brake.

Springs: Long, semi-elliptic alloy steel. Rebound plates on front springs. Spring shackles are adjustable for side wear.

Before You Buy Any Truck, See the New White Perform . . . You Will Be a Better Judge of Truck Values

We want you to see the new White and not take performance for granted. We want the new White to demonstrate to you a new kind of truck performance that is difficult to describe. Take advantage of this opportunity to learn first hand about the new White. We know there is nothing like it in the truck field today and a demonstration will prove every claim we make for it. Telephone the nearest White Factory Branch or Dealer for appointment.

Stribling Is Fully Recovered From Recent Rib Injury

IN THIS CORNER, MR. STRIBLING! . . . AND IN THIS ONE, MR. SHARKEY!

Introducing — William Lawrence Stribling, alias Young Stribling, favorite son of the south, all dressed up as an ordinary young man.

Fighting Willvum in a mild mood. The gleeful youngster being tossed skyward is William L. Stribling III, heavyweight contender of the year 1949.

And here is Will, heated up and raring to go and prove to northern fight fans that the south can produce a ring champion as well as in golf and football.

And here's the big moment when the first gong rings in Miami Beach! Young Stribling is pictured at left rushing in to meet a determined Mr. Sharkey to start the most widely advertised battle the south has seen since the days of Sullivan and Corbett.

The dapper Mr. Jack Sharkey (nee Paul Cuckoshay) of Boston, Mass., the northern half of the battle of Miami Beach, dressed as a well-to-do Bean City business man.

And here he is at work, all set to slap Mr. Stribling to sleep (if he can do it and there are just lots of people who think he can and just as many who think he can't).

Mr. Sharkey at play between training bouts at Miami Beach. Nice golf swing, Jack, but you can't fool us. You missed completely because there's the ball in front of you!

Both Fighters in Trim For Wednesday Bout

Bostonian Will Go Through Stiff Workout Today, But Georgian Will Take Walk.

BY DICK HAWKINS.

Miami Beach, Fla., February 25.—(Special).—Whatever fate awaits the two gentlemen of the ring who meet at the great Flamingo Park arena Wednesday night is now in the hands of the gods—provided, of course, the gods will have anything to do with this act of legalized and partly modified maim.

The two principals, who were named William Lawrence Stribling, Jr., and Josef Paul Cuckoshay at birth, are virtuous through with their preparation for the session at fist-cuffs scheduled for Wednesday night. To be exact, W. L. Stribling is entirely through except for a bit of walking tomorrow and Mr. Cuckoshay will stage a short workout without the help of sparring partners.

Alarmists at Work.
Alarmists, who are always hard at work when some gigantic sporting event is about to take place, have loosed a lot of whispers and a few loud yells during the past 24 hours about an injury suffered by Mr. W. L. Stribling a few days ago. It seems that William Lawrence Stribling, former pupil of the famous boxeress Rose, about the matter and he said that W. L. was as fit as a fiddle. Just how fit a fiddle happens to be is another question and entirely beside the point.

Action Is Proof.
All statements issued by fighters, managers, trainers and physicians in this unfortunate pastime can be rated as about one per cent correct, but in this case action is the proof of the pudding. This afternoon Stribling went to work on the big bag for the first time since his injury and he threw punches with both hands. After the workout he submitted to thorough tests in his dressing room and the doctor declared that he showed no signs of suffering from the injury. We watched Stribling's face carefully during the workout on the big bag and he evidenced no pain when he shot either hand into the leather. There is nothing to believe but that the injury is healed.

For several nights W. L. has been suffering with a sort of neuritis in his left arm as a result of the injury but last night he slept well and experienced no pain. The injury has been difficult to treat because no heat applications could be used. Baking tends to reduce weight and Stribling is giving away too many pounds to risk any reduction in the doctor's office.

Sharkey Is Perfect.
So far as can be ascertained the Limber Lithuanian is in perfect trim for the main go. He has issued no statements of injury and looks to be perfectly fit. His last few workouts have not proven that Sharkey is anything more than a second rate fighter, but they were not expected to. He is just as good as he can get. His weight is exactly right for the fight today and he will probably enter the ring a pound or two above his best fighting poundage.

W. L. was satisfied this afternoon to take two rounds with the skipping rope and two at shadow boxing, one on the big bag, with a few minutes of setting-up exercises before retiring to the showers. There was a decided, serious air about his workout to-

Weissmuller Pulls Alarm, Fined

Coral Gables, Fla., February 25.—(P)—Johnny Weissmuller, world champion swimmer, appeared in a new role in Coral Gables municipal court today in his arraignment with A. S. Wolf, Coral Gables, on charges of disorderly conduct based on sending false fire alarms. Weissmuller drew a \$10 fine and Wolf a \$25 penalty.

The pair was turned over to Miami authorities on a similar charge. Three false fire alarms in Coral Gables and two in Miami, last Friday night were charged against the two by police of the two communities.

Visitors Win Polo Tilt at Pinehurst

Pinehurst, N. C., February 25.—(P)—A team of visiting poloists, captained by Martin J. Quigley, of Chicago and Oxford, Conn., defeated the Sandhill polo team in a seven chukker match here today by six goals to five.

James Tufts, of Medford, Mass., playing with the visitors, starred for the winning team with two goals. W. K. Muir, of Grosspoint, Mich., a former captain of the Yale polo team, scored three of his team's five goals.

The time he has spent in funning in previous workouts he spent today in gloowering about him like a lion in a cage. He is evidencing a marked tendency to take this fight seriously.

Sharkey Defiant.
Mr. Sharkey, who has always proved to his own satisfaction that he is a "hard guy," again proved that fact today when he elected to defy Jack Dempsey with signal success. Before his workout today Mr. Sharkey was asked by Dempsey not to engage in any boxing with his sparring partners. Mr. Dempsey feared an injury at the last moment. The Lithuanian told Mr. Dempsey in so many words that he was not going to be intimidated by a second rate fighter. Mr. Dempsey was over Mr. Sharkey's head and boxed two rounds with Johnny Grosso and Paul Hoffman. No injury was done and probably when the workout was over Mr. Sharkey greeted Mr. Dempsey with "I told you so."

The Limber Lith does not believe in rope skipping. He declares that only children skip rope and play marbles, so he started his training today with two rounds at the light bag. Following this he took the boxing and retired abruptly thereafter without more ado. He never engages in setting-up exercises or rope skipping. Either Sharkey or Stribling is wrong. Just which one is wrong will be determined Wednesday night. Until then, one can only guess.

PURDUE PIVOT MAN HAS TOTAL OF 108 POINTS

Chicago, February 25.—(P)—Big Ten basketball scoring honors, individually and collectively, apparently have been clinched by the Purdue Boilermakers this season.

Charles "Stretch" Murphy, Purdue's giant pivot man, ran his total to 108 points in the individual scoring race last week and barring an accident he has the honor safely. As a team, Purdue has scored 335 points in nine games, whereas its closest rival is Wisconsin, with 284.

Murphy, however, must average almost nine points in each of his three remaining games to break the all-time conference scoring record of 133, which was established by Johnny Miner, of Ohio State, in 1925.

A hard fight is waging for runner-up honors in the individual scoring race. Bud Foster, of Wisconsin, today ranked second with 79 points in nine games, while How, of Illinois, was third with 79 points in ten games. Other leading scorers were Van Heyde, Ohio State, 78; Gist, Chicago, 74; Strickland, Indiana, 73; McCracken, Indiana, 73; Gleichmann, Northwestern, 72; Ervin, Ohio State, 67; Wilcox, Iowa, 67; Otterness, Minnesota, 65, and Chapman, Michigan, 65.

Michigan still remains the best de-

fensive team in the race. Only 196 points have been scored against the Wolverines in nine games. Purdue leads in field goals with 128; Iowa leads in free throws with 89, and Minnesota is ahead in personal fouls with a total of 124 in nine games.

Nelson, of Minnesota, and May, of Illinois, have the most personal fouls against their records, 25 each.

Records of the teams, showing

games won and lost, field goals, free throws, total points, personal fouls and opponents' totals:

Team	W	L	FG	FT	Total P	PF
Wisconsin	8	1	97	89	384	104
Purdue	7	2	128	79	335	114
Michigan	7	2	99	81	249	75
Ohio State	6	3	112	81	265	78
Iowa	6	3	78	89	245	79
Northwest	6	3	105	61	271	95
Illinois	6	3	100	71	251	98
Indiana	5	4	102	61	267	95
Minnesota	4	5	87	97	231	124
Chicago	4	5	96	74	246	104

Pladner Is Favorite To Defeat Jenaro

Paris, February 25.—(P)—"Spider" Pladner, French flyweight, has been made a seven-to-five favorite to defeat Frankie Genaro, the Italian-American ex-titleholder, in their 15-round boxing match here Saturday. Genaro is being billed here as world's flyweight champion and the fight as a title bout.

Dempsey and Fitzsimmons Tell Thrilling Tale of Attack

Post Season Cage Battle Set Tonight

Triple E Class Will Play First Presbyterians Quintet in Playoff.

The first game of the post season series for the S. S. A. A. championship, with a beautiful trophy to be won, will be played tonight between the Triple E class, victor of the National league and the American league.

This battle gets under way at 8 o'clock and brings two of the outstanding teams of the association together. Triple E went through the season undefeated, taking 15 straight games. First Presbyterian by its victory last night over Bowie clinched its title along with ending the regular playing season.

Several gridiron stars, such as Father Lumpkin, Earl Dunlap, Heron, Frink, Isaacs, and others will be in the game at the start or later. Triple E presents a smooth working aggregation with a star goal ringer in Ferguson.

The probable lineups:
Triple E. Pos. First Pres.
McLeod Jones
Mize Flowers
Ferguson Lumpkin
Kelley Dunlap
Childs Isaacs
Officials, Glassman and Mundorf.

Sell Out Is Seen For Cubs' Opener

Chicago, February 25.—(AP)—So anxious are Chicago baseball fans to get a glimpse of the Cubs' 1929 team that a sell-out is anticipated a month before their opening game with Pittsburgh Pirates at Wrigley field, April 16.

President William Veech has announced that demand for tickets has already broken all records with thousands of post-boards sold.

"It's the greatest pre-season rush in Cub history," Veech said.

Holiday Football in Half Dozen Stadiums

The annual Christmas and New Year day football games will be played in San Francisco, San Diego and Dallas with new games the coming season in New Orleans, Atlanta and possibly Havana.

Completion of the Havana stadium, to seat 25,000 or more, may be accomplished by the end of the year. If so efforts will be made to stage a big game there Christmas day. It may be an annual affair.

To Train With Bears.

Pete Lazio, former fistic champion, will go south with the Novak Bears. He was quite a ball player when he dug coal in Pennsylvania.

Given Up.

The Newark club has given up the idea of buying the Johnston club in the Middle Atlantic league for a farm.

22 Early Games.

The Columbus club of the American association has arranged 22 exhibition games starting March 16. The club trains in Lakeland.

School Board Opposes Stagg Cage Tourney

Annual National Championship Meet at Chicago Likely To Be Discontinued.

Cleveland, February 25.—(AP)—Participation of high school basketball teams in national tournaments, such as that conducted annually by the University of Chicago, was looked upon with disfavor by the National Federation of State High School Athletic associations at a meeting here today.

The federation voted to discourage high schools from taking part in such tournaments, declaring that neglected classes and the physical strain on the student athletes produce ill effects.

While the motion did not specifically name the annual basketball tourney conducted by Coach A. A. Stagg, of the University of Chicago, it was understood that the action was directed principally at this competition.

It was regarded possible that the tournament opening in Chicago next month will be the last, especially in view of Stagg's recent announcement that he would make no attempt to continue the tournaments in the face of official opposition from the high school authorities.

The new Davenport club in the Mississippi Valley league will be managed by Ed Reiche who was pilot at Burlington in 1928.

Sharkey's Temperament.

MIAMI BEACH, FLA., February 25.—(Special).—Who will win the fisticuff finals Wednesday night is still a mystery but if the attributes of a prima donna have any bearing on the outcome of the brawl, Mr. Sharkey would be a certain winner. He has proven conclusively that he is a man of temperament.

The last proof of this came today when Jack Dempsey informed him that some perfectly beautiful trunks had been procured for him to wear on the night of the fight. Mr. Sharkey listened until Mr. Dempsey had stopped talking, then informed him in no uncertain terms that he—the Terrible Tar—would select his own trunks. He—the Terrible Tar again—would wear any trunks he chose to wear on the night of the fight. In fact, he would wear the same trunks he had worn in several fights he had won in the past few years. Mr. Dempsey acquiesced to the Lithuanian's temperament and threw his nice, new trunks in the corner.

SHORTLY AFTER THAT Mr. Dempsey decided that both fighters would wear white gloves on the night of the fight and again Mr. Sharkey displayed his temperament. And again Mr. Dempsey agreed with the prima donna. Wine-colored gloves will be worn on the night of the fight.

This Sharkey person will have his own way or he won't fight. That's all there is to that. Perhaps he will want to have the ring upholstered in plush to make it softer to light upon. If he does the ring will probably be upholstered just that way.

Despised By Public.

OF ALL THE MEN on earth Josef Paul Cuckosky has the greatest faculty for making the public despise him. Every day he trots to his workout through throngs gathered to pay him homage and he makes it very apparent that his interest is not so much in the throng as in the money they will pay to see the fight.

He mounts the platform on which the ring is placed and nods slightly to acknowledge the applause of the crowd, then goes to work. If he is accosted by a newspaperman during the course of his exercise the newspaperman must be endowed with great self-restraint to keep from throwing a chair at the Lithuanian because he is likely to take no heed of the salutation or loose one of his practiced sneers. The betting odds are slightly on the side of the Boston Gob but the sentiment of the populace is with W. L. Stribling, who is certainly a gentleman at all times.

Arena Is Well-Built.

THE ARCHITECTS who constructed the Flamingo Park arena can build anybody's arena. The place will seat something like 40,000 persons and everyone will have a good view of the scrap. This is not just ballyhoo. The wooden stands are so constructed that nearly every person in the 40,000 will have a good view of the fight.

Being constructed with the sole aim to afford the best view of a prize fight the arena is better adapted to the comfort of a fight gallery than any stadium in the nation. Most of the big fights have been held in arenas constructed for football or other games and said stadia are not adapted to fights.

THE TICKET SALE TODAY was brisk but there are still good seats to be purchased for the proper amount of money. This announcement comes from ticket headquarters and we take no personal responsibility.

In view of the fact that Mr. Dempsey has been proclaiming far and wide for a period of at least two days that a sell-out was certain, it appears at least problematical that any really close seats are still on the market.

Nose of Hunting Dog Is Important Feature

Frank Coffee Tells Requirements of Animals If They Are To Make Good in Shows.

Following is one of a series of articles on dogs being written for The Constitution by Frank Coffee, noted dog expert. Other articles will appear in this paper from time to time.

There seems to be a bit of argument among bird dog fanciers regarding the statement in The Constitution recently to the effect that there is no great difference between a good hunting dog, a field trial dog and a bench show winner.

There are exceptions, of course, just as there are exceptions to every rule. Let's take the standard by which bench show pointers are judged and see what there is in it that can be dispensed with in a dog for any purpose. The skull must be wide, with forehead rising well at the brow. That kind of a skull indicates brains, and that is why the bench show standard demands it. The muzzle must be long—between four and five inches—and if your hunting dog is of the snappy muzzled type his "nose for birds" is not apt to be so good. The teeth must meet evenly—in order to permit the dog to properly tear his food into bits and also to enable him to bring back your birds without breaking their skin.

Neck Should Be Arched. The neck should be arched toward the head; it should be long and come out gracefully from between the shoulder blades. The neck, shoulders and chest are dependent upon each other for their perfection. A wide, looped chest cannot have the shoulder blades lying flat. They must do this and slope backward if the dog is to have free action. There must be width enough to give full lung action, but this should come from depth of chest, not from width.

A bench show pointer must have a slightly arched loin full of muscle, which should run well over the back ribs; the hips should be wide and the quarters should drop very slightly from them. The stifles should be well bent and carried widely apart, allowing the hind legs to be brought well forward when the dog is running. The bench show standard demands this because without it the dog will tire easily. The legs, elbows and hocks must be strong enough to support the strain given them. For this reason the bench show standard demands bone and substance. The elbows must be well let down, giving a long upper arm. They should not be turned in or out. If they are your dog's gait is not true and he will wear up after a little hard running. Bench show judges pay a lot of attention to feet. Preference is given to the round or cat foot for the reason that kind of a foot does not become sore when the animal is hard. The pads must be

Ex-Champion Is Fired Upon During Chase

Detectives Guard Popular Promoter After Attack Monday Morning.

BY MORRIS DE HAVEN TRACY. United News Staff Correspondent.

Miami, Beach, February 25.—(United News).—Jack Dempsey believes he escaped possible kidnapping and perhaps serious injury today only because an assailant who fired one shot at him was a poor marksman and had a faint heart.

Dempsey and Floyd Fitzsimmons, fight promoter, reported they found an intruder in their room at the home of Harry Moir, owner of the Morrison hotel, Chicago, early today. When Dempsey started in pursuit of him the visitor fired a single shot at the former heavyweight champion, Dempsey and Fitzsimmons said, then apparently lurked around the Moir mansion for a half hour in hopes that Dempsey would come out.

Virtual Prisoners.

For that half hour Dempsey and Fitzsimmons described themselves virtual prisoners in their room which had no telephone connection. They were unarmed. Only when they saw an automobile parked across the street, flash a light as if to signal and then a few minutes later, two men drive away, did they feel safe to leave the room.

No one else in the house seemed to have heard the shot.

Dempsey did not report the affair to Miami Beach police until nearly noon. "I wanted to keep it quiet," he said.

"There wasn't anything to be done about it."

"I had gone to bed about midnight. There were twin beds in the room. Fitzsimmons had the one near the wall and I had the other."

Some One in Room.

"About 5 o'clock I woke up and there was a fellow in the room. He was a little chap. I don't think he was more than five feet two. He ordered me to turn on the lights. I did and he shouted 'Come on Joe, and I jumped out of bed. He started out the door and I slammed it shut and then ran around through the bathroom and into the hall. When I was at the head of the stairs I could see the fellow going out through a window. Just then he shot. The bullet missed and hit the wall about four feet from the floor."

"I didn't have any gun or anything else and when he began to shoot I beat it back to the room and stayed there. About half an hour later, Fitzsimmons and I saw some lights flash on a car parked across the street and then two men drove away."

"I don't know what it was about but the fellow didn't seem to want money. He didn't demand anything and he didn't take any of the money that was on the dresser. All I can think is that he might have thought he could 'take me for a ride.'"

Fitzsimmons' account of the affair was much more picturesque and detailed.

"All I can figure is that he was going to kidnap Jack and either beat him or maybe kill him or get ransom out of him somehow," the promoter said.

"I heard the fellow come in the room and I watched him sneak across the floor over to Jack's bed and lean over, squint up his eyes and look at Jack like he was trying to make sure who he was."

"I watched him for four or five minutes. I could see a gun in his hands. I yelled, 'What in hell do you want,' the fellow said, 'turn on the lights.' I had thought Jack was asleep, but he wasn't and he snapped the light on. The fellow yelled 'Come on Joe,' to some one else who must have been out in the hall. He backed towards the door, which opened inward, as he yelled. Jack jumped out of bed, slammed the door shut, showing the chap out of the room, then Jack ran through the bathroom and out through another door on the balcony which our room opened off and which looked down into the big reception room of Moir's house. When Jack struck his head out the fellow fired. He missed him. He didn't even come close. Jack ran back into the room and so didn't dare go out again for about a half hour because he didn't know where the fellow was and we had no way to defend ourselves. Then we saw two men drive away in a car. Jack picked up a club or something, then and said 'Well let's go out and see what happens.' So we went out, but nothing happened."

Fitzsimmons, who is a character well known in sporting circles, reached into his waist pocket and pulled out a flattened bit of lead.

"Here it is," he said, "that's the bullet that might have killed Jack Dempsey. That's it right there. The police said it came out of a .38-caliber revolver."

He handled it proudly, much like a jeweler might handle an expensive gem. Passed it to the reporter for examination, and then returned it to his pocket.

Dempsey apparently did not become much excited over the affair until newspapermen heard about it. At 8 a. m. he had talked with Walter Camp, son of the famous football coach, and had not mentioned the incident to him.

The Moir home, where the shooting took place, is a palatial residence, surrounded by gardens, lawns and palms and looking out on the beach.

Dempsey's room was on the second floor and its windows opened out to the ocean. The doors led to a balcony which runs around the four sides of the big reception hall, which occupies much of the lower floor of the house. There were many others asleep in the house last night. But as far as could be ascertained none of them heard the shots. The house, like many of the homes and Fitzsimmons were sleeping with the door of their room open. Although Dempsey is supposed usually to have a bodyguard with him, he and Fitzsimmons were alone last night.

Two Miami detectives were assigned to guard Dempsey.

Boxing War Threats At Chicago Subside

Chicago, February 25.—(AP)—Threats of a "boxing war" in Chicago had subsided today.

Decision of the Chicago stadium officials to postpone the proposed light heavyweight championship match between Tommy Loughran and Mickey Walker from March 12 to March 28 resulted in the armistice between promoters Paddy Harriss and Jim Mullen, who has Tom Heeney New Zealand heavyweight, and Otto Von Poret, of Chicago, matched for a bout, March 12.

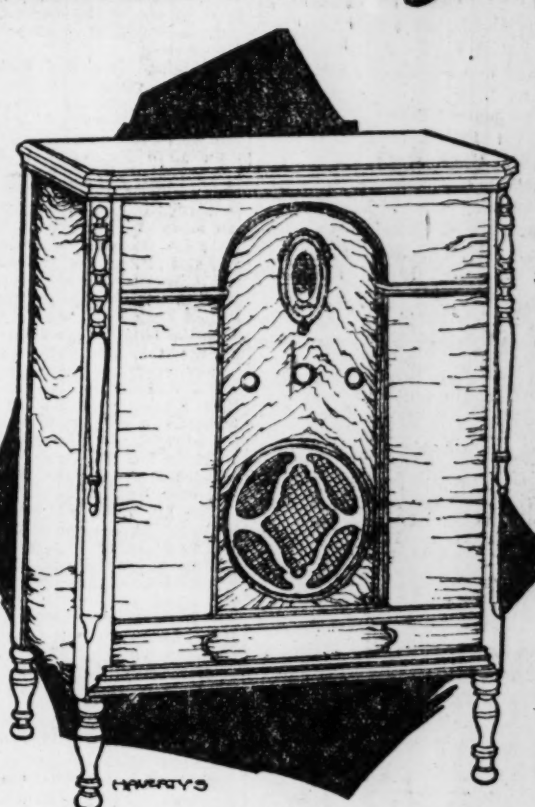

Henry Johnson Weds.

Bradenton, Fla., February 25.—(AP) Climaxing a grammar school days romance, Henry Johnson, young pitcher for the New York Yankees, and Miss Virginia Lowe, of Bradenton, were married here Saturday night at the Methodist parsonage. Mr. and Mrs. Jasper Harris, grandparents of the bride, announced the marriage today. Mr. and Mrs. Johnson left yesterday for St. Petersburg where the Yankees have begun training for the 1929 season.

Shea, Kosky Signed.

Chicago, February 25.—(AP)—Fay Kosky, Los Angeles featherweight, has been matched to meet Eddie Shea, of Chicago, at the coliseum Tuesday night. Kosky will substitute for Bud Taylor, of Terre Haute, Ind., whose hand was injured in training.

At Haverty's

New Model "71"

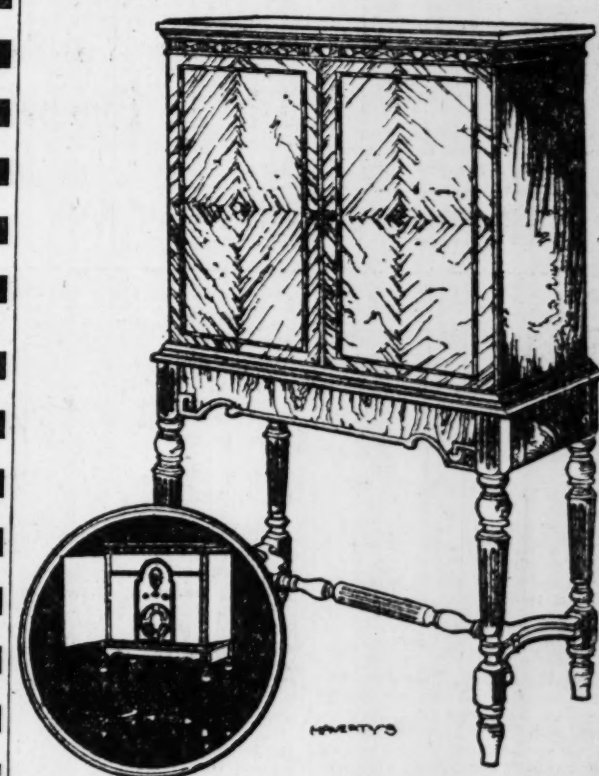

Majestic ELECTRIC RADIO

\$167

The New Model 71, in beautiful walnut cabinet with front of burl walnut, complete with Majestic electric power unit and Majestic dynamic power speaker, is a value that is absolutely outstanding, both as regard furniture appeal and radio quality. To hear the New Majestic is to buy it!

Installed Complete—Ready To Listen to the Stribling-Sharkey Fight.

Offered on Haverty's Extraordinary Easy Terms

New Model "72"

\$197

The moment you see this marvelous New Majestic—its beautiful walnut cabinet, with its attractive imported inlay on door panels of beautiful matched walnut veneer, and across front of cabinet, the interior casing of the set itself, in burl walnut; you will marvel at its beauty. Then turn the illuminated dial to your favorite station and you will marvel at its power, its clearness, brought about through the new super-dynamic speaker.

Georgia Tech Swimmers Rout Blue Devils in Duke Pool

Record Is Set As Losers Win But One Race

Holleman Takes First in 220 and 100-Yard Events; Maier Scores.

Durham, N. C., February 25.—(AP)—Georgia Tech swimmers defeated the Duke university team in the Duke pool here this afternoon by a score of 52 to 10. Captain Earnhardt, of the Blue Devils, set a new pool record of 2:47.5 in the 200-yard breast stroke and won Duke's only first place in the meet.

The summary follows:
200-Yard Breast Stroke: Captain Earnhardt, Duke, first; Brown and Harris, both of Georgia Tech, second and third, respectively. Time, 2:47.5.
Diving: Maier, Georgia Tech, first, 97 points; Harris, Tech, second, 93 points; Stearns, Duke, third, 90 points.

Relay: Won by Tech. Team composed of McKinstry, Holleman, Cooper, Shackleford. Time, 1:50.
150-Yard Back Stroke: Simpkins, Tech, first; Hagerty, Tech, second; Baughman, Duke, third. Time, 2:07.
50-Yard Dash: McKinstry, Tech, first; Cooper, Tech, second; Bralley, Duke, third. Time, 2:38.
100-Yard Dash: Holleman, Tech, first; McKinstry, Tech, second; Hanna, Duke, third. Time, 2:55 second.
Referee: Cross. Judges: Denny and Wood. Starter: Sanders.

HORNETS HOPE FOR GOOD YEAR IN SALLY RACE

Charlotte, N. C., February 25.—(AP)—After wallowing in the slough of the cellar most of last year, the Hornets are hopeful of getting somewhere in 1935 with many new faces, a new manager and a new deal all around to look forward upon.

Fans here view the signing of Dick Hoblitzell, former major league star, who in 1923 piloted the Hornets to their first pennant, to lead the club as an indication that the owners mean business this season.

Speed and Snap.
A different sort of ball club is promised by Hoblitzell. He will stress speed and snap. Last year the whole Hornet club stole less than 25 bases. This year the boys will be told to run and Hoblitzell expects to have at least two men who will steal that many each.

The 1928 pitching staff, composed of Brown, Peltz, Williamson, Trippe and Wical, will be returned intact and reinforced by several promising recruits, chief among them, a pitcher, a clever southpaw who burned up the Eastern Shore league.

Hoblitzell will play first base; Skin Griffin, recently secured from Spartanburg, will be at second, and the able Hood will guard third. Daughtry, a Hornet farm hand, who went great in the Eastern Carolina league last year, has the inside track for shortstop but he will get plenty of competition from Bryan, of the 1928 club, and several other youngsters.

Jones in Outfield.
The outfield will be built around the temperamental but heavy hitting Johnny Jones, with Roscoe and Hamel, two other farm graduates of the Eastern Carolina league, expected to clinch the other two gaps. Jones, a former Tom Young, former University of North Carolina star, also is out to land a patrol job.
The catching post is still doubtful. Several youngsters are in line but the club owners may decide to go out and get a seasoned backstop.

TRAINING CAMP NEWS

St. Petersburg, Fla., February 25.—(United News.)—The New York Yankees, 21 strong, today started the campaign for their fourth straight pennant.
Ruth, Lazzari and Gehrig all reported to Manager Miller Huggins when the first training session was called. Ruth will not report until tomorrow as he is not due to report until next week.

Lyn Larry, the \$100,000 Pacific coast rookie, went in at shortstop and made a very creditable debut, both in the field and at bat. Mark Koenig, regular shortstop last year, moved to third where he will try to win a regular berth this season.

PIRATES WILL GET ONE DRILL DAILY.
Paso Robles, Calif., February 25.—(AP)—The squad of Pittsburgh Pirates now on the job nearby pitchers and catchers, will romp through but one workout a day until the infielders and outfielders arrive at camp. Manager "Donnie" Bush will have the battery men out in the afternoon. After the entire bunch assembles, two workouts daily will be the order.

ROOKIES TRY OUT AT ATHLETIC CAMP.
Fort Myers, Fla., February 25.—(AP)—It was "rookie" day at the Philadelphia Athletics training camp today. Connie Mack's outfit, reinforced by the arrival of four veterans, skipped through a morning drill to retire later to the grandstand to watch the youngsters try out.

Pitchers Jack Quinn and Howard Ehmke reported today, refreshed from a course of baths at Hot Springs, Va. Ossie Orvell and George Haas also arrived on the scene today.
Tris Speaker, who was released by the Athletics last fall so he could manage the Newark International league club, was a visitor today. He is en route to Miami to the fight, and will next Friday assemble his men at St. Augustine for its first drill. Micky Cochrane, who signed his 1935 contract late last week, was expected here tomorrow.

FIVE CARDINALS OFF FOR FLORIDA.
St. Louis, February 25.—(AP)—Five players, including Manager Billie Southworth, were in the St. Louis Cardinals' advance squad which left late today to open spring training in Avon Park, Fla. Wednesday. Other batters were to report direct to Florida.
The party included the veteran hurlers Grover Alexander and Clarence Mitchell, and two rookies, Carl-

PORTLIGHT BY GRANTLAND RICE

William L. Stribling, as a fighter, will be rated one way or another after tomorrow night. But, however, one may rate him in his professional capacity as a boxer, he has at least been an unusual type for two reasons. He has cashed in over \$500,000, which is supposed to be one of the main reasons for hitting chins and being hit in return.

Stribling's freak case blazed up some years ago when as a 19-year-old kid he at least had an even break with the light heavyweight champion of the world, the same being none other than Mike McTigue. He came north and repeated the performance. At that time he looked to be a whirlwind, but he turned out to be a whirlwind with too many zephyr-like days—days of complete encalement. Johnny Risko whipped Paul Berlenbach and then Stribling gave Risko one of the faintest years of the year. But after this Berlenbach chased Stribling all over the ring. That was the big flop of the Georgian's career. He lost the main turning point in his career north and south. It was after this that Stribling retired to a Georgia farm for a long rest, winding up in the heavyweight division. He emerged weighing 182 pounds and he came back a much better looking fighter than he had ever been before.

The kid who whipped the light heavyweight champion and then flopped now stands with a chance to be the next heavyweight champion. He has Sharkey and Schmeling in the way—and they are plenty. But he has his chance now to wipe out the Berlenbach massacre and other sour spots by whipping Sharkey decisively, something he has yet to do—something he may not be able to do. But the spot is there.

Stribling and Sharkey have both reached the main turning point in their professional careers—up or down. Sharkey had his big chance against Dempsey—later on again—Heeney and Risko—and missed fire.
Stribling had his big shot against Berlenbach—and flopped. Yet there is a lot of skill imbedded in each system if it will only come out. If it doesn't in this Miami Beach scrumming, one or both will take a long, deep dive into oblivion, so far as any heavyweight toga is concerned.

Long Island Golfer Medalist in Miami

Miami, Fla., February 25.—(AP)—George O'Connor, Southampton, L. I., encountered little difficulty from a field of 95 golfers as he capped medal honors in his qualifying round today for the annual Dixie Amateur championship. O'Connor, medalist and semi-finalist in the Miami Amateur tournament here last week, polled a 71 over the Miami Country club course. Nelson Ruddy, 21-year-old Cincinnati star and former champion of that city, came second on the list with 73. H. H. Novak, Akron, Ohio, runner-up in last week's Miami amateur, chalked a 76 for third place among the qualifiers.

In match play tomorrow O'Connor will meet R. H. Novak, Akron, Ohio. Ruddy will play Bill Wallace, of Chicago, and Brice will take on C. E. Prodie, of Chicago.

Other medalists in the first of the six flights will be:
Ed Romfh, Jr., Miami, and Ben Stevenson, Chicago, defending champion, who counted an 82 today; Lee Chase, Buffalo, winner of the Miami amateur tourney, and Lloyd Newman, Buffalo; C. N. Mack, Ann Arbor, Mich., and Jimmy West, Atlanta; Paul Hobbs, Charlotte, N. C., and H. H. Roberts, Detroit; G. C. Kirkland, Miami, and Leonard Hicks, Chicago.

son and Cochran. Owner Sam Broad went along, as did Secretary Lloyd, local sports writers and the two Cardinal coaches, "Greasy" Neale and "Gibby" Street.
The St. Louis Browns' early squad left last night for West Palm Beach, Fla., and are due to open training tomorrow morning.

PITCHERS REPORT TO BRUCE CAMP.
St. Petersburg, Fla., February 25.—(United News.)—Gorman Leverette and Jack Smith, pitchers, reported to the Boston Braves today at the spring training camp. Bruce Cunningham, said to be a hold out, is scheduled for appearance here tomorrow. The Braves will hold their first practice game tomorrow when two teams, composed largely of pitchers and catchers, line up for a four-inning game.

BROOKLYN DODGERS OPEN TRAINING.
Clearwater, Fla., February 25.—(United News.)—The Brooklyn Dodgers started their 1935 training season here today with a two-hour workout under the direction of Max Carey and Otto Miller. Light batting practice and throwing workouts for the mound men completed the day's program. Pitchers Ehrhardt, Elliott, Clark and Moss took turns on the mound. Vance and McWeeny, hold outs, were absent.

CARL MAYN REACHES SAN ANTONIO CAMP.
San Antonio, Texas, February 25.—(United News.)—The last of the Giant pitchers, Carl Mayn, arrived at the spring training camp here today and took part in the workout of the New York club. Joe Genewich reported that his injured knee had ceased to bother him.

LIGHT PRACTICE FOR TIGER SQUAD.
Phoenix, Ariz., February 25.—(AP)—Light practice is just a phrase to the Detroit Tigers of the American league in spring training here.

Stanley "Bucky" Harris, the club's new manager, had announced a light practice session for his charges during their first day on the Riverside park diamond—and first day ever to see a major league club open spring training quarters in Arizona.
Observers who witnessed the Tigers workout for two hours and a quarter wondered what Harris meant by his use of the word "light."
Every member of the advance guard was in uniform.

Phantom Finn Will Be Tried Wednesday

A. A. U. Committee Will Ban Racer Six Months Unless He Explains.

BY GEORGE KIRKSEY, United News Staff Correspondent.
New York, February 25.—(AP)—The charge against Paavo Nurmi is: Dodging dangerous opponents.
The penalty, if convicted, will be: Six months' suspension from competition in this country.

The evidence against Nurmi is: He suddenly withdrew from the national indoor championships at Madison Square Garden Saturday night. He left a note on his table at home saying: "Unable to run." At that time knowledge of officials of the meet received that Nurmi would not compete was then Hugo Quist, Nurmi's friend, reached the Garden and breathlessly told of the note and disappearance of Nurmi. Quist told the newspapermen that Nurmi had a bad cold, but there is nothing to substantiate this information.

Committee to Meet.
The registration committee of the Amateur Athletic union will meet at 5:30 Wednesday evening to consider, among other things, Nurmi's case. Scheduled to run at Elizabeth, N. J., tonight in the American Legion games here Wednesday night, Nurmi is definitely banned from all appearances until he appears before the registration committee for a hearing.
If Nurmi can give a "satisfactory explanation" why he failed to run in the two-mile steeplechase in which he was entered, he will be given a clean bill of health. Daniel J. Ferris, secretary of the A. A. U., told the United States today that the "satisfactory explanation" which would be accepted was a doctor's certificate that Nurmi was sick in bed.

Face Suspension.
On the face of it, it looks like Nurmi, the greatest runner of all time, will be sentenced to six months of inactivity on American tracks.
Information is now coming in that Nurmi has not been in good shape at any time this season and that he realized this when Ray Conner, Illinois A. C. star, beat him at one mile in the Millrose A. A. games.
The A. A. U., in view of this information, says: Why didn't Nurmi stay out of competition if he wasn't in shape to run?
Nurmi, the known facts indicate, did not decide to withdraw from Saturday night's race until he learned that his countryman, Eino Purje, had transferred his entry from the two-mile flat race to the two-mile steeplechase. Nurmi knew that Purje had been training faithfully for six weeks and that he would be a difficult opponent to defeat.

Wide Believed Better.
Edvin Wide, who has sought a meeting with Nurmi all season, was entered in the two-mile flat race and Nurmi never had any intentions of getting on the track at the same time with the Swedish schoolmaster, who track followers believe, can beat the once peerless Finn on any given night at any distance up to two miles.
Nurmi is not the only athlete who will be asked to explain his withdrawal at Wednesday's meeting. Ray Barbuto, Olympic 400-meter champion, will be requested to show why he waited until the last minute to notify New York A. C. officials he was not in shape to run in that club's indoor meet a week ago tonight. Other stars who have failed to appear for races in which they were entered include: Tierney, Bernie McCafferty, Frank Bussey and Jimmy Quinn.

Tulane Enters Ring Team in Tourney

University, Va., February 25.—(AP)—Tulane's boxing team is the latest entry into the southern conference boxing tournament which is to be held at the University of Virginia Friday and Saturday of this week.

The Greco-Roman team are being coached by Harry Hosen, of Laurel, Miss., who wore the Orange and Blue of Virginia when he won the lightweight championship in the first conference tourney. He has organized a team at Tulane where he is studying medicine after having graduated from the college at Virginia.

Entered in the tournament with Tulane are Clemson, Duke, Florida, Georgia, North Carolina, South Carolina, Virginia Polytechnic institute and Wake Forest. With Virginia Military institute probably to be added to the list.

Clemson, Duke, South Carolina and Tulane have had teams in the conference meet before.
The present plan calls for the completion of the first round in the tourney Friday afternoon and night. The semi-final bouts will come Saturday afternoon and the final matches, with the consolation scraps for third place on Saturday night. All contestants must weigh in Friday morning.

Women Open Net Meet in Florida

Palm Beach, Fla., February 25.—(AP)—Intermittent rainfall and the failure of the Cuban players to arrive from Miami, put a slight damper on the opening round of the annual Florida women's tennis championships, which started here today.

Three engagements, however, were decided by the play, four others going by default and still others being halted by showers.
Four players were seeded in the draw. They were Miss Eleanor Goss, New York; Mrs. B. F. Stenz, New York; Miss Eleanor Cottman, Baltimore; and Miss Virginia Hillary, of Philadelphia.

The matches decided in the first round follow:
Miss Genevieve Fox, Southampton, L. I., defeated Miss Lucy Jane Hedberg, Gloucester, N. J., 6-1, 6-4. Miss Cathleen Fox, Southampton, defeated Mrs. Ada M. Fuller, Memphis, 6-3, 6-2. Miss Irene Spencer, Oxford, England, turned back Miss Annalee Gaudin, Havana, by default. Miss Faggia Philippa, New York, beat Miss Ruth Hedberg, Gloucester, 6-2, 6-3. Miss Clair Stenz, New York, advanced over Miss Ondine Dulonec, Havana, by default. Mrs. Eleanor Smith, Bryn Mawr, Pa., defeated Miss Elena Daly, New York, through default. Miss Goss advanced over Mrs. Leslie Hawn, Philadelphia, by default. The remaining first round and second round matches will be played tomorrow.

Nurmi's Letters Explain Act

New York, February 25.—(AP)—Paavo Nurmi, the fading phantom of Finland, explained today that illness prevented his appearance in the National A. A. U. championships in Madison Square Garden last Saturday night.
Nurmi's explanation was forthcoming in two letters received from the Finn at A. A. U. headquarters today. One of them, written before the meet, said that illness would prevent him starting in the steeplechase. The other, written after the games, reiterated Nurmi's claim that he was suffering from a severe cold and protested against the summary action of A. A. U. officials in meeting on the floor of the Garden to put him on the temporarily suspended list.

Columbia Football Aid For Six Years, Resigns

New York, February 25.—(AP)—John C. Depler, varsity football line coach at Columbia university for the last three years, resigned his post today with the explanation that he has decided to devote all his time to the insurance business.
Depler, who was captain and center at the University of Illinois some ten years ago, has been at Columbia since 1922, when he joined the staff as coach of the junior varsity.

Georgia Grid Call Answered By 60 Players

Eight Lettermen Back; Many of Great Freshmen Stars Out for Work.

BY BOB SHERROD, Athens, Ga., February 25.—(Special.)—Between 55 and 60 players reported for the first day of spring football practice at the University of Georgia today. Most of the candidates were members of the phenomenal freshman team a few months ago.

Of the eight letter men who will return to the Bulldog camp next fall, five were out on the first day. Bryant, Stelling, Maffett, Frisbie and Red Smith reporting. Captain-elect Joe Boland is expected to be out Tuesday; Henry Palmer is not to report for a couple of weeks due to basketball activities, and Benny Rothstein, sole nucleus of the backfield, is out for the beginning of baseball practice.
A flock of freshmen were present as well as many reserves from last year's bench. In fact it was probably the biggest and most hopeful bunch of rats to ever report for spring training at the Red and Thomas institutions. Coaches Shiver and Black were on

Waners Return Unsigned Contracts To Pirate Owner; Demand More Cash

Oklahoma City, Okla., February 25.—(AP)—The Pittsburgh National League club must send Paul and Lloyd Waner contracts calling for substantial salary increases or the 1929 baseball curtain will go up on the Pirate stage without the now famous Waner brother act. Two reasons were cited for the salary demand, "Paul and Lloyd."
Paul, the elder, voted the most valuable player in the league in 1927, said he had returned three unsigned contracts to Barney Dreyfuss, president of the Pittsburgh club and that the next move in the holdout game must be made by the Pirate skipper.
Paul would not divulge how much either he or his brother received last year nor would he give the exact amount they were holding out for. Current rumors have had it that they are asking for \$30,000 together.

hand to assist Harry Mehre in running the bunch through as hard a day's workout as they have felt in some time, due to a period of inactivity.

These freshmen will carry a large responsibility on their shoulders during the 1929 season, since so many varsity men are lost and those that are returning are centered on the same positions. There are three tackles, three ends, one center, no guards, no quarters or halves, one fullback to count on next fall aside from the frosh and reserves. A brilliant record for the rats last year gives reason for Georgia supporters to place a certain amount of faith in them, though they are, like all freshmen, as yet inexperienced.

Coach Mehre says that he is going to put his men through the paces good and fast until scrimmage starts some

Mercer Bears Tackle Union In Cage Meet

Macon Team Will Play B. Southern Wednesday to Comply With Rules.

Jackson, Miss., February 25.—(AP)—The sixth annual basketball tournament of the Southern Intercollegiate Athletic association will open at 3 o'clock next Friday afternoon in the city auditorium at Jackson, it was learned here tonight by Coach Stanley L. Robinson, of Mississippi college, chairman of the committee on the tourney.

Birmingham-Southern has one game to play in order to comply with eligibility rules, but will meet Mercer at Birmingham Wednesday night and come to the tournament regardless of the outcome of the game.
The pairings follow:
Friday afternoon:
3 P. M.—University of Louisville vs. Louisiana Normal.
4 P. M.—The Citadel vs. winner of Louisiana Tech, Southwestern and Centenary scramble.
6 P. M.—Mercer vs. Union university.
7 P. M.—Georgetown vs. Louisiana college.
8 P. M.—Birmingham-Southern vs. Mississippi.
9 P. M.—Mississippi college vs. Kentucky Wesleyan.
Chattanooga and Erskine have byes for the first round.

Walnut 6121 is the number!

Here's about all you need to say:

"I'd like to have you deliver one of those new Atwater Kent Electro-Dynamic Radios to my home tonight—for a free demonstration."

And that's just what we'll do--- without obligation of any kind! But... you must make your request right away

STRIBLING... Sharkey... Miami Beach... Wednesday night... a mixing of the old punches that ought to go down in fistic history as a real "battle of the century!"

You haven't a radio? Well, man, pick up the nearest telephone and let your predicament be known. Call Walnut 6121—ask for our main Radio Section or for our community store nearest your home. We'll fix you up!

Any ATWATER KENT Radio only **10%** down, balance in 10 months

Whether you buy an Atwater Kent Radio or not... that isn't the point. The thing is that you must have one for this Stribling-Sharkey fight.

Of course, we have them for sale. And we're rather certain that when you see how wonderfully well the new Electro-Dynamic operates you won't want to part with it.

That's right. Walnut 6121 is the number!

FORTY MILLION DOLLARS

THE SIXTH SENSE

A Craig Kennedy Mystery Story.

BY ARTHUR B. REEVE.

BY ARTHUR B. REEVE.

Both Kennedy and I looked at it closely, but neither of us, it seemed, could make anything of it. I was holding up the blotter, twisting it around at every angle and in every light, hoping to get some idea of the words it had blotted, when Jim Deering entered the room after some new mission. It was all illegible. Deering laughed.

"Did you get fooled with that blotter, too? Everyone of us has been. We must all be as good as each other. I thought I had the whole case when I first picked that up off the desk. But I couldn't make head or tail of a single thing on it. Cunningham got so sore when he couldn't decipher a thing on it that he threw the blamed blotter into the waste basket."

Kennedy quietly passed the thing back to me and I laid it on the table. As he said nothing about it, I gathered that he either didn't attach any importance to it or, at least, felt the better course was to ignore them. Well, I reasoned, if it meant nothing to him, there was no reason for me to be able to make out one word, either in the black or the preponderating red.

Kennedy was still sitting by the fire, calmly pulling at his favorite pipe. I knew he had watched me use both the mirror and the magnifying glass I had picked up on the table, without result. He seemed to be showing no further interest in the blotter or me. His mind was busy, probably, by this time on other phases of the mystery.

"Did anybody see him leave the place?" asked Kennedy at length.

"They haven't found anybody yet who saw him leave. But he might have left after dark. People are indoors mostly at that time of night in the country. Or he might have got up very early to go for ducks."

"Or," Cunningham rejoined, embarking on another new theory for him, "he might not have gone out at all."

"Let's get down to brass tacks," barked Deering. "Here's something I found. I was going to bring it out when I saw Jameson so blooming interested in that bloody blotter. I didn't want to interrupt. Deering had disclosed in his hand a small piece of white pasteboard. "It looks like a price tag and seems to have come from Riddle's hardware shop in White Plains."

"Have you been there or called up?" asked Craig.

"Been there. Looked new, as if it might have been a recent purchase. I picked it up by his bedroom door, inside. Seemed to me as if it might have been a last-minute purchase for his wife whatever it was ripped off hurriedly and dropped on the floor carelessly. I found that Rudyard had called at Riddle's three days ago and bought a file—No. 8A."

"A file?" I repeated. "Why in the devil did he need to take a file away with him?"

"What about his automobile? He might have broken a file in his tool kit and replaced it with a new one," Deering joked with me.

"Well, if you know so much, Deering, how long is an 8A file? I grant he might have been starting out on a job and would want a full complement of tools."

"About six inches,"

"Well, how thick is an 8A file?"

Aunt Het

"I may be a hypocrite in some ways, but I ain't never put icin' on a store-bought cake or made up a bed without pullin' the sheets an' quilts loose at the foot."

A Farmer's Lament.

SHOT BY MERCHANT, WOMAN MAY DIE

Each One Accuses Other of Being First to Draw Gun.

Ozark, Ala., February 25.—(P)—County officers today were confronted with conflicting stories of the shooting of Mrs. Love Nevill, a young widow, who was probably fatally wounded by Jesse Pouncey, a merchant, in his store at County Line last Saturday night.

Pouncey, who gave the first version of the shooting last yesterday when he called Sheriff Kennedy, of Dale county, to his home and submitted to arrest, said he drew a pistol and shot the woman after she had pointed a pistol at him. The quarrel resulted, he said, when Mrs. Nevill, accompanied by several children, entered his store and accused him of neglecting her.

Mrs. Nevill, who was taken to a hospital at Enterprise, Ala., with two bullet wounds in her right side, told Sheriff Kennedy Pouncey drew a pistol and when she reached for her gun, he opened fire. The woman told the officer Pouncey is the father of her children and that she has lived for several years on a farm belonging to the merchant.

Pouncey, 45 years old and married, was formally charged with the shooting and brought to the Dale county jail here. The widow is not expected to live.

LOANS TO FARMERS OF FLOOD REGION BILL IS SIGNED

Washington, February 25.—(P)—President Coolidge today signed a joint resolution authorizing an appropriation of \$5,000,000 for loans to farmers in the southeastern states who have suffered recently from storms and floods.

The measure designates agriculturalists of the states of Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama, as the beneficiaries under the proposed fund.

Loans to cotton planters are limited to \$5 per acre and to planters of other crops are limited to \$3 per acre. No one person will be permitted to receive more than \$2,000.

Rev. Dwight H. Hillis, Noted Brooklyn Divine Dies, Aged 71 Years

New York, February 25.—(P)—The Rev. Dr. Dwight Hillis, pastor emeritus of the Brooklyn Park, Brooklyn, died today at the home of his daughter, Mrs. R. H. Kellogg, in Bronxville. He was 71 years old.

TARZAN OF THE APES No. 44

Like two charging bulls they came together, and like two wolves they sought each other's throat. Jane, her lithe young figure flattened against a tree trunk, hands pressed tight against her bosom, and eyes wide with mingled horror, fascination, fear and admiration, watched ape and ape-man battle for possession of her.

The great muscles of Tarzan's back and shoulders knotted beneath the tension of his efforts. His huge biceps and forearm held at bay those mighty tusks. The long knife drank deep a dozen times of Terko's life blood. Then the great carcass rolled lifeless upon the ground.

The veil of centuries of civilization and culture was swept from Jane! It was a primal man who sprang forward with outstretched arms toward the primal man who had fought for her and won her. . . . And Tarzan took his woman in his arms and smothered her with upturned, panting lips with kisses.

Suddenly her face suffused with scarlet blushes. She thrust Tarzan of the Apes from her and buried her face in her hands. He came close again and took hold of her. She turned like a tigress, striking his great breast with her tiny hands. Tarzan could not understand it.

A moment before Tarzan had intended to hasten Jane back to her people. That moment was lost. He had felt a warm, lithe form pressed close to his. Again he sought her and again she repulsed him. Then Tarzan took his woman in his arms and carried her into the jungle.

LOS ANGELES SUIT ASKS I. C. C. ORDER FOR NEW STATION

Washington, February 25.—(P)—The city of Los Angeles today won its appeal to the District of Columbia court of appeals to compel the interstate commerce commission to order the Southern Pacific, the Atchafalaya, Topeka & Santa Fe and the Los Angeles & Salt Lake Railroad companies to erect and maintain a union station in that city at a point known as the Plaza. The cost of the proposed station has been estimated at \$10,000,000.

Litigation over the station dates back to 1921.

JUDGE ROBINSON, OF LAWRENCEVILLE, DIES SUDDENLY

Lawrenceville, Ga., February 25.—(Special.)—Judge G. G. Robinson, age 63, for 20 years ordinary of Gwinnett county, fell dead late Monday afternoon in an anteroom adjoining his office at the courthouse. He had

stepped out of his office and was discovered in an act of falling by a young boy, who called to Deputy Clerk of Court F. B. Maddox for assistance but by the time Mr. Maddox got to the stricken man he had expired from heart failure.

Judge Robinson was one of the most popular officials who had ever held a county office. He had completed his twentieth year as ordinary. He was elected again to a four-year term beginning January 1. He never met defeat at the polls. He took an active interest in church, civic, fraternal and political affairs and at the time of his death was a member of the First Baptist church, Yarnab Shrine temple, Lawrenceville lodge of Masons and was treasurer of that order for many years. He was also a member of the

Lawrenceville lodge of Odd Fellows and the Anne Winn Order of Eastern Star.

Judge Robinson was born and reared in Gwinnett county. Before his election as ordinary he lived in Windsor, at that time part of the eastern boundary of the county. He was the son of the late Mr. and Mrs. J. W. Robinson, of near Auburn.

He is survived by his widow and the following children: Mrs. B. P. Boyce, Decatur; Mrs. Fred H. Cox, Farmington; H. G. George and J. W. Robinson, of Lawrenceville.

Funeral arrangements will be announced later.

at 27 Cornelia street, will be conducted at 2 o'clock Monday afternoon at the residence of Mr. and Mrs. J. P. Webb, burial will be in the Friendship cemetery, near Glister.

JAMES DOBBS.—James Dobbs, 44 Monday afternoon at his home in Brookhaven. Surviving him are his widow; three daughters, Mrs. B. C. Dillbeck, Mrs. A. C. Hildebrand and Miss Beatrice Dobbs; a son, J. C. Dobbs, 24, a sister, Mrs. Fannie Medlock. Funeral arrangements will be announced later by H. M. Patterson & Son.

MRS. H. C. LATTA.—Funeral services for Mrs. H. C. Latta will be conducted at 2 o'clock Wednesday afternoon at Spring Hill chapel. Burial will be in the Woodlawn cemetery.

MRS. GEORGIA BARTON.—Funeral services for Mrs. Georgia Barton, who died Monday at a local hospital, will be conducted at 2 o'clock Wednesday afternoon at the residence of Mr. and Mrs. J. P. Webb, burial will be in the Friendship cemetery, near Glister.

BETTYE ELOISE HOOD.—Funeral services for Bettye Eloise Hood, who died Monday at the residence of Mr. and Mrs. J. P. Webb, will be conducted at 2 o'clock Wednesday afternoon at the residence of Mr. and Mrs. J. P. Webb, burial will be in the Friendship cemetery, near Glister.

G. W. MADAMS.—George W. Madams, 82, died Monday at his home, 1000 Central street, at 10 o'clock. He was a member of the First Baptist church. Funeral arrangements will be announced later by the Blanchard & Hart company.

MRS. MARY E. CRAIN.—Mrs. Mary E. Crain, 82, died Monday night at the home of her son, Robert G. Crain, of 701 Park street. Funeral arrangements will be announced later by the Blanchard & Hart company.

DAVID W. MARTIN.—Funeral services for David W. Martin will be conducted at 10:30 o'clock Wednesday morning at the Fulton Memorial Methodist church, 1000 Central street. Burial will be in the Greenwood cemetery.

MRS. L. B. HOLLAND.—Funeral services for Mrs. L. B. Holland, who died Monday at a local hospital, will be conducted at 2 o'clock Wednesday afternoon at the residence of Mr. and Mrs. J. P. Webb, burial will be in the Friendship cemetery, near Glister.

GEORGIA-FULTON COUNTRY.—The petition of KENNETH ROGERS and PAUL FARMER, both of DeKalb county, Georgia, respectfully

That they desire themselves, their associates, successors and assigns, to be incorporated for the term of twenty (20) years, with the privilege of renewal, as provided by law, under the name and style of

"ROGERS & FARMER STUDIO, INC."

The purpose of incorporation is pecuniary gain for the stockholders of the corporation, and the particular business of the corporation shall be the conduct of a photographic business, and the purchase, use, sale and otherwise dealing in all kinds of photographic material and supplies, and the production of motion pictures, and the production of portraits and pictures of all kinds, by all processes now or hereafter available.

The minimum capital stock of the corporation is to be divided into 1000 shares of non-par value common stock, to be paid for in cash or in property or other property or services, or transfer of a going business, at a fair valuation, but privilege of stockholders to determine so to do.

More than One Thousand (\$1,000.00) Dollars, in cash, or its equivalent at fair valuation, has been paid in.

Petitioners desire for the corporation the right to increase its capital stock to such amount as the corporation may deem proper, not exceeding one thousand (1,000) shares of non-par value common stock, and the transfer of stock to any amount not exceeding one thousand (1,000) shares.

The principal office and place of business of the corporation shall be in Atlanta, and the corporation shall have the right to do business in any and all states, territories, cities, towns and villages, and to acquire, own, lease, and use, and to dispose of, all real and personal property of all kinds, and to have, and to enjoy all the powers and privileges of corporations of like or similar nature.

Incident to the purpose of incorporation, petitioners desire the privilege and power to buy, mortgage, encumber, hold, use and sell or otherwise dispose of real and personal property of all kinds, and to have, and to enjoy all the powers and privileges of corporations of like or similar nature.

WHEREFORE, petitioners pray for an order incorporating them, under said name and style, with all of the rights, powers, privileges and immunities herein prayed for.

Filed in office, this, the 30th day of January, 1929.

State of Georgia, County of Fulton, Clerk of the Superior Court of Fulton County, Georgia, do hereby certify that the foregoing is a true and correct copy of the application for charter in the matter of Rogers & Farmer Studio, Inc., as the same appears of file in this office.

Witness my official signature and the seal of said court, this 30th day of January, 1929.

BANKRUPT SALE.—HOGANVILLE HARDWARE COMPANY, HOGANVILLE, GEORGIA, MARCH 4, 1929, AT TEN O'CLOCK A. M.

By virtue of an order of Hon. J. B. Mayer, Referee in Bankruptcy, the trustee will sell the stock of goods, account, notes, fixtures and one Ford truck of the estate of John W. Smith, doing business as Hoganville Hardware Company.

Also the equity of a bankrupt in a certain home and lot in City of Hoganville, fronting 125 feet on Highway No. 14, extending back an equal width 200 feet. This is subject to purchase money notes outstanding to the sum of \$1,500.00.

The sale will be for cash, to the highest bidder, subject to confirmation by the Referee.

The sale will be conducted at the store of Hoganville Hardware Company, on Main street, on March 4, 1929, beginning promptly at ten o'clock A. M.

Stock of merchandise \$4,071.77
Store fixtures \$72.29
Notes and accounts 608.83
Ford truck 400.00
Equity in real estate 1,200.00
EDWIN TRIPLETT, Receiver, Hoganville, Ga.
